Cloud Computing Per Applicazioni Web - wareyugez.fdns

Cloud computing can also support remote web hosting. The definition of cloud computing services involves the connection of clients to vendors through wireless or IP connected networks. In cloud computing, a client sends data to a vendor through an abstract network trajectory called "the cloud."

What is the difference between cloud computing and web

hosti

The public cloud is defined as computing services offered by third-party providers over the public Internet, making them available to anyone who wants to use or purchase them. They may be free of charge or sold on demand, allowing customers to only pay per usage for the CPU cycles, storage or bandwidth they consume.

Public Cloud - Definition | Microsoft Azure
