Part textbook and part reference work, the fifth edition of a typographic classic begins with a thumbnail history of the development of written language and ends with a glossary; in between are in-depth looks at five classic typefaces, lessons on designing with text type, display type and color, and plenty of project assignments.

Designing with Type, 5th Edition: The Essential Guide to ...

The first and most basic element of design is that of the line. In drawing, a liene is the stroke of the pen or pencil but in graphic design, it's any two connected points. Lines are useful for dividing space and drawing the eye to a specific location. For example, think about how a magazine uses lines to separate content, headlines and side panels.

Text- Even text can be incorporated in creative ways to give a new meaning to a graphic design. It requires the use of font, color, size, type of the text etc. to make a text look like a piece of art in itself. The concrete or abstract art designed using these tools and elements, is known as the product of graphic designing.

Concept of Graphic Design - Basic-concept.com

Design as a process. Substantial disagreement exists concerning how designers in many fields, whether amateur or professional, alone or in teams, produce designs. Kees Dorst and Judith Dijkhuis, both designers themselves, argued that "there are many ways of describing design processes" and discussed "two basic and fundamentally different ways", both of which have several names.

Design - Wikipedia

Also referred to as Hollywood Regency, Hollywood Glam is a design style that tends to be luxurious,

over-the-top and opulent. It's a dramatic design style, perfect for a homeowner who enjoys making a statement. This design style can incorporate some features of Victorian design, including plush, velvet furnishings, tufting and antiques.
