The Logic Of Collective Action

The Logic of Collective Action: Public Goods and the Theory of Groups is a book by Mancur Olson, Jr. published in 1965. It develops a theory of political science and economics of concentrated benefits versus diffuse costs. Its central argument is that concentrated minor interests will be overrepresented and diffuse majority interests trumped, due to a free-rider problem that is stronger when a group becomes larger.

The Logic of Collective Action - Wikipedia

The Logic of Collective Action explains why if a group of firms cannot reach a collusive agreement in the marketplace, they will be unable to form a group and lobby the government for help: "Consider a hypothetical, competitive industry, and suppose that most of the producers in that industry desire a tariff, a price-support program, or some other government intervention to increase the price for their product.
