community.'

The Ultimate Guide to Solar Panels (2020) | GreenMatch
'PanelGuide' gives the panel user and specifier guidance and information on the use of wood-based panels in an authoritative and comprehensive manner. PanelGuide was originally prepared as a collaborative project between the Wood Panel Industries Federation, National Panel Products Division (A division of the Timber Trades Federation), TRADA Technology Limited and the Building Research Establishment Limited.

PanelGuide - Wood Panel Industries Federation
The control panel may be installed directly on a wall. The pipe hole in the steam room must be sealed to prevent moisture from travelling through the pipe into the structures. The cable is left behind the control panel. The cable can also come out of the bottom of the control panel, from a pre-marked hole. Control panel frame is pressed directly on it.
