Cashflow Quadrant: Rich dad poor dad *FinanzBuch Verlag*

CASHFLOW® Quadrant, der zweite Teil des Bestsellers "Rich Dad Poor Dad" von Robert T. Kiyosaki, deckt auf, warum manche Menschen weniger arbeiten, mehr Geld verdienen, weniger Steuern zahlen und sich finanziell sicherer fühlen als andere. Bill Gates, Steve Jobs und Richard Branson haben die Schule ohne Abschluss verlassen und haben dennoch extrem erfolgreiche Unternehmen aufgebaut, für die viele der intelligentesten Absolventen der Universitäten arbeiten wollen. Statt, wie die meisten Angestellten, nur von einem Job zum nächsten zu wechseln, rät Robert T. Kiyosaki, die finanzielle Unabhängigkeit zu suchen und Geld für sich arbeiten zu lassen – als Investor. Dieses Buch beantwortet die wichtigsten Fragen zur finanziellen Freiheit und hilft dabei, in einer Welt des immer stärkeren Wandels tiefgreifende berufliche und finanzielle Veränderungen vorzunehmen.

Rich Dad's Guide to Becoming Rich...Without Cutting Up Your Credit Cards *Grand Central Publishing* Why cutting up your credit cards won't

make you rich A popular TV personality often says, "Take out your credit cards and cut them into pieces." While that is sound advice for people who are not financially responsible, it is inadequate advice for anyone who wants to become rich or financially free. In other words, just cutting up your credit cards will not make you rich. What does make you rich is financial education...unfortunately a type of education we do not receive in school. If a person has a solid financial education, they would know that there are two kinds of debt...good debt and bad debt. A person with a sound financial education would know how to use good debt to make them richer faster...much faster than a person who only saves money and has no debt. Rich Dad's Guide to Becoming Rich * Are you in credit card debt? * Is job security dead? * Is your financial security threatened? * Is a high-paying job the answer? * Is your money working for you? * Do you have good debt or bad debt? We all need more financial education. We need to know how to have our money work hard for us so we don't have to spend our lives working for money. That is why we need more sophisticated financial education...not oversimplified and childish financial tips such as cut up your credit cards or save more money. If you are ready to increase your financial education and enjoy your credit cards, then this book is for you.

Rich Dad, Poor Dad *Lulu Press, Inc*

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our

individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

Why the Rich Are Getting Richer

It's Robert Kiyosaki's position that "It is our educational system that causes the gap between the rich and everyone else." He laid the foundation for many of his messages in the international best-seller *Rich Dad Poor Dad* -- the #1 Personal Finance book of all time -- and in *Why the Rich Are Getting Richer*, he makes his case... In this book, the reader will learn why the gap between the rich and everyone else grows wider. In this book, the reader will get an explanation of why savers are losers. In this book, the reader will find out why debt and

taxes make the rich richer. In this book, the reader will learn why traditional education actually causes many highly educated people, such as Robert's poor dad, to live poorly. In this book, the reader will find out why going to school, working hard, saving money, buying a house, getting out of debt, and investing for the long term in the stock market is the worst financial advice for most people. In this book, the reader will learn the answers Robert found on his life-long search, after repeatedly asking the question, "When will we learn about money?" In this book, the reader will find out why real financial education may never be taught in schools. In this book, the reader will find out "What financially education is... really."

Rich Dad's Increase Your Financial IQ Business Plus

For years, Robert Kiyosaki has firmly believed that the best investment one can ever make is in taking the time to truly understand how one's finances work. Too many people are much more interested in the quick-hitting scheme, or trying to find a short-cut to real wealth. As Kiyosaki has preached over and over again, one has to truly understand the process of how money works before one can start out on trying to escape the daily financial Rat Race. Now, in this latest book in the popular *Rich Dad Poor Dad* series, Kiyosaki lays out his 5 key principles of Financial Intelligence for all to understand. In *INCREASE YOUR FINANCIAL IQ*, Kiyosaki provides real insights on these key steps to wealth:

- o How to increase your money -- how to assess what you're really worth now, what your prospects are, and how to start mapping out your financial future.
- o How to protect your money -- for better or for worse, taxes are a way of life.

Kiyosaki shows you that "it's not what you make....it's what you keep." o How to budget your money -- everybody wants to live large, but you have to learn how to live within your budget. Kiyosaki shows you how you can. o How to leverage your money -- as you build your financial IQ, knowing how to put your money to work for you is a crucial step. o How to improve your financial information -- Kiyosaki shows you how to accelerate your wealth as you learn more and more.

More Important Than Money *RDA Press, LLC*

Many people have million-dollar ideas. They're confident that their new product or service or innovation will make them rich and that all their dreams will come true. The problem is: Most people don't know how to turn their million-dollar idea into millions of dollars. According to many social scientists, the most important thing in life is a person's social and professional network. In other words, the people around us--our associates, our team, our friends. The people we surround ourselves with--and the people we go to for advice and guidance--can mean the difference between success and failure. And as he taught in *Rich Dad Poor Dad*, if the people around you have a poor person's mindset, it's likely that you'll be, or stay, poor. Your team, in life and in business, will determine if your million-dollar idea will give you a million-dollar payday. In *More Important Than Money*, Robert teams up with his most trusted Advisors who contribute not only chapters on the strengths and talents they bring to the team, but offer candid and insightful individual Profiles and excerpts from each of the 14 Rich Dad Advisor Series books. Readers will meet all of Robert's Rich Dad Advisors and learn why they are among his most valuable assets.

The Richest Man In Babylon *Hijezglobal*

Written more than a century ago--The Richest Man In Babylon--is one of the greatest financial books of all time. In language as simple as that of the Bible, this book provides many timeless lessons about spending, saving, and investing to build wealth that are as applicable today as when it was first written. The book is set in ancient Babylon, and follows the story of Arkad, the richest man in all of Babylon, imparting his wisdom to a younger man, Bansir, who wishes to become wealthy. It lays out the basics of personal finance - spend less than you earn, save 10% of your income, and invest wisely - in an engaging parable format (stories told to teach a lesson). The book teaches that if you follow these basic lessons, work hard, and continue improving your skills, you can build future wealth through passive streams of income.

Tax-Free Wealth *RDA Press, LLC*

Tax-Free Wealth is about tax planning

concepts. It's about how to use your country's tax laws to your benefit. In this book, Tom Wheelwright will tell you how the tax laws work. And how they are designed to reduce your taxes, not to increase your taxes. Once you understand this basic principle, you no longer need to be afraid of the tax laws. They are there to help you and your business—not to hinder you. Once you understand the basic principles of tax reduction, you can begin, immediately, reducing your taxes. Eventually, you may even be able to legally eliminate your income taxes and drastically reduce your other taxes. Once you do that, you can live a life of Tax-Free Wealth.

The Cashflow Quadrant

The Social Capitalist *RDA Press, LLC*

Social Entrepreneur is a book about how two ordinary people turn a huge social problem into a solution, not only for themselves but for thousands of others. From Nightclub Owner (Josh) and Law Enforcement Officer (Lisa) to Social Entrepreneurs of Journey Healing Centers (accredited private drug and alcohol treatment centers). They turned their lives around and are building businesses that bring families back together again (by using the Rich Dad principles). Businesses are evolving to a

higher purpose, the why we do what we do. Like the movements across the world and in our own backyards (occupy wall street) people want purpose in their lives. They want to be a positive contribution. We are in the next Mega Trend of a social movement.

7 Steps to Wealth *John Wiley & Sons*

Get the most out of property investment and secure your financial future 7 Steps to Wealth is the only real estate book in Australia endorsed by three of Australia's property billionaires. It shares John L. Fitzgerald's own 35-year proven property strategy, supported statistically and with real life case studies from readers of earlier editions. Now in its 8th edition the book is completely up-to-date with the latest census data, location criteria and growth forecasts. Most importantly the book exposes the difference between property and real estate, proving that it's only the land that appreciates and that the buildings that sit on the land actually depreciate. Indeed 7 Steps to Wealth uses Warren Buffet's secret of compound growth but adapted for Australian property investors. Fitzgerald proves that certain residential land is Australia's best growth asset -- and will continue to be given current record population growth. • Unlock the secret power of compound growth and make it work for you • Avoid the common mistakes that most property investors make • Read case studies and testimonials from millionaires using the 7 step strategies • Understand how to safely build wealth in property, be cashflow positive and still get a tax deduction. With Australia's record population growth, there is no better time for Australians to use this proven strategy to safely build wealth for a comfortable retirement, one that doesn't

mean relying on government welfare.

Summary of Cash Flow Quadrant *BookSummaryGr*

Summary of Cash Flow Quadrant You can never have true freedom without financial freedom. Freedom may be free, but it has a price. Preface: What is Your Life's Goal? Finding your path in life is your goal in life. Your path is not your profession, how much money you make, your title, or your successes and failures. Finding your path means finding out what you were put here on this earth to do. What is your life's purpose? Why were you given this gift called life? And what is the gift you give back to life? Most people are programmed early in life to "Go to school and get a job." School is about finding a job in the E or S quadrant. It is not about finding your life's path. Trust your intuition, heart and

have guts. Education is a process. To develop into a whole human being, we need mental, physical, emotional, and spiritual education. Traditional schools were primarily about developing students mentally. That is why so many students who do well in school, do not do well in real life, especially in the world of money. School programs students to be an employee in the E or S quadrant. Traditional education is not the place for a person who wants to be an entrepreneur in the B and I quadrants. Become an entrepreneur in education. It seems that our paths in life are not found in our minds. Our path in life is to find out what is in our hearts. The shortcoming of traditional education. Millions of people leave school, only to be trapped in jobs they do not like. They know something is missing in life. Many people are also trapped financially, earning just enough to survive, wanting to earn more but not knowing what to do. Without awareness of the other quadrants, many people go back to school and look for new professions or pay raises in the E or S quadrant, unaware of the world of the B and I quadrants. Most addictions are attempts to find happiness in people's souls. Many "A" students get stuck in "analysis paralysis," studying every little detail, but failing to do anything. This "analysis paralysis" is caused by our educational system punishing students for making mistakes. If you think about it, "A" students are "A" students simply because they made the fewest mistakes. The problem with that emotional psychosis is that, in the real world, people who take action are the ones who make the most mistakes and learn from them to win in the game of life. The reason so many people fail to achieve success is because they fail to fail

enough times. One of the reasons so many people cling to job security is because they lack emotional education. They let fear stop them. ABCs of Buying Rental Property RDA Press, LLC

Many Americans dream of financial freedom, but they're stuck in dead-end jobs and don't know how to get there. You don't need to be one of them. If you invested \$35,000 in the stock market today, it could take 52 years for that investment to grow to \$1 million. But if you invested that same amount into one single-family \$140,000 rental property, it would only take 19 years. With just two rental properties, you could generate \$417,000 in profit in just 10 years. Skeptical? Good, because that's the first sign of a smart investor. This book will tackle that skepticism head on... and give you confidence and a path to financial freedom. THIS BOOK WILL TEACH YOU HOW TO: - Secure your investment money - Find your ideal market--and a positive-cash-flow

property - Efficiently manage your property - Handle your record keeping - Boost revenues and cut costs - File your taxes using a step-by-step process - Build your real estate portfolio

The Power of Zero, Revised and Updated *Currency*

OVER 250,000 COPIES IN PRINT, WITH A NEW CHAPTER ON THE 2018 TAX CUTS. There's a massive freight train bearing down on the average American investor, and it's coming in the form of higher taxes. The United States Government has made trillions of dollars in unfunded promises for programs like Social Security and Medicare—and the only way to deliver on these promises is to raise taxes. Some experts have even suggested that tax rates will need to double, just to keep our country solvent.

Unfortunately, if you're like most Americans, you've saved the majority of your retirement assets in tax-deferred vehicles like 401(k)s and IRAs. If tax rates go up, how much of your hard-earned money will you really get to keep? In *The Power of Zero*, McKnight provides a concise, step-by-step roadmap on how to get to the 0% tax bracket by the time you retire, effectively eliminating tax rate risk from your retirement picture. Now, in this expanded edition, McKnight has updated the book with a new chapter on the 2017 Tax Cuts and Jobs Act, showing readers how to navigate the new tax law in its first year of being in effect, and how they can extend the life of their retirement savings by taking advantage of it now. The day of reckoning is fast approaching. Are you ready to do what it takes to experience the power of zero?
