A Novel 11/22/63

On November 22, 1963, three shots rang out in Dallas, President Kennedy died, and the world changed. What if you could change it back? Stephen King's heart-stoppingly dramatic new novel is

about a man who travels back in time to prevent the JFK assassination-a thousand page tour de force. Following his massively successful novel *Under the Dome*, King sweeps readers back in time to another moment-a real life moment-when everything went wrong: the JFK assassination. And he introduces readers to a character who has the power to change the course of history. Jake Epping is a thirty-five-year-old high school English teacher in Lisbon Falls, Maine, who makes extra money teaching adults in the GED program. He receives an essay from one of the students-a gruesome, harrowing first person story about the night 50 years ago when Harry Dunning's father came home and killed his mother, his sister, and his brother with a hammer. Harry escaped with a

smashed leg, as evidenced by his crooked walk. Not much later, Jake's friend Al, who runs the local diner, divulges a secret: his storeroom is a portal to 1958. He enlists Jake on an insane-and insanely possible-mission to try to prevent the Kennedy assassination. So begins Jake's new life as George Amberson and his new world of Elvis and JFK, of big American cars and sock hops, of a troubled loner named Lee Harvey Oswald and a beautiful high school librarian named Sadie Dunhill, who becomes the love of Jake's life—a life that transgresses all the normal rules of time. A tribute to a simpler era and a devastating exercise in escalating suspense, *11/22/63* is Stephen King at his epic best.

Oswald's Tale

An American Mystery *Random House*

In perhaps his most important literary feat, Norman Mailer fashions an unprecedented portrait of one of the great villains—and enigmas—in United States history. Here is Lee Harvey

Oswald—his family background, troubled marriage, controversial journey to Russia, and return to an “America [waiting] for him like an angry relative whose eyes glare in the heat.” Based on KGB and FBI transcripts, government reports, letters and diaries, and Mailer’s own international research, this is an epic account of a man whose cunning, duplicity, and self-invention were both at home in and at odds with the country he forever altered. Praise for Oswald’s Tale “America’s largest mystery has found its greatest interpreter.”—The Washington Post Book World “Mailer is fierce, courageous, and reckless and nearly everything he writes has sections of headlong brilliance. . . . From the American master conjurer of dark and swirling purpose, a moving

reflection.”—Robert Stone, The New York Review of Books “A narrative of tremendous energy and panache; the author at the top of his form.”—Christopher Hitchens, Financial Times “The performance of an author relishing the force and reach of his own acuity.”—Martin Amis, The Sunday Times (London) Praise for Norman Mailer “[Norman Mailer] loomed over American letters longer and larger than any other writer of his generation.”—The New York Times “A writer of the greatest and most reckless talent.”—The New Yorker “Mailer is indispensable, an American treasure.”—The Washington Post “A devastatingly alive and original creative mind.”—Life “Mailer is fierce, courageous, and reckless and nearly everything he writes has sections of

headlong brilliance.”—The New York Review of Books “The largest mind and imagination [in modern] American literature . . . Unlike just about every American writer since Henry James, Mailer has managed to grow and become richer in wisdom with each new book.”—Chicago Tribune “Mailer is a master of his craft. His language carries you through the story like a leaf on a stream.”—The Cincinnati Post

we could see into the future or correct the mistakes of the past. Magnificent, eerie, and utterly compelling, *The Bazaar of Bad Dreams* is one of Stephen King's finest gifts to readers everywhere—a master storyteller at his very best.

The Penguin Book of the Modern American Short Story *Penguin*

A selection of the best and most representative contemporary American short fiction from 1970 to 2020, including such authors as Ursula K. LeGuin, Toni Cade Bambara, Jhumpa Lahiri, Sandra Cisneros, and Ted Chiang, hand-selected by celebrated editor and anthologist John Freeman In the past fifty years, the American short story has changed dramatically. New voices, forms, and mixtures of styles have brought this unique genre a thrilling burst of energy. The Penguin Book of the Modern American Short Story celebrates this avalanche of talent. This rich anthology begins in 1970 and brings together a half century of powerful American short stories from all genres,

including—for the first time in a collection of this scale—science fiction, horror, and fantasy, placing writers such as Ursula K. Le Guin, Ken Liu, and Stephen King next to some beloved greats of the literary form: Raymond Carver, Grace Paley, Chimamanda Ngozi Adichie, and Denis Johnson. Culling widely, John Freeman, the former editor of *Granta* and now editor of his own literary annual, brings forward some astonishing work to be regarded in a new light. Often overlooked tales by Dorothy Allison, Percival Everett, and Charles Johnson will recast the shape and texture of today's enlarging atmosphere of literary dialogue. Stories by Lauren Groff and Ted Chiang raise the specter of engagement in ecocidal times. Short tales by Tobias Wolff,

George Saunders, and Lydia Davis rub shoulders with near novellas by Susan Sontag and Andrew Holleran. This book will be a treasure trove for readers, writers, and teachers alike.

Full Dark, No Stars *Simon and Schuster*

"I believe there is another man inside every man, a stranger . . ." writes Wilfred Leland James in the early pages of the riveting confession that makes up "1922," the first in this pitch-black quartet of mesmerizing tales from Stephen King. For James, that stranger is awakened when his wife, Arlette, proposes selling off the family homestead and moving to Omaha, setting in motion a gruesome train of murder and madness. In "Big Driver," a

cozy-mystery writer named Tess encounters the stranger along a back road in Massachusetts when she takes a shortcut home after a book-club engagement. Violated and left for dead, Tess plots a revenge that will bring her face-to-face with another stranger: the one inside herself. "Fair Extension," the shortest of these tales, is perhaps the nastiest and certainly the funniest. Making a deal with the devil not only saves Dave Streeter from a fatal cancer but provides rich recompense for a lifetime of resentment. When her husband of more than twenty years is away on one of his business trips, Darcy Anderson looks for batteries in the garage. Her toe knocks up against a box under a worktable and she discovers the stranger inside her husband. It's a

horrifying discovery, rendered with bristling intensity, and it definitively ends a good marriage. Like *Different Seasons* and *Four Past Midnight*, which generated such enduring films as *The Shawshank Redemption* and *Stand by Me*, *Full Dark, No Stars* proves Stephen King a master of the long story form.

The Institute

A Novel *Simon and Schuster*

From #1 New York Times bestselling author Stephen King whose "storytelling transcends genre" (*Newsday*) comes "another winner: creepy and touching and horrifyingly believable" (*The Boston Globe*) about a group of kids confronting evil. In the middle of the night, in a house on a quiet street in suburban

Minneapolis, intruders silently murder Luke Ellis's parents and load him into a black SUV. The operation takes less than two minutes. Luke will wake up at The Institute, in a room that looks just like his own, except there's no window. And outside his door are other doors, behind which are other kids with special talents—telekinesis and telepathy—who got to this place the same way Luke did: Kalisha, Nick, George, Iris, and ten-year-old Avery Dixon. They are all in Front Half. Others, Luke learns, graduated to Back Half, "like the roach motel," Kalisha says. "You check in, but you don't check out." In this most sinister of institutions, the director, Mrs. Sigsby, and her staff are ruthlessly dedicated to extracting from these children the force of their extranormal gifts. There are no scruples

here. If you go along, you get tokens for the vending machines. If you don't, punishment is brutal. As each new victim disappears to Back Half, Luke becomes more and more desperate to get out and get help. But no one has ever escaped from the Institute. As psychically terrifying as Firestarter, and with the spectacular kid power of *It*, The Institute is "first-rate entertainment that has something important to say. We all need to listen" (The Washington Post).

If Kennedy Lived

The First and Second Terms of President John F. Kennedy: An Alternate History *Penguin*

What if Kennedy were not killed that fateful day? What would the 1964

campaign have looked like? Would changes have been made to the ticket? How would Kennedy, in his second term, have approached Vietnam, civil rights, the Cold War? With Hoover as an enemy, would his indiscreet private life finally have become public? Would his health issues have become so severe as to literally cripple his presidency? And what small turns of fate in the days and years before Dallas might have kept him from ever reaching the White House in the first place? The answers Greenfield provides and the scenarios he develops are startlingly realistic, rich in detail, shocking in their projections, but always deeply, remarkably plausible. If Kennedy Lived is a tour de force of American history from one of the country's most brilliant and illuminating political

commentators.

The Magicians and The Magician King *Penguin*

Two novels from New York Times bestselling author Lev Grossman: *The Magicians* and its riveting sequel, *The Magician King*. *THE MAGICIANS*: Quentin Coldwater is brilliant but miserable. A high school math genius, he's secretly fascinated with a series of children's fantasy novels set in a magical land called Fillory, and real life is disappointing by comparison. When Quentin is unexpectedly admitted to an elite, secret college of magic, it looks like his wildest dreams may have come true. But his newfound powers lead him down a rabbit hole of hedonism and disillusionment, and ultimately to the

dark secret behind the story of Fillory. The land of his childhood fantasies turns out to be much darker and more dangerous than he ever could have imagined... *The Magicians* is one of the most daring and inventive works of literary fantasy in years. No one who has escaped into the worlds of Narnia and Harry Potter should miss this breathtaking return to the landscape of the imagination. **THE MAGICIAN KING:** Quentin Coldwater should be happy. He escaped a miserable Brooklyn childhood, matriculated at a secret college for magic, and graduated to discover that Fillory—a fictional utopia—was actually real. But even as a Fillorian king, Quentin finds little peace. His old restlessness returns, and he longs for the thrills a heroic quest can bring. Accompanied by

his oldest friend, Julia, Quentin sets off—only to somehow wind up back in the real-world and not in Fillory, as they’d hoped. As the pair struggle to find their way back to their lost kingdom, Quentin is forced to rely on Julia’s illicitly learned sorcery as they face a sinister threat in a world very far from the beloved fantasy novels of their youth.

Lady in the Lake

A Novel *HarperCollins*

SOON TO BE A SERIES FROM APPLE TV!
A New York Times Bestseller The revered New York Times bestselling author returns with a novel set in 1960s Baltimore that combines modern psychological insights with elements of classic noir, about a middle-aged housewife turned aspiring reporter who

pursues the murder of a forgotten young woman. In 1966, Baltimore is a city of secrets that everyone seems to know—everyone, that is, except Madeline “Maddie” Schwartz. Last year, she was a happy, even pampered housewife. This year, she’s bolted from her marriage of almost twenty years, determined to make good on her youthful ambitions to live a passionate, meaningful life. Maddie wants to matter, to leave her mark on a swiftly changing world. Drawing on her own secrets, she helps Baltimore police find a murdered girl—assistance that leads to a job at the city’s afternoon newspaper, the *Star*. Working at the newspaper offers Maddie the opportunity to make her name, and she has found just the story to do it: Cleo Sherwood, a missing woman whose body

was discovered in the fountain of a city park lake. If Cleo were white, every reporter in Baltimore would be clamoring to tell her story. Instead, her mysterious death receives only cursory mention in the daily newspapers, and no one cares when Maddie starts poking around in a young Black woman's life—except for Cleo's ghost, who is determined to keep her secrets and her dignity. Cleo scolds the ambitious Maddie: You're interested in my death, not my life. They're not the same thing. Maddie's investigation brings her into contact with people that used to be on the periphery of her life—a jewelry store clerk, a waitress, a rising star on the Baltimore Orioles, a patrol cop, a hardened female reporter, a lonely man in a movie theater. But for all her ambition and drive, Maddie often

fails to see the people right in front of her. Her inability to look beyond her own needs will lead to tragedy and turmoil for all sorts of people—including Ferdie, the man who shares her bed, a police officer who is risking far more than Maddie can understand.

11/22/63 Special Signed Edition

A Novel *Scribner*

On November 22, 1963, three shots rang out in Dallas, President Kennedy died, and the world changed. What if you could change it back? Stephen King's heart-stoppingly dramatic new novel is about a man who travels back in time to

prevent the JFK assassination—a tour de force. Following his massively successful novel *Under the Dome*, King sweeps readers back in time to another moment—a real life moment—when everything went wrong: the JFK assassination. And he introduces readers to a character who has the power to change the course of history. Jake Epping is a thirty-five-year-old high school English teacher in Lisbon Falls, Maine, who makes extra money teaching adults in the GED program. He receives an essay from one of the students—a gruesome, harrowing first person story about the night fifty years ago when Harry Dunning's father came home and killed his mother, his sister, and his brother with a hammer. Harry escaped with a smashed leg, as evidenced by his

crooked walk. Not much later, Jake's friend Al, who runs the local diner, divulges a secret: his storeroom is a portal to 1958. He enlists Jake on an insane—and insanely possible—mission to try to prevent the Kennedy assassination. So begins Jake's new life as George Amberson and his new world of Elvis and JFK, of big American cars and sock hops, of a troubled loner named Lee Harvey Oswald and a beautiful high school librarian named Sadie Dunhill, who becomes the love of Jake's life—a life that transgresses all the normal rules of time. A tribute to a simpler era and a devastating exercise in escalating suspense, 11/22/63 is Stephen King at his epic best.

Dick Tiger

The Life And Times of a Boxing Immortal *Word Assn Pub*

Dick Tiger was perhaps the greatest fighter to come out of the African continent. Emerging from an environment devoid of substantive traditions in boxing, he would overcome a litany of obstacles before becoming a two-time undisputed world middleweight titlist and an undisputed light heavyweight champion. ?The Life and Times of a Boxing Immortal, ? the first

comprehensive biography of Dick Tiger, puts the man in the context of his times. A migrant fighter to Liverpool, the repository of West African born fighters who kept the British game alive during the industry wide recession of the 1950s, Tiger later moved to America where he established a marquee value seldom attained by non-American fighters and where he played a prominent role as an in-house fighter at the Mecca of Boxing, New York City's Madison Square Garden. His life also personified the hopes, aspirations and the tragedy of the Igbo ethnic group. An avowed apostle of Biafran secession from Nigeria, Tiger's support would cost him dearly. Here is Dick Tiger as never before explained: The blue collar fighter, ageless ringman, commercial

venturer, Nigerian patriot and Biafran rebel. From empty bottle trader to wealthy realtor, from Nigerian boxing booths to Madison Square Garden, from journeyman fighter to world championship fighter; *The Life and Times of a Boxing Immortal* is a compelling study of human dignity in triumph and in tragedy.

Sleeping Beauties

A Novel *Simon and Schuster*

In this spectacular New York Times bestselling father/son collaboration that "barrels along like a freight train" (Publishers Weekly), Stephen King and Owen King tell the highest of high-stakes stories: what might happen if women disappeared from the world of men? In a

future so real and near it might be now, something happens when women go to sleep: they become shrouded in a cocoon-like gauze. If they are awakened, if the gauze wrapping their bodies is disturbed or violated, the women become feral and spectacularly violent. And while they sleep they go to another place, a better place, where harmony prevails and conflict is rare. One woman, the mysterious “Eve Black,” is immune to the blessing or curse of the sleeping disease. Is Eve a medical anomaly to be studied? Or is she a demon who must be slain? Abandoned, left to their increasingly primal urges, the men divide into warring factions, some wanted to kill Eve, some to save her. Others exploit the chaos to wreak their own vengeance on new enemies. All turn

to violence in a suddenly all-male world. Set in a small Appalachian town whose primary employer is a woman’s prison, *Sleeping Beauties* is a wildly provocative, gloriously dramatic father-son collaboration that feels particularly urgent and relevant today.

Saving JFK

The Stand *Anchor*

A monumentally devastating plague

leaves only a few survivors who, while experiencing dreams of a battle between good and evil, move toward an actual confrontation as they migrate to Boulder, Colorado.

Finders Keepers

A Novel *Simon and Schuster*

A masterful, intensely suspenseful novel about a reader whose obsession with a reclusive writer goes much too far—the #1 New York Times bestseller about the power of storytelling, starring the same trio of unlikely and winning heroes Stephen King introduced in *Mr. Mercedes*. “Wake up, genius.” So begins King’s instantly riveting story about a vengeful reader. The genius is John Rothstein, an iconic author who created

a famous character, Jimmy Gold, but who hasn’t published a book for decades. Morris Bellamy is livid, not just because Rothstein has stopped providing books, but because the nonconformist Jimmy Gold has sold out for a career in advertising. Morris kills Rothstein and empties his safe of cash, yes, but the real treasure is a trove of notebooks containing at least one more Gold novel. Morris hides the money and the notebooks, and then he is locked away for another crime. Decades later, a boy named Pete Saubers finds the treasure, and now it is Pete and his family that Bill Hodges, Holly Gibney, and Jerome Robinson must rescue from the ever-more deranged and vengeful Morris when he’s released from prison after thirty-five years. Not since *Misery* has

King played with the notion of a reader whose obsession with a writer gets dangerous. *Finders Keepers* is spectacular, heart-pounding suspense, but it is also King writing about how literature shapes a life—for good, for bad, forever.
