Italian-occupied France was an area of south-eastern France and Monaco occupied by the Kingdom of Italy between 1940 and 1943 in parallel to the German occupation of France. The occupation had two phases, divided by Case Anton in November 1942 in which the Italian zone expanded significantly. Italian forces retreated from France in September 1943 in the aftermath of the fall of the Fascist regime in Italy, and German Wehrmacht forces occupied the abandoned areas until the Liberation.
