Kenneth Frampton - Modern Architecture,a Critical History ...

This is a scholarly history of modern architecture which has gone through a number of editions and has been kept up to date with obvious enthusiasm from the author, who is an authority on the subject. Peter Frampton starts with three short chapters that give the historical background to the modern era. That is, the architectural thinking, urban planning, and the technological developments after 1750 that led to the twentieth century, when what we call modern began.
