This meant we could complement the previous book on joint cognitive systems, which focused on the foundational concepts, with a book that used stories of cycles of complexity and coping to show the main

values, concepts and approaches of CSE in action. This book provides a way to look at our collective progress.

Joint Cognitive Systems
The joint cognitive
system (JCS) is the
basic unit of analysis in
CSE, and is used to

emphasise the central
idea of co-agency. In
other words the human
and machine have to
be considered
together, rather than
as separate entities
linked by human-
machine interaction.
