International Political Economy 4th Edition

The concept of international political economy (IPE) encompasses the intersection of politics and economics as goods, services, money, people, and ideas move across borders. The term "international political economy" began to

draw the attention of scholars in the mid-1960s amid problems of the world economy and lagging development in the third world.

International Political Economy (5th Edition): Oatley ...

Praise for the Sixth Edition. Thomas Oatley's International

Political Economy provides essential background to the interplay of economic behavior and political institutions. It takes seriously the role that economics plays in defining the interests of political actors but also introduces the student to the operation of institutions that govern international trade and finance.
