William Goldman's modern fantasy classic is a simple, exceptional story about quests—for riches, revenge, power, and, of course, true love—that's thrilling and timeless. Anyone who lived through the 1980s may find it impossible—inconceivable, even—to equate The Princess Bride with anything other than the sweet, celluloid romance of Westley and Buttercup, but the film is only a fraction of

the ingenious storytelling you'll find in these pages.
