Oil and Gas Authority: Petroleum Operations Notices ...

Crude oil prices have many affects on our daily life from gas that we use in our daily commute to commodity products that we frequently buy in our neighborhood market. Not many of us were paying much attention to oil prices until 2004, since the average of crude oil was trading between \$22 to \$26. In 2004 the big climb started with double digits reaching \$50 average in 2005, \$71 average in ...

Oil Prices and The Shipping Industry - More Than Shipping

In addition to the movement of crude oil to petroleum refineries and to storage areas for distribution by tanker, truck or rail, petroleum logistics also involves the movement of heavy project cargo. The petroleum industry requires the movement of complex parts and large machinery for refineries, drilling, fracking and other industrial activities that require a reliable means of heavy haul transportation.

Petroleum Transport & Logistics | Global Shipping Services

The petroleum industry, also known as the oil industry or the oil patch, includes the global processes of exploration, extraction, refining, transporting (often by oil tankers and pipelines), and marketing of petroleum products. The largest volume products of

the industry are fuel oil and gasoline (petrol). Petroleum is also the raw material for many chemical products, including pharmaceuticals ...
