ŠKODA Yeti Owner's Manual

The Skoda 100/110 were launched in 1969 as a replacement for the company's first rear-engined car, the 1000MB. It was effectively a light facelift of the older car, with a great number of parts shared between the two, but at the time, had Skoda wanted to build something more radical, there was little in the way of development budget to make good those ideas. During the 1960s and into the '70s ...
