French Organ Music From The
 French Organ Music. French organ music of the late 19th and early 20th centuries was dominated by two currents: classicist and symphonic. Alexandre Guilmant, influenced by Bach, Beethoven and Mendelssohn, introduced the sonate pour orgue into the French repertoire. He thereby stands in the same classicist tradition as Léon Boëllmann, whose organ music immediately captures the ear with its grace and clarity.

From Wikipedia, the free encyclopedia
The French Organ Mass is a type of Low Mass that came into use during the Baroque era. Essentially it is a Low Mass with organ music playing throughout: part of the so-called alternatim practice.

French Organ Mass - Wikipedia

The French organ school formed in the first half of the 17th century. It progressed from the strict polyphonic music of Jean Titelouze to a unique, richly ornamented style with its own characteristic forms that made full use of the French classical organ. Instrumental in establishing this style were Louis Couperin, who experimented with structure, registration and melodic lines, expanding the traditional polyphonic forms, and Guillaume-Gabriel Nivers, who established the distinct forms and style
