Ralph Johnson, a seasoned AP correspondent, had been in Saigon since the beginning. He knew Vietnam and the war inside out. Bill Quinn, captain of the Cu Chi tunnel rats, was on his fourth tour of duty and it seemed nothing could touch him. Sergeant Tony Campobello had come to Vietnam from the streets of New York to vent a rage that had followed him all the way to Saigon. For seven years Paxton Andrews would write an acclaimed newspaper column from the front before finally returning to the States and then attending the Paris peace talks. The Glass Cage *Random House*

In *The Glass Cage*, Pulitzer Prize nominee and bestselling author Nicholas Carr shows how the most important decisions of our lives are now being made by machines and the radical effect this is having on our ability to learn and solve problems. In May 2009 an Airbus A330 passenger jet equipped with the latest 'glass cockpit' controls plummeted 30,000 feet into the Atlantic. The reason for the crash: the autopilot had routinely switched itself off. In fact, automation is everywhere – from the thermostat in our homes and the GPS in our phones to the algorithms of High Frequency Trading and self-driving cars. We now use it to diagnose patients, educate children, evaluate criminal evidence and fight wars. But psychological studies show that we perform best when fully involved in a task, while the principle of automation – that humans are inefficient – is self-fulfilling. The glass cockpit is becoming a glass cage. In this utterly engrossing exposé, bestselling writer Nicholas Carr reveals how automation is affecting our ability to solve problems, forge memories and acquire skills. Rather than rejecting technology, Carr argues that we must urgently rethink its role in our lives, using it to enhance rather than diminish the extraordinary abilities that make us human.

Peace Like a River *Grove/Atlantic, Inc.*

Hailed as one of the year's top five novels by Time, and selected as one of the best books of the year by nearly all major newspapers, national bestseller *Peace Like a River* captured the hearts of a nation in need of comfort. "A rich mixture of adventure, tragedy, and healing," *Peace Like a River* is "a collage of legends from sources sacred and profane -- from the Old Testament to the Old West, from the Gospels to police dramas" (Ron Charles, *The Christian Science Monitor*). In "lyrical, openhearted prose" (Michael Glitz, *The New York Post*), Enger tells the story of eleven-year-old Reuben Land, an asthmatic boy who has reason to believe in miracles. Along with his sister and father, Reuben finds himself on a cross-country search for his outlaw older brother who has been controversially charged with murder. Their journey is touched by serendipity and the kindness of strangers, and its remarkable conclusion shows how family, love, and faith can stand up to the most terrifying of enemies, the most tragic of fates. Leif Enger's "miraculous" (Valerie Ryan, *The Seattle Times*) novel is a "perfect book for an anxious time ... of great literary merit that nonetheless restores readers' faith in the kindness of stories" (Marta Salij, *Detroit Free Press*).

Close-Up on War *Abrams*

The incredible story of Catherine Leroy, one of the few woman photographers during the Vietnam War, told by an award-winning journalist and children's author From award-winning journalist and children's book author Mary Cronk Farrell comes the inspiring and fascinating story of the woman who gave a human face to the Vietnam War. *Close-Up on War* tells the story of French-born Catherine Leroy, one of the war's few woman photographers, who documented some of the fiercest fighting in the 20-year conflict. Although she had no formal photographic training and had never traveled more than a few hundred miles from Paris before, Leroy left home at age 21 to travel to Vietnam and document the faces of war. Despite being told that women didn't belong in a "man's world," she was cool under fire, gravitated toward the thickest battles, went along on the soldiers' slogs through the heat and mud of the jungle, crawled through rice paddies, and became the only official photojournalist to parachute into combat with American soldiers. Leroy took striking photos that gave America no choice but to look at the realities of war—showing what it did to people on both sides—from wounded soldiers to civilian casualties. Later, Leroy was gravely wounded from shrapnel, but that didn't keep her down more than a month. When captured by the North Vietnamese in 1968, she talked herself free after photographing her captors, scoring a cover story in *Life* magazine. A recipient of the George Polk Award, one of the most prestigious awards in journalism, Leroy was one of the most well-known photographers in the world during her time, and her legacy of bravery and compassion endures today. Farrell interviewed people who knew Leroy, as well as military personnel and other journalists who covered the war. In addition to a foreword by Pulitzer Prize-winning journalist Peter Arnot, the book includes a preface, author's note, endnotes, bibliography, timeline, and index.

This method works well for me because of the kinship that develops between horse and rider. " --Buck Brannaman In *THE FARAWAY HORSES*, Brannaman shares his methods for training

The Loop *Hachette UK*

This eye-opening narrative journey into the rapidly changing world of artificial intelligence reveals the dangerous ways AI is exploiting the unconscious habits of our minds—and the real threat it poses to humanity. Artificial intelligence is going to change the world as we know it. But the real danger isn't some robot that's going to enslave us: It's our own brain. Our brains are constantly making decisions using shortcuts, biases, and hidden processes—and we're using those same techniques to create technology that makes choices for us. In *The Loop*, award-winning science journalist Jacob Ward reveals how we are poised to build all of our worst instincts into our AIs, creating a narrow loop where each generation has fewer, predetermined, and even dangerous choices. Taking us on a world tour of the ongoing, real-world experiment of artificial intelligence, *The Loop* illuminates the dangers of writing dangerous human habits into our machines. From a biometric surveillance state in India that tracks the movements of over a billion people, to a social media control system in China that punishes deviant friendships, to the risky multiple-choice simplicity of automated military action, Ward travels the world speaking with top experts confronting the perils of their research. Each stop reveals how the most obvious patterns in our behavior—patterns an algorithm will use to make decisions about what's best for us—are not the ones we want to perpetuate. Just as politics, marketing, and finance have all exploited the weaknesses of our human programming, artificial intelligence is poised to use the patterns of our lives to manipulate us. *The Loop* is a call to look at ourselves more clearly—our most creative ideas, our most destructive impulses, the ways we help and hurt one another—so we can put only the best parts of ourselves into the thinking machines we create.

Love, Theodosia *Simon and Schuster*

A Romeo & Juliet tale for Hamilton! fans. In post-American Revolution New York City, Theodosia Burr, a scholar with the skills of a socialite, is all about charming the right people on behalf of her father—Senator Aaron Burr, who is determined to win the office of president in the pivotal election of 1800. Meanwhile, Philip Hamilton, the rakish son of Alexander Hamilton, is all about being charming on behalf of his libido. When the two first meet, it seems the ongoing feud between their politically opposed fathers may be hereditary. But soon, Theodosia and Philip must choose between love and family, desire and loyalty, and preserving the legacy their flawed fathers fought for or creating their own. *Love, Theodosia* is a smart, funny, swoony take on a fiercely intelligent woman with feminist

ideas ahead of her time who has long-deserved center stage. A refreshing spin on the Hamiltonian era and the characters we have grown to know and love. It's also a heartbreaking romance of two star-crossed lovers, an achingly bittersweet "what if." Despite their fathers' bitter rivalry, Theodosia and Philip are drawn to each other and, in what unrolls like a Jane Austen novel of manners, we find ourselves entangled in the world of Hamilton and Burr once again as these heirs of famous enemies are driven together despite every reason not to be.

The Lemon Grove *Anchor*

"Walsh's pacing is brilliant, her writing a combination of William Trevor and Erica Jong, as she fearlessly explores the complexities and nuances of a woman surprised by her own feelings.... Gripping.....Can mutual peace really coexist with wild chaos? Walsh's readers will find themselves eagerly turning the pages, racing to find out." --The New York Times Book Review A highly charged, sultry, beautifully written and compulsive one-sit read, *The Lemon Grove* is an intense novel about obsession and sex—the perfect summer book. Jenn and Greg have been married for fourteen years, and, as the book opens, they are enjoying the last week of their annual summer holiday in Deia, a village in Majorca off the coast of southern Spain. Their days are languorous, the time passing by in a haze of rioja-soaked lunches, hours at the beach, and lazy afternoon sex in their beautiful villa. It is the perfect summer idyll . . . until Greg's teenage daughter (Jenn's stepdaughter), Emma, arrives with her new boyfriend, Nathan, in tow. What follows, over the course of seven days, is a brilliantly paced fever dream of attraction between Jenn and the reckless yet mesmerizing Nathan. It is an intense pas de deux of push and pull, risk and consequence . . . and moral rectitude, as it gets harder and harder for Jenn to stifle her compulsion. This is a very smart novel about many things: the loss of youth, female sexuality, the lure of May/December temptation, the vicissitudes of marriage and the politics of other people's children. It is simultaneously sexy and substantive, and Helen Walsh's masterful, even-handed tone can't help but force the reader to wonder: "What would I have done?" Beautifully written with the tension of a rubber band just about to snap, *The Lemon Grove* is a book that will have people talking all summer long.

Blood Rain *Vintage Crime/Black Lizard*

Aurelio Zen—cynical and tough, yet worn down from years of law enforcement—has just been given the worst assignment he could imagine. He has been sent to the heart of hostile territory: Sicily, the ancient, beautiful island where blood has been known to flow like wine, and the distinction between the police and the criminals is a fine one. Even worse, he has been sent to spy on the elite anti-Mafia squad. The only thing that makes the job palatable—and takes his mind off routine details like the rotting body found in a remote train car—is that Zen's adopted daughter, Carla, is also in town. But life becomes precarious for Carla when she stumbles upon some information she'd be better off not knowing and befriends a local magistrate on the Mafia's most wanted list. What ensues is a breakneck plot of amazing complexity that culminates in a stunning finale. *Blood Rain*, emotionally gripping and defiantly original, is surely one of Dibdin's finest works.
