The Outsider *TarcherPerigee*

An alienated young man attempts to find himself through an examination of modern philosophy

The Outsider *Penguin*

The seminal work on alienation, creativity, and the modern mind-set. "An exhaustive, luminously intelligent study...a real contribution to our understanding of our deepest predicament."—Philip Toynbee.

UC The Outsider *Penguin*

Colin Wilson's classic exploration of the rebel as genius, with a new introduction by Gary Lachman. When the upstart English writer Colin Wilson debuted on the literary scene with *The Outsider* in 1956, it marked one of the opening notes of the cultural revolution of the sixties. Wilson celebrated the misfit not as a figure to be "fixed" and reintegrated into society, but as a lone journeyer who often had a stirring artistic, political, or spiritual innovation to convey to society. Wilson lived this book as much as wrote it. As an impoverished 23-year-old, the Englishman slept in a tent in a London park so that he could be free of material demands to dedicate himself fully to his study. When *The Outsider* appeared in 1956, it became a sensation among both critics and beats, who formed the vanguard of the dawning Aquarian Age. In Wilson's epic exploration of mystics, visionaries, literary pioneers, political troublemakers, and rule breakers of all sorts, he evoked a new kind of heroism, which changed how we view ourselves and our purpose in life. *The Outsider* is now reissued and reset in a beautiful Tarcher Cornerstone Edition, with a new introduction by Wilson's friend and biographer, Gary Lachman. This new volume coincides with Tarcher's publication of Lachman's biography of Wilson, *Beyond the Robot*. From the Trade Paperback edition.

The Outsider

Individet på den forkerte hylde søger at hævde sig gennem overkreativitet

Colin Wilson, the Outsider and Beyond *Wildside Press LLC*

Wilson, who is acknowledged for the consistently high quality of his prose, whether it be fiction, nonfiction, or criticism, has refused to accept the limitations of genre or form, or to be placed

in some literary cubbyhole. Clifford P. Bendau here covers Wilson's work, from his first appearance as a literary enfant terrible, to the publication of his landmark novel, *The Space Vampyres* (1976), regarded by many critics as one of his finest works.

Around the Outsider

Essays presented to Colin Wilson on the occasion of his 80th birthday *John Hunt Publishing*

In May 1956, aged just 24, Colin Wilson achieved success and overnight fame with his philosophical study of alienation and transcendence in modern literature and thought, *The Outsider*. Fifty-four years on, and never out of print in English, the book is still widely read and discussed, having been translated into over thirty languages. In a remarkably prolific career, Wilson, a true polymath, has since written over 170 titles: novels, plays and non-fiction on a variety of subjects. This volume brings together twenty essays by scholars of Colin Wilson's work worldwide and is published in his honour to mark the author's 80th birthday. Each contributor has provided an essay on their favourite Wilson book (or the one they consider to be the most significant). The result is a varied and stimulating assessment of Wilson's writings on philosophy, psychology, literature, criminology and the occult with critical appraisals of four of his most thought-provoking novels. Altogether a fitting tribute to a writer

The Mind Parasites *Monkfish Book Publishing*

Wilson has blended H.P. Lovecraft's dark vision with his own revolutionary philosophy and unique narrative powers to produce a stunning, high-tension story of vaulting imagination. A professor makes a horrifying discovery while excavating a sinister archaeological site. For over 200 years, mind parasites have been lurking in the deepest layers of human consciousness, feeding on human life force and steadily gaining a foothold on the planet. Now they threaten humanity's extinction. They can be fought with one weapon only: the mind, pushed to--and beyond--its limits. Pushed so far that humans can read each other's thoughts, that the moon can be shifted from its orbit by thought alone. Pushed so that man can at last join battle with the loathsome parasites on equal terms.

A Criminal History of Mankind *Diversions Books*

This "immensely stimulating story of true crime down the ages" tells the history of human violence, from Peking Man to the Mafia (*The Times*, London). This landmark work offers a completely new approach to the history and psychology of human violence. Its sweep is broad, its research meticulous and detailed. Colin Wilson explores the bloodthirsty sadism of the ancient Assyrians and the mass slaughter by the armies led by Genghis Khan, Tamerlane, Ivan the Terrible, and Vlad the Impaler. He delves into modern history, exploring the genocides practiced by Stalin and Hitler. He then takes a chilling look into the sex crimes and mass murders that have become symbols of the neuroses and intensity of modern life. With breathtaking audacity and stunning insight, Wilson puts criminality firmly in a wide, illuminating historical context. "A work of massive energy, compulsively readable, splendidly informative . . . it establishes Wilson in a European tradition of thought that includes H. G. Wells, Sartre and Shaw." —*Time Out London* "A tremendous resource for crime buffs as well as a challenging exposition for some of the more subtle criminological thinking of our time." —*Kirkus Reviews*

Introduction to the New Existentialism *Routledge*

Colin Wilson revitalised existentialism with a completely new

approach to the philosophy. The six volumes of his 'Outsider' series created an existentialism that is not paralysed by its own nihilism. This book, first published in 1966, is a clear summary of the ideas of the 'Outsider' cycle, and also develops them to a new stage. Wilson's 'new existentialism' sees philosophy as an intellectual adventure that aims at a real command and control of human existence, and this book is its clearest exponent.

Dreaming To Some Purpose *Random House*

Colin Wilson is the bete-noir of the Oxbridge literary establishment. He never went to university, let alone Oxbridge, yet wrote *The Outsider*, a brilliant account of the pain of being alive today, when he was just twenty-four. It sold millions of copies around the world, and he was acclaimed as one of the leading intellectuals of the age, finding a huge audience with the anti-establishment, alternative and underground thinkers. Because of his radically new attitudes he was - with John Osborne - dubbed an 'angry young man' in the article that originally coined that phrase. In this way a young man from a working class background suddenly found himself moving in the most colourful literary and artistic circles of the day. In his autobiography he tells stories about, among others, Aldous Huxley, Angus Wilson, John Osborne, Kingsley Amis, Kenneth Tynan, Francis Bacon and Norman Mailer - all observed with a true outsider's eye for absurdity. He is regarded by many as a true literary hero - Julian Cope stopped a recent concert to pay tribute to Wilson who as sitting in the audience and Donovan Leitch dedicates his new autobiography to him - but he also has huge mass market appeal. His insightful, brilliant books on the Occult, the Mysteries and Atlantis and the Sphinx were all huge bestsellers netting millions of copies. In this return to the themes of *The Outsider*, looked at from the point of his own life story, he again proves himself one of the great intellectuals of our age, never ceasing to wrestle with the great questions of life and death, and writing with an erudition and an easy way with ideas that is rare in English literary life.

Colin Wilson

The Outsider

Beyond the Occult

Twenty Years' Research into the Paranormal *Watkins Media Limited*

Colin Wilson has explored the paranormal universe ever since he researched his first highly successful work, *The Occult*: "the most interesting, informative and thought-provoking book on the subject."* Now, 20 years later, he offers an even wider examination of the mystical and paranormal. And what he has produced is amazing—a thoroughly convincing general theory of the occult. Wilson powerfully posits that our so-called "normal" experience may in fact be subnormal, and that evolution has brought us near the edge of a quantum leap into a hugely expanded human consciousness. Combining fascinating glimpses into the paranormal world with the latest scientific thinking on the nature of "physical reality," he reveals the usually unseen powers of the human mind and discusses why he has become convinced that disembodied spirits do exist.

The Ultimate Colin Wilson

Writings on Mysticism, Consciousness and Existentialism *Watkins*

The best of Colin Wilson in one fantastic volume. Containing

extracts from Wilson's work on existentialism, criminology, psychology and the occult, this is an invaluable introduction to one of the late twentieth-century's most incisive thinkers. This is a new edition of the classic Colin Wilson collection *The Essential Colin Wilson* (first published in 1985), updated and introduced by Wilson's bibliographer Colin Stanley. It is the only book to contain extracts from Colin Wilson's most important work in one volume, including *The Outsider* (1956), *A Criminal History of Mankind* (1983), *The New Existentialism* (1966), *The Occult* (1971), *New Pathways in Psychology* (1972) and *Mysteries* (1978), as well as three of his novels and many other texts. Subjects covered include existentialism, criminology, psychology, consciousness studies, the occult and much more. This second edition includes all of the original volume plus six essential post-1985 essays and chapters chosen by Stanley and other Colin Wilson experts including Gary Lachman. These essays provide a much needed update covering aspects of Wilson's work from the 28 years that followed the publication of the first edition to his death in December 2013. This is an invaluable introduction for those approaching one of the late twentieth century's most incisive thinkers for the first time and also a timely reminder, to Colin Wilson's many fans and scholars worldwide, of a unique and challenging body of work.

Super Consciousness

The Quest for the Peak Experience *Watkins Media Limited*

Throughout history there have been references and examples in literature, art and philosophy of an increased awareness of life while under the influence of extreme emotions - these have become known as Peak Experiences. Soon after Colin Wilson became aware of this phenomena in the 1960s he wondered about its history and how its power could be harnessed, thus began a 40 year investigation. In "SUPERCONSCIOUSNESS" we see how such luminaries as Yeats, Blake, Satre, Nietzsche and Robert Graves were all effected by PE's and how on the opposite side it has long been noted that we are least insightful when we are at our lowest ebb. By looking in detail through the different areas where this phenomena has occurred and offering anecdotes and examples of how many people in history (as well as himself) were effected Wilson reveals a pattern of insight with emotions. He ends the book with an instructional section on achieving power consciousness for yourself.

The Occult *Diversion Books*

"The author of *THE OUTSIDER* has written a fascinating history of magic through the centuries." —The Washington Post "This most interesting, informative and thought-provoking book on the subject I have read..." —Arthur Calder-Marshall, The Sunday Telegraph Colin Wilson's bestselling classic is an essential guide to the mind-expanding experiences and discoveries of the occult in the 20th century. He has produced a wonderfully skillful synthesis of the available material—one that sees the occult in the light of reason and reason in the light of the mystical and paranormal. The result is a wide-ranging survey of the subject that provides a comprehensive history of magic, an insightful exploration of our latent powers, and a journey of enlightenment.

Colin Wilson

Philosopher of Optimism

The classic study of existential despair, *The Outsider* brought Wilson instant fame, followed by revilement by those same critics who had previously hailed him. Now in his seventy-fourth year the writer and philosopher sums up his thinking. He brings new

thoughts to bear on his work, and clearly illustrates the discoveries he has made, showing how these can provide an antidote to the pessimism of 20th Century thought. At the core of his philosophy are the concepts of 'intentionality' and the 'peak experience'. Wilson shows us that if we will only open our eyes and direct perception properly we can use our minds in the most positive sense, to change ourselves and the world around us. Wilson also talks about his writings on philosophy, criminology and the occult. Sometimes controversial, often challenging and always interesting, this interview by writer and journalist Brad Spurgeon, conducted at the author's home in Gorran Haven, in Cornwall,

Beyond the Robot

The Life and Work of Colin Wilson *Penguin*

Historian Gary Lachman delivers a fascinating, rollicking biography of literary and cultural rebel Colin Wilson, one of the most adventurous, hopeful, and least understood intellects of the past century. You will embark on the intellectual ride of a lifetime in this rediscovery of the life and work of writer, rebel, and social experimenter Colin Wilson (1931-2013). Author of the classic *The Outsider*, Wilson, across his 118 books, purveyed a philosophy of mind power and human potential that made him one of the least understood and most important voices of the twentieth century. Wilson helped usher in the cultural revolution of the 1960s with his landmark work, *The Outsider*, published in 1956. *The Outsider* was an intelligent, meticulous, and unprecedented study of nonconformity in all facets of life. Wilson, finally, became a prolific and unparalleled historian of the occult, providing a generation of readers with a responsible and scholarly entry point to a world of mysteries. Now, acclaimed historian Gary Lachman, a friend of Wilson and a scholar of his work, provides an extraordinary and delightful biography that delves into the life, thought, and evolution of one of the greatest intellectual rebels and underrated visionaries of the twentieth century.

Speculum Spinozanum, 1677-1977 *Routledge*

Originally published in 1978. These essays are written by distinguished philosophers from many countries and were published as a homage to Spinoza in the year which marked the three-hundredth anniversary of his death. A special feature of the book is that it includes a recently discovered letter by Spinoza, reproduced for the first time in English and in facsimile, with a commentary. The controversial influence of Spinoza on Freud is discussed, and illustrated by facsimile reproductions of original letters, hitherto unknown to Freudians and Spinozists alike. These letters direct revealing light on some of Freud's attitudes. Important parallels between East and West will also attract the student of Spinoza.

The Occult

The Ultimate Guide for Those Who Would Walk with the Gods *Watkins Media Limited*

Colin Wilson's great classic work is a comprehensive history of mystery and "magic". His genius lies in producing a skilful synthesis of the available material; clarifying without simplifying, seeing the occult in the light of reason and reason in the light of the mystical and paranormal. It is a journey of enlightenment – a wide-ranging survey of the whole subject and an insightful exploration of Man's latent powers. Republished two years after the author's death and with a new foreword by bibliographer Colin Stanley, Wilson brings his own refreshingly optimistic and stimulating interpretation to the worlds of the paranormal, the

occult and the supernatural. "The Occult is the most interesting, informative and thought-provoking book on the subject I have read" --Sunday Telegraph

Colin Wilson's 'Occult Trilogy'

A Guide for Students *John Hunt Publishing*

The 'Occult Trilogy' is the collective label applied to Colin Wilson's three major works on the occult: *The Occult* (1971); *Mysteries: an Investigation into the Occult, the Paranormal and the Supernatural* (1978) and *Beyond the Occult* (1988). They amounted to a monumental 1600 pages and have spawned many other lesser works.

Colin Wilson

The Outsider and After

Access to Inner Worlds

The Story of Brad Absetz

The Merchant of Venice *Cambridge University Press*

The Merchant of Venice has been performed more often than any other comedy by Shakespeare. Molly Mahood pays special attention to the expectations of the play's first audience, and to our modern experience of seeing and hearing the play. In a substantial new addition to the Introduction, Charles Edelman focuses on the play's sexual politics and recent scholarship devoted to the position of Jews in Shakespeare's time. He surveys the international scope and diversity of theatrical interpretations of *The Merchant* in the 1980s and 1990s and their different ways of tackling the troubling figure of Shylock.

Reflections on the Work of Colin Wilson *Cambridge Scholars Publishing*

When the archive of the English philosopher and polymath Colin Wilson (1931-2013) was officially opened at the University of Nottingham, UK, in the summer of 2011, it was agreed among those present that a conference should be held there to discuss his work. In July 2016, the First International Colin Wilson Conference was staged with the Proceedings being published a year later. The success of that conference inevitably meant that a second was arranged and held two years later in July 2018. This volume—which will be of interest to scholars and fans of Wilson's work, in addition to students of philosophy and consciousness studies—contains the transcripts of the papers presented on July 6, 2018: day one of that second conference. Experts, scholars and fans, from around the globe, gathered to hear and present papers on a variety of Wilson-related topics ranging from Existentialism to the Occult; from Robert Musil to classical music; and from Transpersonal Psychology to Transcendental Evolution.

Inside the Outsider

Colin Wilson Explains His Philosophy to Sandy Robertson

A Book of Booze *Orion*

The Age of Defeat

In *The Age of Defeat*, the third volume of the Outsider Cycle, Colin Wilson introduces his New Existentialism as the basis for the revolution in thought that we need to bring about; a revolt against insignificance and ordinariness. The New Existentialism is a practical and strong-willed philosophy that will renew the

concept of Man as hero. It emphasises the extraordinary in us. The Age of Defeat examines the loss of the hero in Western culture and the implications of that loss for humanity. When it was written in the middle of the 20th century, it was the idea of the hero that was endangered. Today it is Man, his identity and his masculinity, who is verging on extinction. The concept of Man is one of the most ambiguous and puzzling in our culture. It might be a good moment to remember what to be a Man used to imply.

SR's Book of the Week

"The Outsider", Author Colin Wilson

Brandy Of The Damned

Colin Wilson On Music *Foruli Limited*

Colin Wilson's (1931-2013) first book, 'The Outsider', was published in 1956. It brought him instant recognition as one of the most radical thinkers of his generation. 'Brandy of the Damned' was first published in 1964, and in revised form in 1967. In this book Wilson navigates a fascinating journey through the world of music, providing insights into Mozart and Beethoven, provocatively tackling what was then the 'modern' music of Schoenberg and Stravinsky, and speculating on the nature and spirit of jazz and many other musical subjects. Foruli Classics - classic music and popular culture books reborn.

After Life

Survival of the Soul *Llewellyn Worldwide Limited*

Drawing on diverse case histories, the author explores the evidence of life after death, including the voices-in-the-head experiences of psychiatric patients and the accounts of clairvoyants.

The Glass Cage

London is on edge due to a series of brutal and bizarre murders. Baffled, the police enlist the aid of a brilliant Blake scholar named Damon Reade, whose powers of instinctive deduction and psychic penetration leads him to a possible suspect. But could this person actually have committed the murders or is Reade falling into a psychopath's deadly trap that could make him the next victim.

Peking Story

The Last Days of Old China *New York Review of Books*

For two years before and after the 1948 Communist Revolution, David Kidd lived in Peking, where he married the daughter of an aristocratic Chinese family. "I used to hope," he writes, "that some bright young scholar on a research grant would write about us and our Chinese friends before it was too late and we were all dead and gone, folding into the darkness the wonder that had been our lives." Here Kidd himself brings that wonder to life.

Altogether a fitting tribute to a writer

Ritual in the Dark

An End To Murder

Human beings have always been cruel, savage and murderous. Is all that about to change? *Robinson*

Creatively and intellectually there is no other species that has ever come close to equalling humanity's achievements, but nor is any other species as suicidally prone to internecine conflict. We are the only species on the planet whose ingrained habit of conflict constitutes the chief threat to our own survival. Human history can be seen as a catalogue of cold-hearted murders, mindless blood-feuds, appalling massacres and devastating wars, but, with developments in forensic science and modern psychology, and with raised education levels throughout the world, might it soon be possible to reign in humanity's homicidal habits? Falling violent crime statistics in every part of the world seem to indicate that something along those lines might indeed be happening. Colin and Damon Wilson, who between them have been covering the field of criminology for over fifty years, offer an analysis of the overall spectrum of human violence. They consider whether human beings are in reality as cruel and violent as is generally believed and they explore the possibility that humankind is on the verge of a fundamental change: that we are about to become truly civilised. As well as offering an overview of violence throughout our history ? from the first hominids to the twenty-first century, touching on key moments of change and also indicating where things have not changed since the Stone Age ? they explore the latest psychological, forensic and social attempts to understand and curb modern human violence. To begin with, they examine questions such as: Were the first humans cannibalistic? Did the birth of civilisation also lead to the invention of war and slavery? Priests and kings brought social stability, but were they also the instigators of the first mass murders? Is it in fact wealth that is the ultimate weapon? They look at slavery and ancient Roman sadism, but also the possibility that our own distaste for pain and cruelty is no more than a social construct. They show how the humanitarian ideas of the great religious innovators all too quickly became distorted by organised religious structures. The book ranges widely, from fifteenth-century Baron Gilles de Rais, 'Bluebeard?', the first known and possibly most prolific serial killer in history, to Victorian domestic murder and the invention of psychiatry and Sherlock Holmes and the invention of forensic science; from the fifteenth-century Taiping Rebellion in China, in which up to 36 million died to the First and Second World Wars and more recent genocides and instances of 'ethnic cleansing?', and contemporary terrorism. They conclude by assessing the very real possibility that the internet and the greater freedom of information it has brought is leading, gradually, to a profoundly more civilised world than at any time in the past.

Why Women Are Poorer Than Men and What We Can Do about It *Michael Joseph*

Exploring injustices from pensions to boardroom bullying, Annabelle Williams, former financial journalist for The Times, shows how society conspires to limit women's wealth. Awareness is the first step to making change, which is why we all need to understand why women are poorer than men and what exactly we can do about it. The time to act is now. Become confident in saving, investing and building economic stability in this essential, eye-opening and game-changing exposé of the gender wealth gap. _____ Did you know . . . · The NHS spends more on Viagra than helping single mother families eat healthily · Female entrepreneurs only receive 1p in every £1 of funding given to start-up businesses · Women are the majority of the elderly poor · There are more men called Dave running the UK's top 100 companies than there are women altogether · Women do 60% more unpaid work than men Economies thrive when women do well, and only by understanding why women are poorer than men can we finally end this unfair disparity between the sexes. Why Women Are Poorer Than Men reveals how we got here and what all of us can do to fix it. _____ 'It is refreshing to see Williams challenge well-worn sexist myths' i 'Annabelle Williams uncovers the realities of money in the modern world, and what exactly we can do about the fact that women are poorer than men' Stylist 'Goes beyond talks of glass ceilings and gender pay gaps to a more nuanced look at the institutional oppression faced by women on a daily basis' Dazed

The Misfits

A Study of Sexual Outsiders

Galerij van schijvers die in zich hun leven en/of werk buiten de algemeen begane paden van de seksualiteit begaven. Uitgangspunt van deze studie is de hypothese van de Hongaarse psychologe Charlotte Bach (die na haar dood een man in vrouwenkleren bleek te zijn) dat 'seksueel geperverteerden' verder geëvolueerd zijn dan mensen die seksueel 'normaal' zijn. Aandacht voor o.a. Sade, Byron, Goethe, Gogol, Swinburne, Proust, Jack the Ripper en Mishima.

The Atlantis Blueprint

Unlocking the Ancient Mysteries of a Long-Lost Civilization *Delta*

A spellbinding blend of history and science, scholarship and speculation, this landmark work presents startling new evidence that traces archaeology's most enduring mysteries back to the lost civilization of Atlantis.... The Great Pyramid. Stonehenge. Machu Picchu. For centuries, these and other sacred sites have inspired wonder among those who ponder their origins. Conventional science tells us they were constructed by local peoples working with the primitive tools of a fledgling civilization. But these megaliths nonetheless continue to attract pilgrims, scholars, and adventurers drawn by the possibility that their true spiritual and technological secrets remain hidden. Who could have built these elaborate monuments? How did they do it? And

what were their incomprehensible efforts and sacrifices designed to accomplish? Now comes a revolutionary theory that connects these mysteries to reveal a hidden global pattern -- the ancient work of an advanced civilization whose warnings of planetary cataclysm now reverberate across one hundred millennia. International bestselling author Colin Wilson and Canadian researcher Rand Flem-Ath join forces to share startling evidence of a fiercely intelligent society dating back as much as 100,000 years -- one that sailed the oceans of the world, building monuments to preserve and communicate its remarkable wisdom. The Atlantis Blueprint is their term for a sophisticated network of connections between these sacred sites that they trace to Atlantis: a sophisticated maritime society that charted the globe from its home base in Antarctica ... until it was obliterated by the devastating global changes it anticipated but could not escape. Here is adventure to realms beyond our imaginings ... to shifting poles, changing latitudes ... into the world of ancient mariners who recharted the globe ... to astonishing discoveries about our ancestors. Here are the great mysteries ... the incredibly complex geography of the Temple of Luxor ... the startling sophistication of Egyptian science and math ... and tantalizing similarities among the Hebrew, Greek, and Mayan alphabets to the Chinese lunar zodiac. The Atlantis Blueprint opens up a Pandora's box of ancient mysteries, lost worlds, and millennial riddles. It is a story as controversial, fascinating, dangerous -- and inspiring -- as any ever told.

The Ultimate Colin Wilson

Writings on Mysticism, Consciousness and Existentialism *Watkins Media Limited*

The best of Colin Wilson in one fantastic volume. Containing extracts from Wilson's work on existentialism, criminology, psychology and the occult, this is an invaluable introduction to one of the late twentieth-century's most incisive thinkers. This is a new edition of the classic Colin Wilson collection *The Essential Colin Wilson* (first published in 1985), updated and introduced by Wilson's bibliographer Colin Stanley. It is the only book to contain extracts from Colin Wilson's most important work in one volume, including *The Outsider* (1956), *A Criminal History of Mankind* (1983), *The New Existentialism* (1966), *The Occult* (1971), *New Pathways in Psychology* (1972) and *Mysteries* (1978), as well as three of his novels and many other texts. Subjects covered include existentialism, criminology, psychology, consciousness studies, the occult and much more. This second edition includes all of the original volume plus six essential post-1985 essays and chapters chosen by Stanley and other Colin Wilson experts including Gary Lachman. These essays provide a much needed update covering aspects of Wilson's work from the 28 years that followed the publication of the first edition to his death in December 2013. This is an invaluable introduction for those approaching one of the late twentieth century's most incisive thinkers for the first time and also a timely reminder, to Colin Wilson's many fans and scholars worldwide, of a unique and challenging body of work.

Beyond the Outsider

The Philosophy of the Future
