The encyclopedia of health and physical culture / Bernarr Macfadden, editor-in-chief ; a comprehensive guide to the proper care and complete development of the human body, with detailed directions for the prevention and treatment of disease ; including scientific methods for building dynamic, powerful health and attaining a symmetrical, beautiful body ; arranged for ready reading ; classified for immediate reference ; in eight volumes.

The Encyclopedia of Health and Physical Culture Macfadden ...

There are further problems in settling upon a definition of human health. A person may be physically strong, resistant to infection, and able to cope with physical hardship and other features of his or her physical environment and still be considered unhealthy if his or her mental state, as measured by behaviour, is deemed unsound. Mental health can itself be defined variously.
