(PDF) Exploring Post-development: Theory and Practice ...

By this, we mean a set of thinking and doing practices that are guided by a distinctive ethical stance. Post-development discourse is aligned with the long leftist tradition of critical analyses that accompanied the global consolidation, immediately after the Second World War, of a hegemonic mainstream development project.

Exploring Post-Development - Taylor & Francis Group

The postdevelopment critique holds that modern development theory is a creation of academia in tandem with an underlying political and economic ideology. The academic, political, and economic nature of development means it tends to be policy oriented, problem-driven, and therefore effective

only in terms of and in relation to a particular, pre-existing social theory.

Postdevelopment theory - Wikipedia

This distinction has prompted an exploration of post-development theory that shows how an informed Foucauldian treatment of post- development adds value to the analysis and allows for relating post-development concerns to the practice of development.

Exploring Post-Development: Politics, the State and ...

Introduction. Postdevelopment theory is one of the most compelling—and controversial—fields of thought in contemporary development studies. This body of literature became prominent in the 1990s and has since sparked fierce debate and attracted much attention, both positive and negative. The discussion generated by postdevelopment theory has contributed not only to development studies but also to broader discussions about the so-called Third World and the future of left politics in a ...

Postdevelopment Theory | Oxford Research Encyclopedia of ...

Potter et al (2008:3) describes post development as 'a radical reaction to the dilemmas of development' - however they are based on the failures of modernisation and thus revolves around the idea...

Post Development - Theories of Development

Post-development thinking does not constitute a theory of development. It is a useful and necessary concept. Operating as a concept, it does something very important and of great value to the field in which it is applied: it interrogates, navigates, examines, confronts, and at times supports existing theory in an effort to reform the huge post World War II “business” known as development.
