El poder de los hábitos

por qué hacemos lo que hacemos en la vida y en el trabajo

El Poder de Los Hábitos *Vintage Espanol*

"Hay pocos libros que se convierten en manuales esenciales de vida. Este es uno de ellos". -- Financial Times En El poder de los hábitos, el premiado periodista Charles Duhigg nos lleva al límite de los descubrimientos científicos que explican por qué existen los hábitos, cómo nos condicionan y

cómo cambiarlos. Duhigg ofrece una gran cantidad de información en una fascinante narrativa que nos lleva a las salas de reuniones de Procter & Gamble, a las gradas de la NFL, y hasta al movimiento por los derechos civiles, y presenta una manera completamente nueva de entender la naturaleza humana y su potencial. En esencia, El poder de los hábitos contiene un mensaje estimulante: la clave para hacer ejercicio con regularidad, perder peso, ser más productivo y conseguir el éxito consiste en entender el modo en que funcionan los hábitos. Como demuestra Duhigg, si somos capaces de sacar partido a este nuevo método, conseguiremos transformar nuestra vida laboral, social y personal.

El poder de los hábitos

por qué hacemos lo que hacemos en la vida y en la empresa *Urano*

Los alimentos que elegimos, lo que ahorramos o gastamos, cómo nos comunicamos, el ejercicio que hacemos, cómo organizamos nuestro trabajo... Cada una de las elecciones que hacemos a diario no son la consecuencia de decisiones meditadas, como cabría pensar

The Power of Habit

Why We Do What We Do in Life and Business *Random House*

NEW YORK TIMES BESTSELLER • This instant classic explores how we can change our lives by changing our habits. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Wall Street Journal • Financial Times In The Power of Habit, award-winning business reporter Charles Duhigg takes us to the thrilling edge of scientific discoveries that explain why habits exist and how they can be changed. Distilling vast amounts of information into engrossing narratives that take us from the boardrooms of Procter & Gamble to the sidelines of the NFL to the front lines of the civil rights movement, Duhigg presents a whole new understanding of human nature and its potential. At its core, The Power of Habit contains an exhilarating argument: The key to exercising regularly, losing weight, being more productive, and achieving success is understanding how habits work. As Duhigg shows, by harnessing this new science, we can transform our businesses, our communities, and our lives. With a new Afterword by the author “Sharp, provocative, and useful.”—Jim Collins “Few [books] become essential manuals for business and living. The Power of Habit is an exception. Charles Duhigg not only explains how habits are formed but how to kick bad ones and hang on to the good.”—Financial Times “A flat-out great read.”—David Allen, bestselling author of Getting Things Done: The Art of Stress-Free Productivity “You’ll never look at yourself, your organization, or your world quite the same way.”—Daniel H. Pink, bestselling author of Drive and A Whole New Mind “Entertaining . . . enjoyable . . . fascinating . . . a serious look at the science of habit formation and change.”—The New York Times Book Review

El Poder de Los Habititos *Urano*

Los alimentos que elegimos, lo que ahorramos o gastamos, cómo nos comunicamos, el ejercicio que hacemos, cómo organizamos nuestro trabajo... Cada una de las elecciones que hacemos a diario no

son la consecuencia de decisiones meditadas, como cabría pensar. Son hábitos. Y puesto que todos y cada uno de estos aspectos ejercen un tremendo impacto en nuestra salud, productividad, seguridad y felicidad, parece inevitable preguntarse: ¿podemos cambiarlos? La respuesta es sí. Basándose en infinidad de investigaciones y entrevistas llevadas a cabo tanto en el ámbito académico como en el empresarial, el periodista de investigación Charles Duhigg acerca al gran público las conclusiones de los más recientes hallazgos psicológicos y neurológicos acerca de la formación de rutinas. El resultado es un ensayo apasionante, amenizado con ejemplos de la vida real, que demuestra cómo la adopción de un único hábito clave puede transformar radicalmente nuestra vida personal, corporativa y social.

Mini Habits

Smaller Habits, Bigger Results *Selective Entertainment LLC*

Discover the Life-Changing Strategy of This Worldwide Bestseller in 17 Languages! UPDATED: Includes the best habit tracking apps of 2017. Lasting Change For Early Quitters, Burnouts, The Unmotivated, And Everyone Else Too When I decided to start exercising consistently 10 years ago, this is what actually happened: I tried "getting motivated." It worked sometimes. I tried setting audacious big goals. I almost always failed them. I tried to make changes last. They didn't. Like most people who try to change and fail, I assumed that I was the problem. Then one afternoon--after another failed attempt to get motivated to exercise--I (accidentally) started my first mini habit. I initially committed to do one push-up, and it turned into a full workout. I was shocked. This "stupid idea" wasn't supposed to work. I was shocked again when my success with this strategy continued for months (and to this day). I had to consider that maybe I wasn't the problem in those 10 years of mediocre results. Maybe it was my prior strategies that were ineffective, despite being oft-repeated as "the way to change" in countless books and blogs. My suspicions were correct. Is There A

Scientific Explanation For This? As I sought understanding, I found a plethora of scientific studies that had answers, with nobody to interpret them correctly. Based on the science--which you'll find peppered throughout Mini Habits--we've been doing it all wrong. You can succeed without the guilt, intimidation, and repeated failure associated with such strategies as "getting motivated," New Year's Resolutions, or even "just doing it." In fact, you need to stop using those strategies if they aren't giving you great results. Most popular strategies don't work well because they require you to fight against your subconscious brain (a fight not easily won). It's only when you start playing by your brain's rules and taking your human limitations seriously--as mini habits show you how to do--that you can achieve lasting change. What's A Mini Habit? A mini habit is a very small positive behavior that you force yourself to do every day; its "too small to fail" nature makes it weightless, deceptively powerful, and a superior habit-building strategy. You will have no choice but to believe in yourself when you're always moving forward. The barrier to the first step is so low that even depressed or "stuck" people can find early success and begin to reverse their lives right away. And if you think one push-up a day is too small to matter, I've got one heck of a story for you! Aim For The First Step They say when you aim for the moon, you'll land among the stars. Well, that doesn't make sense, as the moon is closer than the stars. I digress. The message is that you should aim very high and even if you fall short, you'll still get somewhere. I've found the opposite to be true in regards to productivity and healthy behaviors. When you aim for the moon, you won't do anything because it's too far away. But when you aim for the step in front of you, you might keep going and reach the moon. I've used the Mini Habits strategy to get into the best shape of my life, read 10x more books, and write 4x as many words. It started from requiring one push-up from myself every day. How ridiculous is that? Not so ridiculous when you consider the science of the brain, habits, and willpower. The Mini Habits system works because it's how our brains are designed to change. Note: This book isn't for eliminating bad habits (some principles could be useful for breaking habits). Mini Habits is a strategy to create permanent healthy habits in: exercise, writing, reading, thinking positively, meditating, drinking water, eating healthy foods, etc. Lasting change won't happen until you take that first step into a strategy that works. Give Mini Habits a try. You won't look back.

Smarter Faster Better

The Secrets of Being Productive in Life and Business *Doubleday Canada*

From the bestselling author of The Power of Habit comes a fascinating new book exploring the science of productivity, and why, in today's world, managing how you think--rather than what you think about--can transform your life. Productivity, recent studies suggest, isn't always about driving ourselves harder, working faster and pushing ourselves toward greater "efficiency." Rather, real productivity relies on managing how we think, identify goals, construct teams and make decisions. The most productive people, companies and organizations don't merely act differently--they envision the world and their choices in profoundly different ways. This book explores eight concepts that are critical to increasing productivity. It takes you into the cockpit of two passenger jets (one crashes) to understand the importance of constructing mental models--telling yourself stories about yourself in order to subconsciously focus on what really matters. It introduces us to basic training in the U.S.

Marine Corps, where the internal locus of control is exploited to increase self-motivation. It chronicles the outbreak of Israel's Yom Kippur War to examine cognitive closure--a dangerous trap that stems from our natural desire to feel productive and check every last thing off our to-do lists, causing us to miss obvious risks and bigger opportunities. It uses a high-achieving public school in Cincinnati to illuminate the concept of disfluency, which holds that we learn faster and more deeply when we make the data harder to absorb. It shows how the principles of lean manufacturing--in which decision-making power is pushed to the lowest levels of the hierarchy--allowed the FBI to produce a software system that had eluded them for years. It explores how Disney made Frozen into a record success by encouraging tension among animation teams--a version of what biologists refer to as the Intermediate Disturbance Hypothesis, which posits that nature is most creative when crises occur. With the combination of relentless curiosity, deep reporting and rich storytelling that defined The Power of Habit, Charles Duhigg takes readers from neurology laboratories to Google's brainstorming sessions and illustrates how we can all increase productivity in our lives.

How to Build Self-Discipline

Resist Temptations and Reach Your Long-Term Goals *Meadows Publishing*

How to Develop Self-Discipline, Resist Temptations and Reach Your Long-Term Goals If you want to make positive changes in your life and achieve your long-term goals, I can't think of a better way to do it than to learn how to become more self-disciplined. Science has figured out a lot of interesting aspects of self-discipline and willpower, but most of this knowledge is buried deep inside long and boring scientific papers. If you'd like to benefit from these studies without actually reading them, this book is for you. I've done the job for you and researched the most useful and viable scientific findings that will help you improve your self-discipline. Here are just a couple things you will learn from the book: - what a bank robber with lemon juice on his face can teach you about self-control. The story will make you laugh out loud, but its implications will make you think twice about your ability to control your urges. - how \$50 chocolate bars can motivate you to keep going when faced with an overwhelming temptation to give in. - why President Obama wears only gray and blue suits and what it has to do with self-control (it's also a possible reason why the poor stay poor). - why the popular way of visualization can actually prevent you from reaching your goals and destroy your self-control (and what to do instead). - what dopamine is and why it's crucial to understand its role

to break your bad habits and form good ones. - 5 practical ways to train your self-discipline. Discover some of the most important techniques to increase your self-control and become better at resisting instant gratification. - why the status quo bias will threaten your goals and what to do to reduce its effect on your resolutions. - why extreme diets help people achieve long-term results, and how to apply these findings in your own life. - why and when indulging yourself can actually help you build your self-discipline. Yes, you can stuff yourself (from time to time) and still lose weight. Instead of sharing with you the detailed "why" (with confusing and boring descriptions of studies), I will share with you the "how" - advice that will change your life if you decide to follow it. You too can master the art of self-discipline and learn how to resist temptations. Your long term goals are worth it. Scroll up and buy the book now. As a gift for buying my book, you'll get my another book, "Grit: How to Keep Going When You Want to Give Up." Keywords: Develop self discipline, willpower and self discipline, self-discipline, self control books, stress, reach your goals, self-control, achieve your goals, instant gratification, long term goals, goal setting success, goal setting books, how to reach your goals, how to achieve your goals, persistence, how not to give up, stick to a diet, stay motivated, build habits, delayed gratification, personal development

The Fifth Agreement

A Practical Guide to Self-Mastery *Amber-Allen Publishing*

In The Four Agreements, a New York Times bestseller for over 7 years, Ruiz revealed how the process of our education, or "domestication," can make us forget the wisdom we were born with.

Throughout our lives, we make many agreements that go against ourselves and create needless suffering. The Four Agreements help us to break these self-limiting agreements and replace them with agreements that bring us personal freedom, happiness, and love. In The Fifth Agreement, don Miguel Ruiz joins his son don Jose Ruiz to offer a fresh perspective on The Four Agreements, and a powerful new agreement for transforming our lives into our personal heaven. The Fifth Agreement takes us to a deeper level of awareness of the power of the Self, and returns us to the authenticity we were born with. In this compelling sequel to the book that has changed the lives of millions of people around the world, we are reminded of the greatest gift we can give ourselves: the freedom to be who we really are.

¿Los hábitos son buenos o malos? ¿Por qué haces determinadas cosas siempre de la misma manera? ¿Crees que necesitas un cambio de hábitos y de vida? Conoce el poder de esos hábitos y úsalos en tu beneficio. Esta obra pone al descubierto el importante rol que tienen los hábitos en nuestras vidas. Lo que compramos, lo que elegimos, lo que ahorramos o gastamos, cómo organizamos nuestro trabajo, cada momento de nuestra vida está determinado en gran parte por los hábitos. Incluso cuando creemos que no estamos desarrollando ninguna actividad, los hábitos gestionan nuestro comportamiento. Los hábitos sustituyen a nuestras decisiones, pues nuestra dependencia de ellos puede incluso encontrarse en los inicios de nuestra evolución: los hábitos son instintos primitivos que se establecieron para regir la manera en que llevamos nuestra conducta, nuestras relaciones personales y también nuestros negocios. Conocer cómo se han formado y por qué hacemos lo que hacemos es importante para avanzar en la vida. Tomar consciencia de este conocimiento nos ayudará a modificar nuestros hábitos para nuestro beneficio y para obtener el poder sobre nuestro comportamiento. ¿QUÉ APRENDERÁS?* Descubrirás que los hábitos llegan sin que te des cuenta y se instalan silenciosamente.* Conocerás el proceso de formación de un hábito y reflexionarás acerca de cómo influye en tu vida.* Te darás cuenta de cómo los hábitos son conductas que hemos aprendido por medio de un proceso de señal-rutina-recompensa. * Aprenderás las estrategias para deshacerte de hábitos que son perjudiciales y para generar otros que te favorecerán.* Entenderás que, si quieres cambiar de vida, deberás empezar por cambiar tus hábitos.

The 80/20 Principle, Third Edition

The Secret to Achieving More with Less *Currency*

Be more effective with less effort by learning how to identify and leverage the 80/20 principle: that 80 percent of all our results in business and in life stem from a mere 20 percent of our efforts. The 80/20 principle is one of the great secrets of highly effective people and organizations. Did you know, for example, that 20 percent of customers account for 80 percent of revenues? That 20 percent of our time accounts for 80 percent of the work we accomplish? The 80/20 Principle shows how we can achieve much more with much less effort, time, and resources, simply by identifying and focusing our efforts on the 20 percent that really counts. Although the 80/20 principle has long influenced today's business world, author Richard Koch reveals how the principle works and shows how we can use it in a systematic and practical way to vastly increase our effectiveness, and improve our careers and our companies. The unspoken corollary to the 80/20 principle is that little of what we spend our time on actually counts. But by concentrating on those things that do, we can unlock the enormous potential of the magic 20 percent, and transform our effectiveness in our jobs, our careers, our businesses, and our lives.

The 5 AM Club

Own Your Morning. Elevate Your Life. *HarperCollins*

Legendary leadership and elite performance expert Robin Sharma introduced The 5am Club concept over twenty years ago, based on a revolutionary morning routine that has helped his clients maximize their productivity, activate their best health and bulletproof their serenity in this age of overwhelming complexity. Forever.

Atomic Habits

An Easy & Proven Way to Build Good Habits & Break Bad Ones *Penguin*

The #1 New York Times bestseller. Over 4 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: • make time for new habits (even when life gets crazy); • overcome a lack of motivation and willpower; • design your environment to make success easier; • get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

The Rumor

A Novel *Ballantine Books*

“Keeps you guessing until the final page.”—Paula Hawkins, author of *The Girl on the Train* “A

rollercoaster ride to the very last sentence.”—Fiona Barton, author of *The Widow* “Everyone will be talking about *The Rumor*.”—Shari Lapena, author of *The Couple Next Door* When a single mother hears a shocking rumor outside her son’s school, she never intends to pass it on. But one casual comment leads to another . . . and now there’s no going back. Rumor has it that a notorious killer, who committed a brutal crime as a child, has been living a new life under an assumed identity in Joanna’s seaside town. So who is the criminal hidden in their midst? Suspicion falls on everyone. As Joanna becomes obsessed with the case, her curiosity will expose her son and his father to the supposedly reformed murderer—who may be ready to kill again. She will learn how dangerous one rumor can become . . . and just how far she must go to protect those she loves. She is going to regret the day she ever said a word. Praise for *The Rumor* “A brilliant premise with a killer twist. The *Rumor* depicts the prejudices and secrets that simmer in a small seaside town to devastating effect.”—Colette McBeth, author of *An Act of Silence* “This mystery has an unusual and resonant theme—how a single rumor can morph into a completely unmanageable, deadly force. . . . [There’s] psychological acuity throughout and [an] astonishing ending.”—Booklist

Joyce touches on topics like: Living beyond feelings Overcoming fear and insecurity Being wise with words Establishing proper priorities Defeating negative circumstances Overcoming an "I can't" attitude Enjoying the favor of God Women need inspiration today more than ever, and *Habits of a Godly Woman* will encourage and motivate you to make it through the day with God at the forefront.

How to Make Good Things Happen: Know Your Brain, Enhance Your Life *The Countryman Press*

An empowering journey through the mechanisms of the mind from one of the world’s leading mental health experts. For those in pursuit of a better life, psychiatrist Marian Rojas Estapé presents the essential guide to neuroscience-driven mindfulness. Understanding your brain, managing your emotions, and being aware of your responses to stressors can give you greater self-control. Rather than a gimmicky guidebook, this is a thorough look at how our brains react to stress, threats, hyperstimulation, and the vices of our digital age. With proven techniques backed by solid, up-to-date psychiatric research, Estapé teaches us how to make the best of our lives. Combining science, psychology, and philosophy, Estapé delivers practical advice about how we can cultivate a happy existence. This includes understanding the parts of the brain, setting healthy goals and objectives, strengthening willpower, cultivating emotional intelligence, developing assertiveness, avoiding excessive self-criticism and self-demand, and mastering the proven art of optimism.

The Outsiders *Pearson UK*

How to Fail at Almost Everything and Still Win Big

Kind of the Story of My Life *Penguin*

Blasting clichéd career advice, the contrarian pundit and creator of *Dilbert* recounts the humorous ups and downs of his career, revealing the outsized role of luck in our lives and how best to play the system. Scott Adams has likely failed at more things than anyone you’ve ever met or anyone you’ve even heard of. So how did he go from hapless office worker and serial failure to the creator of *Dilbert*, one of the world’s most famous syndicated comic strips, in just a few years? In *How to Fail at Almost Everything and Still Win Big*, Adams shares the game plan he’s followed since he was a teen: invite failure in, embrace it, then pick its pocket. No career guide can offer advice that works for everyone. As Adams explains, your best bet is to study the ways of others who made it big and try to glean some tricks and strategies that make sense for you. Adams pulls back the covers on his own unusual life and shares how he turned one failure after another—including his corporate career, his inventions, his investments, and his two restaurants—into something good and lasting. There’s a lot to learn from his personal story, and a lot of entertainment along the way. Adams discovered some unlikely truths that helped to propel him forward. For instance: • Goals are for losers. Systems are for winners. • “Passion” is bull. What you need is personal energy. • A combination of mediocre skills can make you surprisingly valuable. • You can manage your odds in a way that makes you look lucky to others. Adams hopes you can laugh at his failures while discovering some unique and helpful ideas on your own path to personal victory. As he writes: “This is a story of one person’s unlikely success within the context of scores of embarrassing failures. Was my eventual success primarily a result of talent, luck, hard work, or an accidental just-right balance of each? All I know for sure is that I pursued a conscious strategy of managing my opportunities in a way that would make it easier for luck to find me.”

The Model Thinker

What You Need to Know to Make Data Work for You *Basic Books*

Work with data like a pro using this guide that breaks down how to organize, apply, and most importantly, understand what you are analyzing in order to become a true data ninja. From the stock market to genomics laboratories, census figures to marketing email blasts, we are awash with data. But as anyone who has ever opened up a spreadsheet packed with seemingly infinite lines of data knows, numbers aren't enough: we need to know how to make those numbers talk. In *The Model Thinker*, social scientist Scott E. Page shows us the mathematical, statistical, and computational models—from linear regression to random walks and far beyond—that can turn anyone into a genius. At the core of the book is Page's "many-model paradigm," which shows the reader how to apply multiple models to organize the data, leading to wiser choices, more accurate predictions, and more robust designs. *The Model Thinker* provides a toolkit for business people, students, scientists,

pollsters, and bloggers to make them better, clearer thinkers, able to leverage data and information to their advantage.

A Whole New Mind takes readers to a daring new place, and a provocative and necessary new way of thinking about a future that's already here.

Netiquette

A Student's Guide to Digital Etiquette *The Rosen Publishing Group, Inc*

There is growing concern over how we behave and interact online, from fighting, incivility, rudeness, and even criminal behaviors like cyberbullying, to simply adapting old forms of etiquette to a new landscape. This book, updated from an earlier resource, provides younger readers an introduction to this timely topic, a subject that they are both engaged in forming themselves as "digital natives," and one they also often require guidance in. It informs readers about the polite and productive use of social media networks and mobile platforms and discusses pressing issues of etiquette within families, among friends, and in educational settings.

The 8th Habit

From Effectiveness to Greatness *Simon and Schuster*

In the 7 Habits series, international bestselling author Stephen R. Covey showed us how to become as effective as it is possible to be. In his long-awaited new book, THE 8th HABIT, he opens up an

entirely new dimension of human potential, and shows us how to achieve greatness in any position and any venue. All of us, Covey says, have within us the means for greatness. To tap into it is a matter of finding the right balance of four human attributes: talent, need, conscience and passion. At the nexus of these four attributes is what Covey calls voice - the unique, personal significance we each possess. Covey exhorts us all to move beyond effectiveness into the realm of greatness - and he shows us how to do so, by engaging our strengths and locating our powerful, individual voices. Why do we need this new habit? Because we have entered a new era in human history. The world is a profoundly different place than when THE 7 HABITS OF HIGHLY EFFECTIVE PEOPLE was originally published in 1989. The challenges and complexity we face today are of a different order of magnitude. We enjoy far greater autonomy in all areas of our lives, and along with this freedom comes the expectation that we will manage ourselves, instead of being managed by others. At the same time, we struggle to feel engaged, fulfilled and passionate. Tapping into the higher reaches of human genius and motivation to find our voice requires a new mindset, a new skill-set, a new tool-set - in short, a whole new habit.

De Perezoso a Exitoso

El Poder de Los Hábitos Extraordinarios *Createspace Independent Publishing Platform*

Razones para salir corriendo a leer "De Perezoso a Exitoso - El Poder de los Hábitos Extraordinarios" "De Perezoso a Exitoso" es una guía paso a paso que nos invita a conocer el mundo de los hábitos y las rutinas, entender cómo operan, y aprender a transformarlos a través de diversos ejercicios muy prácticos y sencillos que nos convertirán en personas exitosas si de verdad estamos comprometidos con el logro de nuestros objetivos. A continuación, te enseñaré 3 razones por las que no debes dejar de leer este libro tan útil como interesante y entretenido: 1- Nos ayuda a abrir los ojos: De una manera muy clara y sencilla se enseñan las teorías científicas que explican cómo funcionan nuestros hábitos y cerebro, además de la influencia directa que ellos tienen sobre nuestros éxitos (o fracasos), tanto en la vida profesional como personal, también se nos dice una gran verdad: la mayoría de los hábitos se forman y ocurren día tras día de manera cotidiana e inconsciente. Una de las principales razones por la que nuestros hábitos pueden influir de manera negativa en nuestras vidas, es porque no tenemos control alguno sobre ellos, y lo preocupante es que hasta que no tengamos conciencia de ello, no podremos hacer nada al respecto. En este libro aprenderás no solo a darte cuenta de que los hábitos ocurren en tu vida diariamente sin darte cuenta, sino que también podrás aprender a identificar sus posibles consecuencias negativas, esas de las que quizás no estás al tanto, para que una vez que tengas total dominio de ellos, puedas aplicar las estrategias necesarias para que puedas transformarlos y convertirlos en hábitos provechosos que te aporten solo cosas positivas. 2- Posee un tono pedagógico y agradable al lector No es el típico libro científico con lenguaje enredado e imposible de entender. Tampoco es el clásico libro dirigido a un público de expertos académicos sobrecargado de tecnicismos. "De Perezoso a Exitoso" es un libro apto para todo público, donde se abordan diferentes teorías científicas desde un tono bastante pedagógico para que no solo sea muy fácil de comprender, sino que además el lector pueda adquirir los conocimientos que en él se plasman de manera rápida y sencilla. Al final de cada capítulo se

plantean ejercicios de diversas índoles para que la teoría estudiada pueda ser puesta en práctica por cada lector, basándose en ejemplos no solo cotidianos sino además propios y personales de cada persona que lea este interesante libro. 3- Permite al lector ser protagonista del libro y de su propia historia: El libro está escrito en primera persona, en un tono muy personal donde el autor se dirige al lector de manera amable y respetuosa, pero al mismo tiempo con confianza y calidez. Cuando el autor se refiere al lector lo hace en segunda persona, además de relatar experiencias muy personales que de manera muy amable se atreve a compartir con quien lee el libro, para que así quien lo tenga en sus manos pueda sentir que el libro es realmente un gran aliado para él. Más allá de que el libro contenga anécdotas personales del autor, este deja muy en claro que el verdadero

protagonista es quien lo está leyendo, y la máxima prueba son los ejercicios que aparecen al final de cada capítulo, donde la atención está centrada en que cada lector pueda poner en práctica lo aprendido en el libro. Cada ejercicio está diseñado para que el lector sea capaz de llevar los ejemplos y los ejercicios a su vida cotidiana, para que así los aplique en su trabajo, en sus negocios, e incluso en su vida personal, lo cual a la larga le permitirá alcanzar el éxito en las metas que se proponga, siempre y cuando exista disciplina y compromiso en consonancia con las metas trazadas. Más que un libro de Hábitos, esta obra es un recorrido por el desarrollo personal, la ley de atracción, felicidad, motivación, persuasión y PNL... Un compilado perfectamente ensamblado y todo al alcance de tu mano.
