Review: How Global Currencies Work: Past, Present, And ...

It is not usual in a book review to criticize the authors for failing to achieve something they did not explicitly set out to accomplish. And yet, *How Global Currencies Work: Past, Present, and Future* is wanting in both its depth and breadth of analysis. Nonetheless, the abundance of data on the composition of foreign exchange reserves the authors make available is impressive, and their

accomplishment in this regard must be commended.
