To identify the needs of your customers, solicit feedback from your customers at every step of your process. You can identify customer needs in a number of ways, for example, by conducting focus groups, listening to your customers or social media, or doing keyword research. However, identifying the needs of your customers is easier said than done.

Identifying Customer Needs | Meeting Customer Needs

You want Francine to indulge you with a description of how she’s using your product, which you’re not going to get if you cut her off. “A huge lesson I am learning when interacting with customers every day is to be careful telling someone they can’t do something,” writes Chris Gallo , who is on the support team at CRM software company Highrise.

4 Ways to Determine What Your Customer Really Needs

Wants are More Powerful. What the customer wants is often more of a powerful motivator than what they need. This becomes clear when you listen to your customer and ask them to tell you why they want what they want. Usually they have a burning desire to get what they want and simply what you to show them how they can get it. Customers tend to get more value, joy, and satisfaction from purchasing what they want versus what they need.
