### **The Economics and Sociology of Capitalism - Joseph A ...**

Economic sociology, the application of sociological concepts and methods to analysis of the production, distribution, exchange, and consumption of goods and services. Economic sociology is particularly attentive to the relationships

between economic activity, the rest of society, and changes in the institutions that contextualize and condition economic activity.

### **Economic sociology | social science | Britannica**

Economic sociology is the study of the social cause and effect of various economic phenomena. The field can be broadly divided into a classical period and a contemporary one, known as "New economic sociology". The classical period was concerned particularly with modernity and its constituent aspects, including rationalisation, secularisation, urbanisation, and social stratification. As sociology arose

primarily as a reaction to capitalist modernity, economics played a role in much classic social

### **Economic sociology - Wikipedia**
