Values are built into the use of the term. Here we are not viewing

education simply in terms of the extrinsic social and economic purposes it may serve within the wider society. Certainly education maybe viewed as an important means of producing human capital, defined in terms of knowledge and skills that have high commodity value in labor markets.

Values in Education and Lifelong Learning | SpringerLink

Drawing on the input of 12 distinguished experts from different disciplines and countries, the report reflects on the potential contribution of lifelong learning both in transforming the field of education and in creating a more sustainable, healthy and inclusive future, and presents a compelling vision for lifelong learning and the values and principles that must underpin it.

A new vision for lifelong learning and a world worth ...

Employers are recognizing that formal education credentials are not the only way to recognize and develop talent and that lifelong learning may be the desired trait. Thanks to the fast pace of today's knowledge economy, organizations are seeing lifelong learning as a core component in employee development. The idea is that employees should engage in constant personal learning in order to be adaptable and flexible for the organization to stay competitive and relevant.

What is Lifelong Learning? Its Importance, Benefits & Examples

These values reflect the history and ongoing development of the profession and have been advanced, expanded, and refined by numerous policy statements of the American Library Association. Among these are: access, confidentiality/privacy, democracy, diversity, education and lifelong learning, intellectual freedom, preservation, the public good, professionalism, service, social responsibility, and sustainability.

Core Values of Librarianship | Advocacy, Legislation & Issues

2 November 2017. The current issue of the International Review of Education – Journal of Lifelong Learning (IRE) explores how the practical value of lifelong learning is inseparable from its democratic, egalitarian and progressive values. Lifelong learning is about more than diversifying the loci and modi of learning, more than expanding access and opportunity, more indeed than transferring primary agency from the educator to the learner.

How the value of lifelong learning is inseparable from its ...

The notion of education as a public good provided the basis in many countries for making 'free and compulsory' education available to all; proponents of education for a socially inclusive and democratic society now also claim lifelong learning as a public good (see Riche sin the Grass, Nordic Council of Ministers, 1995) We do not suggest that education, like other 'public goods' such as health and welfare services, requires no further financial

investment from individuals and other sources ...
