Overview. The OPC UA Online Reference is a searchable collection of specifications and information models. Information models are made available by publishing a index of types defined in the model as human readable tables. When possible the definition of a Type is linked to the appropriate section in the specification.

Overview | OPC UA Online Reference

OPC Client / OPC Server Architecture. An OPC Architecture refers to a communications infrastructure that includes one or more OPC clients and OPC Servers communicating amongst each other. To keep OPC Client/OPC Server architecture diagrams easy to read it is conventional to draw data-flow diagrams with data flowing up from data sources at the bottom to data sinks at the top.
