Gardening With Young Children

Early Years | calendar ...

Developmentally appropriate gardening programs base their activities on sound principles of child development and learning. These principles are based on years of extensive research with young children and are used by professionals in the field of early education. While many current gardening books on the market provide a variety of different types of activities, they give very little support to teachers or horticulturists on how to understand the developmental needs of children and how to ...

Developmentally Appropriate Gardening for Young Children

Gardening engages all sorts of senses and helps children to develop and

recognise them without even realising. They can feel the texture of soil, seeds, flower and petals. They get to smell all the amazing flower scents and see all the colourful petals. It also helps develop hand-eye coordination and builds physical strength.

Read PDF Gardening With Young Children Early Years experiencing “hands on” and by having opportunities to think about, re-visit, and

Gardening With Young Children Early Years

Gardening with children is like most sensory experiences with three and four year-olds. It's messy, it's chaotic, and the more children you add to the scenario, the more instruction goes out the window and you just hope something

is getting through. The amazing thing is that something always does.

communityplaythings.com - Gardening with Children

Give children their own garden space. (This does not have to be big. You can start with a large container or a few pots.) Involve older children in the planning and design of the garden. Use lightweight, easy-to-handle, correct-sized tools and garden equipment. Encourage children to dig in the dirt. (Younger children love making mud pies)

Gardening for children - Better Health Channel

Other gardeners with young children often raise their beds in boxes to make a visual “keep out,” Since we avoided this,

our vegetable beds in the garden must stand out (for feet). We used bark to

accomplish this, as it made the walking paths a different color and texture).
