The Laws Of War A

The law of war is the component of international law that regulates the conditions for war and the conduct of warring parties. Laws of war define sovereignty and nationhood, states and territories, occupation, and other critical terms of international law. Among other issues, modern laws of war address the declarations of war, acceptance of surrender and the treatment of prisoners of war; military necessity, along with distinction and proportionality; and the prohibition of certain weapons that

Law of war - Wikipedia

Law of war, that part of international law dealing with the inception, conduct, and termination of warfare. Its aim is to limit the suffering caused to combatants and, more particularly, to those who may be described as the victims of war—that is, noncombatant civilians and those no longer able to take part in hostilities.

The Avalon Project - Laws of War : Laws and Customs of War ...

In conventional war, the laws of war act as a kind of exclusion zone for human rights. But in armed conflict, there is no time-honoured system of humanitarian rules in place – merely a few rudimentary ground rules. Under these circumstances, it is simply wrong to claim that the laws of war take precedence over the claims of human rights.
