When Friendship Hurts

How to Deal with Friends Who Betray, Abandon, or Wound You *Simon and Schuster*

"WITH A NEW INTRODUCTION" "HOW COULD YOU DO THAT TO ME?" We've all had friendships that have gone bad. Whether it takes the form of a simple yet inexplicable estrangement or a devastating betrayal, a failed friendship can make your life miserable, threaten your success at work or school, and even

undermine your romantic relationships. Finally there is help. In *When Friendship Hurts*, Jan Yager, recognized internationally as a leading expert on friendship, explores what causes friendships to falter and explains how to mend them -- or end them. In this straightforward, illuminating book filled with dozens of quizzes and real-life examples, Yager covers all the bases, including: The twenty-one types of negative friends -- a rogues' gallery featuring such familiar types as the Blood-sucker, the Fault-finder, the Promise Breaker, and the Copycat How to recognize destructive friends as well as how to find ideal ones The e-mail effect -- how electronic communication has changed friendships for both the better and the worse The misuse of friendship at work -- how to deal with a co-worker's lies, deceit, or attempts at revenge How to stop obsessing about a failed friendship And much more The first highly prescriptive book to focus on the complexities of friendship, *When Friendship Hurts* demonstrates how, why, and when to let go of bad friends and how to develop the positive friendships that enrich our lives on every level.
