Georges Perec A Void - app.wordtail.com

Georges Perec found a home in the Oulipo, in the company of other writers such as Jacques Roubaud, Harry Mathews, Italo Calvino, and Marcel Bénabou; and in 1969 he produced one of the most remarkable illustrations of Oulipian constraint-based poetics, *A Void*, a 300-page novel written without the letter E. Briefly described, *A Void* presents itself as a detective novel, the central dilemma of which is the disappearance of the E from the alphabet. That absence marks the novel in various ways.

A Void: Perec, Georges, Adair, Gilbert: Amazon.sg: Books

A Void *La Disparition* as it's known in French is about a bloke called Anton Vowl who goes missing after a health crisis. As such, it becomes something of a spoof detective story with noir elements and a flamboyant, melodramatic use of language.

A Void by Georges Perec - Professional Moron

A Void was the brainchild of author George Perec, who wrote *La disparition* (disappearance) in 1969, and was later translated to English in 1994. Why a writer would take on such an unusual challenge defies explanation. A good author should add to his repertoire of tools, not subtract them, right?

George Perec: The Author Who Left Out The Letter 'E ...

A Void is an unnerving but insanely compelling work, and one which is rather hard to compare with anything else. It does have some similarities with Perec's later classic *Life A User's Manual*, but it will never be as popular. Adair deserves special praise for translating a work which poses such unusual difficulties; one almost feels he should have been credited as a co-author.
