ONE LOVE STORY. TWO MARRIAGES.
THREE VERSIONS OF THE TRUTH. Too Good to Be True is an obsessive, addictive love story for fans of Lisa Jewell and *The Wife Upstairs*, from Carola Lovering, the beloved author of *Tell Me Lies*. Skye Starling is overjoyed when her boyfriend, Burke Michaels, proposes after a whirlwind courtship. Though Skye seems to have the world at her fingertips—she's smart, beautiful, and from a well-off family—she's also battled crippling OCD ever since her mother's death when she was eleven, and her romantic relationships have suffered as a result. But now Burke—handsome, older, and more emotionally mature than any man she's met before—says he

wants her. Forever. Except, Burke isn't who he claims to be. And interspersed letters to his therapist reveal the truth: he's happily married, and using Skye for his own, deceptive ends. In a third perspective, set thirty years earlier, a scrappy seventeen-year-old named Heather is determined to end things with Burke, a local bad boy, and make a better life for herself in New York City. But can her adolescent love stay firmly in her past—or will he find his way into her future? On a collision course she doesn't see coming, Skye throws herself into wedding planning, as Burke's scheme grows ever more twisted. But of course, even the best laid plans can go astray. And just when you think you know where this story is going, you'll discover that there's more than one way to spin the truth.

Too Good to Be True: The Colossal Book of Urban Legends *W. W. Norton & Company*

"If you enjoy these too-good-to-be-true tales, Brunvand's new book will give you hours of pleasure."—Chicago Tribune A fabulously entertaining book from the ultimate authority on those almost believable tales that always happen to a "friend of a friend." Alligators in the sewers? A pet in the microwave? A tragic misunderstanding of the function of cruise control? No, it didn't really happen to your friend's sister's neighbor: it's an urban legend. And no matter how savvy you think you are, you are sure to find in this collection of over 200 tales at least one story you would have sworn was true. Jan Harold Brunvand has been collecting and studying this modern folklore for over twenty years. In *Too Good to Be True* he captures the best stories in their best retellings, along with their latest variations and examples of

how the stories have changed as they move from person to person and place to place. To help you find your favorite, Brunvand has arranged the tales thematically. "Bringing Up Baby" is full of episodes of child-rearing gone wrong, including the grisly tale of the drugged out baby-sitter who mistakes the kid for a turkey. "Funny Business" showcases stories of infamous lapses in customer service, such as the story of the shockingly expensive chocolate chip cookie recipe. And "The Criminal Mind" features both brilliant --if they were real --scams, as well as the purported antics of the less mentally gifted. Whether you want to become an expert debunker or just have plenty of laughs, this book will surprise and entertain you. Illustrated throughout. "Informative and entertaining.... Brunvand has collected more than 200 of the most-repeated and best-known examples of modern folk-myth."—Tampa Tribune "[N]ot only an entertaining anthology, but an excellent introduction to the study of folklore itself."—Publishers Weekly "A fun read... . All the classics are here from the killer upstairs to the Kentucky Fried Rat."—New City "Resonant stories that express our hidden anxieties ... make us laugh, [or] arouse our fascinated horror."—San Francisco Chronicle Book Review "Informative and entertaining... . Brunvand has collected more than 200 of the most-repeated and best-known examples of modern folk-myth."—Tampa Tribune "[N]ot only an entertaining anthology, but an excellent introduction to the study of folklore itself."—Publishers Weekly

Despite this unromantic introduction, Tru Sayers, a handsome young labor-and-delivery nurse, seems like a gift from God. But a recent divorce and other life disappointments cause Ren to question whether she can trust her heart and God. Environmental Planning in the Netherlands: Too Good to be True *Routledge*

The Netherlands is one of the most prominent and innovative countries in the field of environmental planning. Over the past decade, its government has introduced such ground-breaking schemes as Integrated Environmental Zoning, the City-Environment Project, the Bubble Concept and Policy Concepts and new approaches to coping with

noise, odours, soil pollution, air pollution and safety issues. These initiatives and policy tools reflect a rapidly changing and decentralising environmental policy, which contrasts with more conventional environmental ideologies. However, at present little is known of these policies in the international arena. De Roo shows how and why, in recent years, the country's planning system has moved away from its traditional 'top-down' structure. The resulting changes have had far-reaching consequences for the traditional principles of Dutch environmental policy. In addition, measures for compensating excessive environmental loads are now open to discussion and environmental quality is a subject of negotiation among stakeholders. All these developments mean that environmental policy-making has become more closely integrated with local initiatives that focus on general location-specific qualities. In this book, this development is referred to as 'tailor-made comprehensive planning', which relates closely to the local context, is area-specific, situation-dependent, and embraces shared governance.

Too Good to Be True *Zondervan*

In a world of hype, we may buy into the idea that through Jesus, we'll be healthier and wealthier as well as wiser. So what happens when we become ill, or depressed, or bankrupt? Did we do something wrong? Has God abandoned us? As a child, Michael Horton would run

up the down escalator, trying to beat it to the top. As Christians, he notes, we sometimes seek God the same way, believing we can climb to him under our own steam. But we can't, which is why we are blessed that Jesus descends to us, especially during times of trial. In *Too Good to Be True*, Horton exposes the pop culture that sells Jesus like a product for health and happiness and reminds us that our lives often lead us on difficult routes we must follow by faith. This book offers a series of powerful readings that demonstrate how, through every type of earthly difficulty, our Father keeps his promises from Scripture and works all things together for our good.

Nothing Is Too Good to Be True *Hay House, Inc*

This work goes back to 9500 BC, when the Grand Magicians came forth, on to 500 BC, when the Great Ones appeared, and continues to trace the life-changing Principles of New Thought right up to the 21st century. It reveals the Secret of the Ages and the ministering angels.

Some Things Are Too Good Not to Be True *Dimensions for Living*

James W. Moore says that God wants good things for his children, but that, tragically, our society has become strangely suspicious of the "good." We are quick to say, "It's too good to be true." In this uplifting book, the author reminds us that some things are too good not to be true! These things are the most authentic qualities of life; qualities exemplified in the life, death, and resurrection of Jesus. Using Scripture

and illustrations from life's experiences, James W. Moore shows us how to follow Jesus' example and make these qualities our own. This is a re-issue of a Jim Moore general interest book. It includes twelve chapters, a chapter-length epilogue, and a study guide by John Schroeder. Someone I know was telling me how her life had recently taken a turn for the better. "Everything is going great now!" she said. "It's too good to be true!" "No," I replied, "it's too good not to be true!" That's the way God wants life to be—good, beautiful, productive, harmonious, happy. Even though it's often in our nature to be suspicious of "the good," the real truth is that God wants good things for his children. When John's Gospel refers to Jesus as the Way, the Truth, and the Life, it means that we see in Jesus life as God intended it, the life of "goodness." The Roman centurion saw the truth when he looked up at Jesus hanging on the cross and proclaimed, "Truly this man was the Son of God!" Could it be that this was his way of saying: This man was so good, so authentic, so genuine, that he must be true, he must be God's Son, God's Word made flesh, God's idea lived out! Jesus was true to what God meant life to be. He has to be true. He was too good not to be true, and there are a number of qualities he taught us that are so good, they must be of God. —adapted from the introduction

Can't Look Away *St. Martin's Press*

"Lovering delivers another winner...a propulsive page-turner about young love and second chances. You won't be able to put this down." —Laura Dave, #1 New York Times bestselling author of *The Last Thing He Told Me* "Fans of Gillian Flynn and Paula Hawkins will enjoy this one." —Publishers Weekly In 2013, twenty-three-year old Molly Diamond is a barista, dreaming of becoming a writer. One night at a concert in East Williamsburg, she locks eyes with the lead singer, Jake Danner, and can't look away. Molly and Jake fall quickly and deeply in love, especially after he writes a hit song about her that puts his band on the map. Nearly a decade later, Molly has given up writing and is living in Flynn Cove, Connecticut with her young daughter and her husband Hunter—who

is decidedly not Jake Danner. Their life looks picture-perfect, but Molly is lonely; she feels out of place with the other women in their wealthy suburb, and is struggling to conceive their second child. When Sabrina, a newcomer in town, walks into the yoga studio where Molly teaches and confesses her own fertility struggles, Molly believes she's finally found a friend. But Sabrina has her own reasons for moving to Flynn Cove and befriending Molly. And as Sabrina's secrets are slowly unspooled, her connection to Molly becomes clearer--as do secrets of Molly's own, which she's worked hard to keep buried. Meanwhile, a new version of Jake's hit song is on the radio, forcing Molly to confront her past and ask the ultimate questions: What happens when life turns out nothing like we thought it would, when we were young and dreaming big? Does growing up mean choosing with your head, rather than your heart? And do we ever truly get over our first love?

Sounds Like Titanic: A Memoir *W. W. Norton & Company*

A young woman leaves Appalachia for life as a classical musician—or so she thinks. When aspiring violinist Jessica Chiccehitto Hindman lands a job with a professional ensemble in New York City, she imagines she has achieved her lifelong dream. But the ensemble proves to be a sham. When the group "performs," the microphones are never on. Instead, the music blares from a CD. The mastermind behind this scheme is a peculiar and mysterious figure known as The Composer, who is gaslighting his audiences with music that sounds suspiciously like the *Titanic* movie soundtrack. On tour with his chaotic ensemble, Hindman spirals into crises of identity and disillusionment as she

“plays” for audiences genuinely moved by the performance, unable to differentiate real from fake. *Sounds Like Titanic* is a surreal, often hilarious coming-of-age story. Hindman writes with precise, candid prose and sharp insight into ambition and gender, especially when it comes to the difficulties young women face in a world that views them as silly, shallow, and stupid. As the story swells to a crescendo, it gives voice to the anxieties and illusions of a generation of women, and reveals the failed promises of a nation that takes comfort in false realities.

Too Good To Be True *Hamgee University Press*

Readers of science fiction dystopia comedy books will (hopefully) enjoy the dry sarcastic humour and satire of this series. Despite the dystopian setting, and the odd bit of gallows humour, it's a light sci fi novel. When The Pan of Hamgee encounters some mudlarkers trying to land a box on the banks of the River Dang he is happy to help. Having accepted a share of the contents as a reward he cannot believe his luck. It contains one of the most expensive delicacies available in K'Barth, Goojan spiced sausage. If he can sell it, the sausage might spell the end of his troubles. On the other hand, knowing his luck, it could bring a whole load more. Written in British English with a dash of light swearing. Suitable for any reader of any age from 10 up - younger readers who have read all the Harry Potter books

without any worries will be fine with the Hamgeean Misfit stories. Suggested cinema rating, PG. Too Good To Be True is the fourth book in the Hamgeean Misfit, dystopian humorous science fiction series. It is set in a contemporary dystopia, in a parallel reality but there is some futuristic technology. There is an overall story arc, but these stories are written to be stand alone and can be read in any order. **** INTERVIEW WITH THE AUTHOR Q - What made you write this series? A - If you want the honest answer I wrote it for me. As a reader, I love British satire and humor (or humour). I love wit; funny epic fantasy series like the Discworld novels and comedic sci fi like Douglas Adams. I like sff and speculative fiction, I like adventure and action and a gripping tale that zips along quickly, I like genre mash ups and I love an angsty dystopian world but the best science fiction and fantasy stories, for me, are funny. I am to write comedy in the tradition of all the great humorous British authors. I like to aim high. I wanted protagonists people could love and empathise with, mavericks, misfit characters, real people ... except they're not all people obviously, some of them are other alien (ish) species. This book is about misfit heroes and heroines winning the day, it's about good versus evil even when the good guys are on different sides. It's science fiction fantasy action - it's dystopia but it's comedy, it's sci-fi but it's planet-based. You'll find all sorts of quirky characters and interesting alien species: from 6ft Swamp Things with antennae to cute furry creatures like the Blurpons, with their fluffy ears, big button eyes and penchant for extreme violence. Oh, and did I mention the 11mph barge chase? *** SIMILAR AUTHORS: Robert Rankin, C Gockel, Patty Jansen, JJ Greene, FJ
