To explain, theory is abstracted practice, and practice is applied theory. The only way you can get these two camps to talk to each other is to figure out what the theory says that provides value to those who practice. DifferenceBetween.com

explains that the differences between theory and practice are:

Understand the Difference Between Theory and Practice ...

There is no warfare between theory and practice. But theory without practice isn't much use. A friend of mine once said that there is no difference between theory and practice. There is one difference. Practice won't let you forget anything or leave anything out. In theory, problems are easily solved because you can leave something out.

In Theory There Is No Difference Between Theory and ...

A theory is a thought, an idea about the way the world works that allows you to predict what will happen if you do something. Practice is doing; what happens when you do the thing. The better the theory, the better the match between your thoughts and predictions and what occurs in practice. Theories are theoretical. Practice is practical.

Theory and Practice on JSTOR

Theory and Practice The idea that some things are fine in theory, but do not work in practice, was already an "old saying" when Kant wrote about it in 1793. Kant, who was annoyed that a man named Garve had criticized his ethical theory on this ground, responded by pointing out that there is always a gap between theory and practice.
