Mike Gallagher had taken his motorcycle on America's best rides, and survived many close calls. One day on Colorado's

Cottonwood Pass, the law of averages caught up with him. Mike's favorite ride is Cottonwood Pass, near his home outside Buena Vista, Colorado. He's ridden it hundreds of times. On a beautiful June day in 2015, a simple gear-shifting problem caused Mike to launch off a curve into a steep ravine, trapped under a tree and his motorcycle. His left leg was severed under the knee. His left arm and right leg were pinned under him. Grasping his motorcycle key in his right hand, he tried to saw through the tree on top of him, to no avail. Gasoline from his motorcycle dripped on him, cauterizing his wounds - but the gas also pooled under him, burning his back. He lay in agony for hours, until a bicyclist, suspicious of the skid mark on the road, looked into the ravine and spotted him. A perfect combination of local search-and-rescue personnel, medical professionals, and divine intervention saved Mike. Against the odds, Mike emerged from rehab six months later, walking and ready to live independently. He set out on a quest to find and thank the people who saved him. What he discovered changed him, and maybe it'll change you, too.

Republican Rescue

Saving the Party from Truth Deniers, Conspiracy Theorists, and the Dangerous Policies of Joe Biden

Simon and Schuster

Enough with the infighting, the truth-denying, the wild conspiracy claims, the looking backward, and the refusal to focus on the dangerous Biden agenda. Here's Chris Christie's urgent guide for recapturing Republican glory and winning elections again, told with all the New Jersey frankness and news-breaking insights that have made the two-term governor, Trump early endorser, and presidential candidate an indispensable voice and instant New York Times bestselling author. As governor of New Jersey and a key Trump insider and longtime friend, Chris Christie has always been known for speaking his mind. Now that the depressing 2020 election is finally behind us, he shares his bold insights on how a battered Republican Party can soar into the future and start winning big elections again.

The wrong answers are everywhere. Dangerous conspiracy theorists. A tired establishment. Truth deniers and political cowards. In *Republican Rescue*, Christie reveals exactly how absurd grievances and self-inflicted wounds sabotaged Donald Trump's many successes and allowed Democrats to capture the White House, the House, and Senate in two years—a first for the GOP since the days of Herbert Hoover. In his frank and compelling voice, Christie dissects the last year of the Trump administration—which provoked nothing but conspiracy theories and infighting—and he lays out an honest and hopeful vision, explaining how Republicans can capture the future and save America from today's damaging Democratic excesses. The core Republican values of Abraham Lincoln, Teddy Roosevelt, and Ronald Reagan are as relevant now as they've ever been, Christie writes. Opportunity for all. A strong national defense. Leaders we can all be proud of. Americans in charge of their own lives. A federal government that answers to the people—not the other way around. But these Republican ideals need to be reinvigorated with fresh clarity and open arms. Christie watched in horror as some in his beloved party embraced paranoia and explained away violence. Determined to restore the party's integrity and success, he shows how to build a movement voters will flock to again, a Republicanism that's blunt, smart, conservative, potent, and perfectly suited for the 21st century.

Along with their friends Henry and Finn (Maty's puppy crush), this dynamic team of animal rescuers race against time to find Sadie before she has her baby! But will they find Sadie in time? Or will Mimi's nemesis, Icky Vicky, get in the way? There is a strong message of animal advocacy and pet rescue throughout, which reflects the mission of Freekibble.com, Mimi Ausland's nonprofit company. Those who loved the first book in the series will be sure to enjoy the second installment of Mimi and Maty's adventures rescuing animals and solving mysteries. Rescue Scholastic Inc.

From New York Times bestselling author Jennifer A. Nielsen comes a thrilling World War II story of espionage and intrigue, as one girl races to crack a coded message to save her father and the French resistance. Six hundred and fifty-seven days ago, Meg Kenyon's father left their home in France to fight for the Allies in World War II, and that

was the last time Meg saw him. Recently, she heard he was being held prisoner by the Nazis, a terrible sentence from which Meg fears he'll never return. All she has left of him are the codes he placed in a jar for her to decipher, an affectionate game the two of them shared. But the codes are running low, and soon there'll be nothing left of Papa for Meg to hold on to at all. Suddenly, an impossible chance to save her father falls into Meg's lap. After following a trail of blood in the snow, Meggie finds an injured British spy hiding in her grandmother's barn. Captain Stewart tells her that a family of German refugees must be guided across Nazi-occupied France to neutral Spain, whereupon one of them has promised to free Meg's father. Captain Stewart was meant to take that family on their journey, but too injured to complete the task himself, he offers it to Meg, along with a final code from Papa to help complete the mission -- perhaps the most important, and most difficult, riddle she's received yet. As the Nazis flood Meg's village in fierce pursuit, she accepts the duty and begins the trek across France. Leading strangers through treacherous territory, Meg faces danger and uncertainty at every turn, all the while struggling to crack her father's code. The message, as she unravels it, reveals secrets costly enough to risk the mission and even her own life. Can Meg solve the puzzle, rescue the family, and save her father?
