Harrow

A novel *Knopf*

In her first novel since *The Quick and the Dead* (a finalist for the Pulitzer Prize), the legendary writer takes us into an uncertain landscape after an environmental apocalypse, a world in

which only the man-made has value, but some still wish to salvage the authentic. "She practices ... camouflage, except that instead of adapting to its environment, Williams's imagination, by remaining true to itself, reveals new colorations in the ecology around her." —A.O. Scott, *The New York Times Book Review* *Khristen* is a teenager who, her mother believes, was marked by greatness as a baby when she died for a moment and then came back to life. After *Khristen's* failing boarding school for gifted teens closes its doors, and she finds that her mother has disappeared, she ranges across the dead landscape and washes up at a "resort" on the shores of a mysterious, putrid lake the elderly residents there call "Big Girl." In a rotting honeycomb of rooms, these old ones plot actions to punish corporations and people they consider culpable in the destruction of the final scraps of nature's beauty. What will *Khristen* and Jeffrey, the precocious ten-year-old boy she meets there, learn from this "gabby seditious lot, in the worst of health but with kamikaze hearts, an army of the aged and ill, determined to refresh, through crackpot violence, a plundered earth"? Rivetingly strange and beautiful, and delivered with Williams's searing, deadpan wit, *Harrow* is their intertwined tale of paradise lost and of their reasons—against all reasonableness—to try and recover something of it.

We Are Here to Stay: Voices of Undocumented Young Adults *Candlewick Press*

With refreshing candor, photos and interviews usher us into the lives of eleven undocumented young people bravely speaking out. "Maybe next time they hear someone railing about how

terrible immigrants are, they'll think about me. I'm a real person." Meet nine courageous young adults who have lived in the United States with a secret for much of their lives: they are not U.S. citizens. They came from Colombia, Mexico, Ghana, Independent Samoa, and Korea. They came seeking education, fleeing violence, and escaping poverty. All have heartbreaking and hopeful stories about leaving their homelands and starting a new life in America. And all are weary of living in the shadows. *We Are Here to Stay* is a very different book than it was intended to be when originally slated for a 2017 release, illustrated with Susan Kuklin's gorgeous full-color portraits. Since the last presidential election and the repeal of DACA, it is no longer safe for these young adults to be identified in photographs or by name. Their photographs have been replaced with empty frames, and their names are represented by first initials. We are honored to publish these enlightening, honest, and brave accounts that encourage open, thoughtful conversation about the complexities of immigration — and the uncertain future of immigrants in America.

No Matter What Life Throws at You

Author House

Are you sometimes stressed, anxious, or emotional? Do you ever feel something is missing, even when you think you should be happy? Are there people with whom you don't get on well but wish you did? Have you ever wondered why you behave a certain way, do or don't do certain things, or have done something you now regret? This is not a typical self-help book, because self-help books are usually read by people who think they have a problem to solve. This book is for everyone. Using straightforward jargon-free language it discusses many of the difficult issues of life, most of which are likely to affect us or someone we know at one time or another. It includes short discussions of stress, relationships, love affairs, work, parenting, sibling rivalry, motherhood, divorce, weddings, Christmas, teenagers, arguments, criticism, depression, communication, childhood, bullying, chronic pain, self-harm, addiction, suicide, bereavement, kindness, abuse, the battle of the sexes and more. People who can stay calm and content no matter what life throws at them all have similar thoughts and attributes which can be learnt by anyone. The central theme of this book is self-esteem and how it is affected every day by our circumstances and the people we come across. We are usually unaware that it is our self-esteem that drives our emotions, thoughts, and actions. The author's clients suggested this book be written so anyone could learn how to stay calm and content no matter what life throws at them. Personal stories highlight how you can control or change how you feel about yourself, and how you can positively

influence your life and the lives of everyone around you.

The Road *Vintage*

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

Should We Stay Or Should We Go *Harper Perennial*

When her father dies, Kay Wilkinson can't cry. Over ten years, Alzheimer's had steadily eroded this erudite man into a paranoid lunatic. Surely one's own father passing should never come as such a relief. Both medical professionals, Kay and her husband Cyril have seen too

many elderly patients in similar states of decay. Although healthy and vital in their early fifties, the couple fears what may lie ahead. Determined to die with dignity, Cyril makes a modest proposal. To spare themselves and their loved ones such a humiliating and protracted decline, they should agree to commit suicide together once they've both turned eighty. When their deal is sealed, the spouses are blithely looking forward to another three decades together. But then they turn eighty. By turns hilarious and touching, playful and grave, *Should We Stay or Should We Go* portrays twelve parallel universes, each exploring a possible future for Kay and Cyril. Were they to cut life artificially short, what would they miss out on? Something terrific? Or something terrible? Might they end up in a home? A fabulous luxury retirement village, or a Cuckoo's Nest sort of home? Might being demented end up being rather fun? What future for humanity awaits--the end of civilization, or a Valhalla of peace and prosperity? What if cryogenics were really to work? What if scientists finally cure aging? Both timely and timeless, Lionel Shriver addresses serious themes--the compromises of longevity, the challenge of living a long life and still going out in style--with an uncannily light touch. Weaving in a host of contemporary issues, from Brexit and mass migration to the coronavirus, Shriver has pulled off a rollicking page-turner in which we never have to mourn perished characters, because they'll be alive and kicking in the very next chapter.

And We Stay *Ember*

Say You'll Stay

"I miss you, Meg. I've missed you for the past ten years. Haven't you missed me?" The man who broke my heart ten years ago is back in our small town. Adam Ducate. My best friend since birth. His

gorgeous blue eyes made him the object of every girl's fantasy in our entire school. But it wasn't just his perfect looks. He read biographies on the US presidents for fun. He could count to 100 in seven different languages. He liked George Romero movies and could recite all the dialogue from *Day of the Dead*. In short, Adam was everything every other boy in our grade wasn't. So I took the risk and confessed my feelings to him. Of course, it all crashed and burned in extraordinary fashion. It crushed my heart when he left my life without a word and married Chelsea instead. The biggest b*tch ever. But now he's back. And as much as I want to ignore the butterflies in my stomach, I can't. They say second chances don't come around often. But can I trust that Adam will stay with me this time - or will our past keep me running?
