Designed Ecologies: The Landscape Architecture of Kongjian ...

The plural term 'ecologies design' refers to these three types of ecological design. This book is unique in bringing these three perspectives on ecological design together in one place. It is significant in proposing that a strong sense of ecologies design practice will only follow from the interconnection of these three types of practice.

...

Today, designers are shifting the practice of landscape architecture towards the need for a more complex understanding of ecological science. Constructed Ecologies presents ecology as critical theory for design, and provides major ideas for design that are supported with solid and imaginative science. In the questioning narrative of Constructed Ecologies, the author discards many old and tired ...
