This is the age of the virtual project

leader; in fact, today it is actually rare to lead a team that is physically located in one place. Projects propel someone, somewhere to lead a project to successful completion. This may be the result of a global merger, acquisition, new partnership, alliance, or joint venture, and new projects and services launched globally.

Mastering virtual teams - PMI

Dispersed teams are more likely to have members from different cultures, backgrounds, and experiences. While diversity can result in a greater variety of ideas, which boosts team creativity and performance, virtual communication sometimes discourages team members from speaking up, making it challenging to capitalize on these benefits. Virtual tools reduce the social cues that help team members bond, which can diminish motivation to share ideas and information.

Five Ways to Improve Communication in Virtual Teams

Virtual communication has become an essential job skill that is critical to individual and group success, yet most people just muddle through it without giving it any thought. Drawing on decades of scientific research in the fields of psychology, organizational behavior, and sociology, this book explains how to master the art and science of communicating virtually.

Virtual Teams: Mastering Communication and Collaboration ...

Virtual teams where the team members are always motivated and engaged can perform better than those with disengaged employees to reach their goals which in turn translates to better productivity, profitability, and retention.

So, virtual team leaders need to ensure their team is focused and motivated always. 5. Trust:
