and yet thoughtful and informative book
that ... is ... for anyone who has ever
wondered if babies are raised the same
everywhere. A World of Babies, with its
seven truth-filled fictional manuals on
child-rearing from different parts of the

a new person into existence is always a
question of culture and history.'

A World of Babies: Imagined Childcare Guides for Seven ...

The creative, innovative, quasi-fictional

design of both editions - 'imagined childcare guides' authored by ethnographers studying in a broad range of cultures, writing as if they are imparting knowledge to new parents as a childcare expert, such as a grandmother, midwife, or diviner - makes A World of Babies an enjoyable and impactful read for students and new parents alike.
