organizations in industry strategy structure and selection

The first organization structure aroused when there was a need for more efficiency and effectiveness, when companies wanted to remain the same and maintain their position in the market, during these days, whatever structure needed was put in place and people adapted to it whether they liked it or not.

Organizational Structure as a business strategy

Strategy and structure are two separate concepts in business that affect multiple aspects. Strategy serves as a plan of action for the business, determining what the business is going to do next, how they're going to do it, and when. It predates the business' structure, since the creation of an organizational structure requires planning for its execution.1 The entire layout of the business down to the last detail needs to be carefully planned in order for it to be a cohesive structure that ...
