Organization Theory and Design

An International Perspective

Organizing involves continuous challenges in the face of uncertainty and change. How is globalization impacting organizations? How will new strategies for a turbulent world affect organizational design? In this second edition of *Organization Theory and Design*, developed for students in the UK, Europe, the Middle East and Africa, respected academics Jonathan Murphy and Hugh Willmott continue to add an international perspective to Richard L. Daft's landmark text. Together they tackle these questions in a comprehensive, clear and accessible study of the subject.

Richard the Lionheart

King and Knight *Praeger Pub Text*

Richard I, the Lionheart, remains forever (and perhaps wrongly) the mythical king of England who preferred to wage war than to rule over his empire. The familiar epithet conveys all the principal features of his indomitable character: courage, valor, prowess, the pursuit of glory, the thirst for fame, generosity in war and peace, a sense of honor combined with a sort of haughty dignity made up of both arrogance and pride. In this book, Jean Flori examines both Richard's role as prince and king in history, and also analyses the different and sometimes controversial elements which, for the chroniclers of his day, helped to make Richard a true model of chivalry. Among

the questions addressed are: What influences formed his character and determined his behavior, real or assumed? Why did the image of Richard as a king who was also a knight so quickly and so soon supplant all others, creating a quasi-definitive point of reference? Why did Richard deliberately, it would appear, choose to present himself in this chivalric guise and disseminate this image of himself by what we would today call a media campaign, using all the methods then at his disposal, limited perhaps but by no means ineffective? Last but not least, what is the historical and ideological significance of the choice and, even more, success of this image, which has been adopted by history and disseminated by legend, an image based

on historical accounts and documents in which history and legend are sometimes inextricably interwoven? The first part of the book takes a straightforward chronological approach to Richard's life, from his birth in 1157, through conflict with his father, Henry II, and his brothers, to his coronation and his years of crusading and fighting the French; culminating in his death in battle in 1199. The second part analyses Richard's image in relation to medieval chivalry.

Contract Law in Italy *Kluwer Law International B.V.*

Derived from the renowned multi-volume International Encyclopaedia of Laws, this practical analysis of the law of contracts in Italy covers every aspect of the subject - definition and classification of contracts, contractual liability, relation to the law of property, good faith, burden of proof, defects, penalty clauses, arbitration clauses, remedies in case of non-performance, damages, power of attorney, and much more. Lawyers who handle transnational contracts will appreciate the explanation of fundamental differences in terminology, application, and procedure

from one legal system to another, as well as the international aspects of contract law. Throughout the book, the treatment emphasizes drafting considerations. An introduction in which contracts are defined and contrasted to torts, quasi-contracts, and property is followed by a discussion of the concepts of 'consideration' or 'cause' and other underlying principles of the formation of contract. Subsequent chapters cover the doctrines of 'relative effect', termination of contract, and remedies for non-performance. The second part of the book, recognizing the need to categorize an agreement as a specific contract in order to determine the rules which apply to it, describes the nature of agency, sale, lease, building contracts, and other types of contract. Facts are presented in

such a way that readers who are unfamiliar with specific terms and concepts in varying contexts will fully grasp their meaning and significance. Its succinct yet scholarly nature, as well as the practical quality of the information it provides, make this book a valuable time-saving tool for business and legal professionals alike. Lawyers representing parties with interests in Italy will welcome this very useful guide, and academics and researchers will appreciate its value in the study of comparative contract law.

Principles of European Contract Law

Parts I and II *Kluwer Law International B.V.*

This text provides a comprehensive guide to the principles of European contract law. They have been drawn up by an independent body of experts from each Member State of the EU, under a project supported by the European Commission and many other organizations. The principles are stated in the form of articles, with a detailed commentary explaining the purpose and operation of each article and its relation to the remainder. Each article also has extensive comparative notes surveying the national laws and other international provisions on the topic.

Compendio Diritto Privato *luigi ciano***Gifts**

A Study in Comparative Law *Oxford University Press*

Gifts: A Study in Comparative Law is the first broad-based study of the law governing the giving and revocation of gifts ever attempted. Gift-giving is everywhere governed by social and customary norms before it encounters the law and the giving of gifts takes place largely outside of the marketplace. As a result of these two characteristics, the law of gifts provides an optimal lens through which to examine how different legal systems engage with social practice. The law of gifts is well-developed both in the civil and the

common laws. Richard Hyland's study provides an excellent view of the ways in which different civil and common law jurisdictions confront common issues. The legal systems discussed include principally, in the common law, those of Great Britain, the United States, and India, and, in the civil law, the private law systems of Belgium and France, Germany, Italy, and Spain. Professor Hyland also serves a critique of the dominant method in the field, which is a form of functionalism based on what is called the *praesumptio similitudinis*, namely the axiom that, once legal doctrine is stripped away, developed legal systems tend to reach similar practical results. His study demonstrates, to the contrary, that legal systems actually differ, not only in their

approach and conceptual structure, but just as much in the results.

Manuale di diritto civile *Giuffrè Editore*

The Putin Interviews *Simon and Schuster*

WITH SUBSTANTIAL MATERIAL NOT INCLUDED IN THE DOCUMENTARY Academy Award winner Oliver Stone was able to secure what journalists, news organizations, and even other world leaders have long coveted: extended, unprecedented access to Russian President Vladimir Putin. The Putin Interviews are culled from more than a dozen interviews with Putin over a two-year span—never before has the Russian leader spoken in such depth or at such

length with a Western interviewer. No topics are off limits in the interviews, which first occurred during Stone's trips to meet with NSA whistleblower Edward Snowden in Moscow and most recently after the election of President Donald Trump. Prodded by Stone, Putin discusses relations between the United States and Russia, allegations of interference in the US election, and Russia's involvement with conflicts in Syria, Ukraine, and elsewhere across the globe. Putin speaks about his rise to power and details his relationships with Presidents Clinton, George W. Bush, Obama, and Trump. The exchanges are personal, provocative, and at times surreal. At one point, Stone asks, "Why did Russia hack the election?"; at another, Stone introduces him to Stanley

Kubrick's 1964 Cold War satire "Dr. Strangelove," which the two watch together. Stone has interviewed controversial world leaders before, including Hugo Chavez, Fidel Castro, and Benjamin Netanyahu. But *The Putin Interviews*, in its unmediated access to one of the most enigmatic and powerful men in the world, can only be compared to the series of conversations between David Frost and Richard Nixon we now refer to as "The Nixon Interviews" of 1977. The book will also contain references and sources that give readers a deeper understanding of the topics covered in the interviews and make for a more robust reading experience.

Les solidarités entre générations
Primento

L'ampleur des enjeux humains,
économiques et sociaux posés par la
question des solidarités entre
générations a conduit l'International

society of Family Law (ISFL) à choisir ce
thème pour son XVe congrès mondial.
Plus de 200 intervenants, venus de 50
pays, ont abordé ces questions sous
l'angle juridique, mais aussi
philosophique, économique et
anthropologique. Cet ouvrage présente
une partie de ces communications
organisées autour de deux grands
thèmes : l'enfant au cœur des solidarités
familiales et la prise en charge des aînés
par la famille. Des phénomènes tels que
l'allongement de la durée de la vie,
l'urbanisation des populations, la
difficulté d'entrée sur le marché du
travail ou encore l'éclatement des
modèles familiaux traditionnels
marquent notre monde contemporain et
impliquent la disparition d'anciennes
solidarités et l'apparition de nouvelles

solidarités redessinant les relations entre générations, posant alors le problème du sort des personnes les plus fragiles : les enfants, les malades, les handicapés et, surtout, les personnes âgées. – Quel est alors le rôle de la famille et des collectivités dans la protection de ces personnes ? – Quels rapports entre solidarités publiques et solidarités privées ? – Quels sont les droits et libertés reconnus aux personnes que l'âge, la maladie ou le handicap, placent en situation de dépendances ? Telles sont les questions au cœur de cet ouvrage. The importance of the human, economic and social issues caused by the question of generations' solidarities led the International Society of Family Law to choose this theme for its XVIth World Congress (Lyon, July 19-23rd

2011). More than 200 speakers from 50 countries studied these questions from the legal angle, but also philosophic, economic and anthropological. This work collects a part of these papers about two great issues: the child, as the center of family solidarities; and the support for elders by family. Phenomena such as increasing life expectancy, population urbanization, labor-market entry barriers, decline of traditional family patterns, mark in depth our contemporary world and involve old solidarity disappearance and new solidarity emergence, reshaping relations between generations while bringing up the problem of the fate of the most vulnerable: children, the sick, disabled, and especially elderly people. – What then is the role of families and

communities in protecting these people?
- What is the relationship between public and private solidarity? - What are the rights and freedoms of people placed by age, illness or disability in a dependence situation? These are the issues addressed by the authors of this book.

Istituzioni di diritto pubblico Maggioli Editore

Questo lavoro è destinato essenzialmente agli studenti e costituisce un esaustivo strumento di apprendimento della materia pubblicistica. La prima parte è dedicata al diritto costituzionale; la seconda parte al diritto amministrativo sostanziale e processuale, con puntuali riferimenti ad istituti che assumono comunque rilevanza anche nell'ambito del diritto

pubblico, nonché al diritto sanitario. I mirati cenni storici consentono una migliore comprensione della normativa vigente. Inoltre, i diffusi riferimenti bibliografici ed il richiamo delle più significative pronunce della Corte costituzionale e delle magistrature superiori hanno lo scopo di agevolare l'approfondimento degli argomenti trattati. Il volume, pertanto, fornisce una solida base sulla quale misurare le annunciate riforme che dovrebbero incidere profondamente, specie sul nostro sistema costituzionale.

The Italian Legal System

An Introduction, Second Edition

Stanford University Press

For fifty years, the first edition of *The Italian Legal System* has been the gold standard among English-language works on the Italian legal system. The book's original authors, Mauro Cappelletti, John Henry Merryman, and Joseph M. Perillo, provided not only an overview of Italian law, but a definition of the field, together with an important contribution to the general literature on comparative law. The book explains the unique "Italian style" in doctrine, law, and interpretation and includes an extremely well-written introduction to Italian legal history,

government, the legal profession, and civil procedure and evidence. In this fully-updated and revised second edition, authors Michael A. Livingston, Pier Giuseppe Monateri, and Francesco Parisi describe the substantial changes in Italian law and society in the intervening five decades—including the creation and impact of the European Union, as well as important advances in comparative law methodology. The second edition poses timely, relevant questions of whether and to what extent the unique Italian style of law has survived the pressures of European unification, American influence, and the globalization of law and society in the intervening period. *The Italian Legal System, Second Edition* is an important and stimulating resource for those with

specific interest in Italy and those with a more general interest in comparative law and the globalization process.

A European Perspective

Manuale di diritto forestale e ambientale *Giuffrè Editore*

Elementi strutturali di diritto civile. Con CD-ROM *Mint Publishing Srl*

Il contratto *Giuffrè Editore*

I contratti nella famiglia CEDAM

Il volume è dedicato ad approfondire e ad illustrare quanto sia ampia la facoltà di regolamentare, mediante un'apposita contrattazione, i rapporti patrimoniali nell'ambito di una "famiglia", sia che essa abbia origine da un matrimonio, sia che essa consegua a una unione civile o a una mera convivenza more uxorio. In altre parole, rivolgendosi sia agli studiosi del diritto di famiglia che ai professionisti operanti in questo ambito, si analizzano tutte le possibili pattuizioni consentite dalla legge per la regolamentazione patrimoniale di un rapporto affettivo. Più in particolare il volume illustra ogni possibile strumento e soluzione per disciplinare pattiziamente: - la cd, "fase fisiologica" del rapporto e, cioè, le convenzioni patrimoniali tra coniugi e tra

persone civilmente unite e i contratti di convivenza; - la cd. “fase patologica” del rapporto e, cioè, non solo gli accordi in sede di separazione e divorzio e gli accordi in sede di scioglimento dell’unione civile o della convivenza, ma anche gli accordi che intervengano preventivamente rispetto alla crisi affettiva e in vista di essa. Il volume è caratterizzato dal fatto che, alle tematiche più tradizionali della materia affrontata, si affiancano contenuti assai innovativi, tra i quali spiccano, specialmente, la possibilità di “contrattualizzare” le unioni civili e le convivenze nonché, in particolare, la decisa presa di posizione dell’Autore in ordine alla ammissibilità dei cd. “patti prematrimoniali” .

European Banking Law

The Banker-Customer Relationship

Taylor & Francis

This text presents a practical analysis of the private law of banking transactions. Rooted in contract, the banker-customer relationship is overlaid with a range of rights and obligations having their derivation in tort, delict, notions of equity, good faith and statute. The book looks at some questions that arise within the banker-customer relationship in various European jurisdictions. What are the nature and consequences of the banker-customer relationship? Is there a duty on banks to advise customers and others about particular dealings and what liability arises if any advice given is wrong? What security can a bank take to

protect itself as lender?

Food Diversity Between Rights, Duties and Autonomies

Legal Perspectives for a Scientific, Cultural and Social Debate on the Right to Food and Agroecology
Springer

The book reflects on the issues concerning, on the one hand, the difficulty in feeding an ever-increasing world population and, on the other hand, the need to build new productive

systems able to protect the planet from overexploitation. The concept of “food diversity” is a synthesis of diversities: biodiversity of ecological sources of food supply; socio-territorial diversity; and cultural diversity of food traditions. In keeping with this transdisciplinary perspective, the book collects a large number of contributions that examine, firstly the relationships between agrobiodiversity, rural sustainable systems and food diversity; and secondly, the issues concerning typicality (food specialties/food identities), rural development and territorial communities. Lastly, it explores legal questions concerning the regulations aiming to protect both the food diversity and the right to food, in the light of the political, economic and

social implications related to the problem of feeding the world population, while at the same time respecting local communities' rights, especially in the developing countries. The book collects the works of legal scholars, agroecologists, historians and sociologists from around the globe.
