And the Sea Will Tell *W. W. Norton & Company*

"Grips you by the throat from beginning to end."—Cleveland Plain Dealer ALONE WITH HER NEW HUSBAND on a tiny Pacific atoll, a young woman, combing the beach, finds an odd aluminum container washed up out of the lagoon, and beside it on the sand something glitters: a gold tooth in a scorched human skull. The investigation that follows uncovers an extraordinarily complex and puzzling true-crime story. Only Vincent Bugliosi, who recounted his successful prosecution of mass murderer Charles Manson in the bestseller *Helter Skelter*, was able to draw

together the hundreds of conflicting details of the mystery and reconstruct what really happened when four people found hell in a tropical paradise. And the Sea Will Tell reconstructs the events and subsequent trial of a riveting true murder mystery, and probes into the dark heart of a serpentine scenario of death.

AND THE SEA WILL TELL

Outrage: The Five Reasons Why O. J. Simpson Got Away with Murder *W. W. Norton & Company*

"Provocative and entertaining. ... A powerful and damning diatribe on Simpson's acquittal."—People Here is the account of the O. J. Simpson case that no one dared to write, that no one else could write. In this #1 New York Times bestseller, Vincent Bugliosi, the famed prosecutor of Charles Manson and best-selling author of *Helter Skelter*, goes to the heart of the trial that divided the country and made a mockery of justice. He lays out the mountains of evidence; rebuts the defense; offers a thrilling summation; condemns the monumental blunders of the judge, the "Dream Team," and the media; and exposes, for the first time anywhere, the shocking incompetence of the prosecution.

Till Death Us Do Part: A True Murder Mystery *W. W. Norton & Company*

"Bugliosi, the quintessential prosecutor, has written a crime book that should be read by every lawyer and judge in America."—F. Lee Bailey On December 11, 1966, a mysterious assassin shot Henry Stockton to death, set his house on fire, and left the scene without a trace. A year later, when a woman was found brutally killed, shreds of evidence suggested a connection between the two murders. In the Palliko-Stockton trial, prosecutor Vincent Bugliosi offered a brilliant summation that synthesized for the jury the many inferences and shades of meaning in the testimony, fitting all the pieces together in a mosaic of guilt. But will the jury be persuaded?

Final Argument

An Examination Into the Murder of MAC and Muff Graham on Palmyra Island and Subsequent Trial of Stephanie Stearns

On August 29, 1974, Mac and Muff Graham, sailors from San Diego, were brutally murdered by Buck Walker and Stephanie Stearns on the island of Palmyra, located approximately 970 nautical miles south of Hawaii. Prior to making the voyage, Muff was haunted by premonitions that the trip would end with their deaths. Unable to convince her husband that a terrible fate awaited them, against her better judgment, she reluctantly accompanied him. Arriving at the island, with death close at hand, warned by other wary sailors, Mac, seemingly secure with his firearms, refused to leave his island "paradise" despite Muff's

tears and entreaties. In 1981 the remains of Muff were discovered on Palmyra Island by passing sailors. Walker and Stearns, in separate trials, were tried for her murder. After two weeks of trial, Walker was found guilty, the jury deliberating less than three hours. A month later, Stearns, defended by well known trial lawyers Vincent Bugliosi and Leonard Weinglass were acquitted. There were several factors that greatly assisted Bugliosi in obtaining his victory. Judge, Samuel King, erroneously, weighed in heavily on behalf of Stearns throughout the trial. He granted a change of venue shifting her trial from Hawaii to San Francisco. King permitted Bugliosi to amend the complaint to allege a charge of first degree murder against Stearns and later, granted his motion to dismiss the murder charge against Stearns based on the Felony/Murder rule. He permitted Bugliosi to introduce impermissible character evidence greatly favoring Stearns and prohibited Enoki from impeaching the testimony of these witnesses. Another consideration that greatly favored Stearns was Enoki's ineffective prosecution. Enoki was not up to the challenge and was totally overwhelmed by the aggressive defense put forward by Bugliosi. Enoki never understood Stearn's role in the planning and murders of the Grahams, nor did he support his witnesses when under attack by Bugliosi. To add to the confusion, neither the prosecution nor the defense understood sailing, or the sea. The above factors, along with many others set forth, when combined with the onslaught of Stearns lies and machinations, left the jury awash in confusion and misdirection; thus accounting for the erroneous verdict. FINAL ARGUMENT sets the record straight, exposing the many lies Stearns issued in pursuit of a not guilty verdict. It corrects

many inaccurate quotes from the court reporter's original trial transcript and reveals how Bugliosi won a seemingly hopeless case.

Helter Skelter: The True Story of the Manson Murders *W. W. Norton & Company*

The #1 True Crime Bestseller of All Time—7 Million Copies Sold In the summer of 1969, in Los Angeles, a series of brutal, seemingly random murders captured headlines across America. A famous actress (and her unborn child), an heiress to a coffee fortune, a supermarket owner and his wife were among the seven victims. A thin trail of circumstances eventually tied the Tate-LeBianca murders to Charles Manson, a would-be pop singer of small talent living in the desert with his "family" of devoted young women and men. What was his hold over them? And what was the motivation behind such savagery? In the public imagination, over time, the case assumed the proportions of myth. The murders marked the end of the sixties and became an immediate symbol of the dark underside of that era. Vincent Bugliosi was the prosecuting attorney in the Manson trial, and this book is his enthralling account of how he built his case from what a defense attorney dismissed as only "two fingerprints and Vince Bugliosi." The meticulous detective work with which the story begins, the prosecutor's view of a complex murder trial, the reconstruction of the philosophy Manson inculcated in his fervent followers...these elements make for a true crime classic. *Helter Skelter* is not merely a spellbinding murder case and courtroom drama but also, in the words of *The New Republic*, a "social document of rare importance." Divinity of Doubt

The God Question *Vanguard*

Vincent Bugliosi, whom many view as the nation's foremost prosecutor, has successfully taken on, in court or on the pages of his books, the most notorious murderers of the last half century--Charles Manson, O.J. Simpson, and Lee Harvey Oswald. Now, in the most controversial book of his celebrated career, he turns his incomparable prosecutorial eye on the greatest target of all: God. In making his case for agnosticism, Bugliosi has very arguably written the most powerful indictment ever of God, organized religion, theism, and atheism. Theists will be left reeling by the commanding nature of Bugliosi's extraordinary arguments against them. And, with his trademark incisive logic and devastating wit, he exposes the intellectual poverty of atheism and skewers its leading popularizers--Christopher Hitchens, Sam Harris, and Richard Dawkins. Joining a 2,000-year-old conversation which no one has contributed anything significant to for years, Bugliosi, in addition to destroying the all-important Christian argument of intelligent design, remarkably--yes, scarily--shakes the very foundations of Christianity by establishing that Jesus was not born of a virgin, and hence was not the son of God, that scripture in reality supports the notion of no free will, and that the immortality of the soul was a pure invention of Plato that Judaism and Christianity were forced to embrace because without

it there is no life after death. Destined to be an all-time classic, Bugliosi's *Divinity of Doubt* sets a new course amid the explosion of bestselling books on atheism and theism--the middle path of agnosticism. In recognizing the limits of what we know, Bugliosi demonstrates that agnosticism is the most intelligent and responsible position to take on the eternal question of God's existence.

The Sound of the Sea: Seashells and the Fate of the Oceans *W. W. Norton & Company*

A compelling history of seashells and the animals that make them, revealing what they have to tell us about nature, our changing oceans, and ourselves. Seashells have been the most coveted and collected of nature's creations since the dawn of humanity. They were money before coins, jewelry before gems, art before canvas. In *The Sound of the Sea*, acclaimed environmental author Cynthia Barnett blends cultural history and science to trace our long love affair with seashells and the hidden lives of the mollusks that make them. Spiraling out from the great cities of shell that once rose in North America to the warming waters of the Maldives and the slave castles of Ghana, Barnett has created an unforgettable account of the world's most iconic seashells. She begins with their childhood wonder, unwinds surprising histories like the origin of Shell Oil as a family business importing exotic shells, and charts what shells and the soft animals that build them are telling scientists about our warming, acidifying seas. From the eerie calls of early shell trumpets to the evolutionary miracle of spines and spires and the modern science of carbon capture inspired by shell, Barnett circles to her central

point of listening to nature's wisdom—and acting on what seashells have to say about taking care of each other and our world.

Family Business

An Outer Banks Crime Mystery *Createspace Independent Publishing Platform*

Dare County Sheriff Martin Tate and his ex-detective friend Paul Treadwell chase a vindictive serial killer menacing North Carolina's Outer Banks in this debut thriller. When authorities find the body of a woman in her ransacked home the crime scene looks like a robbery that went terrifyingly out of control. However, there are several items left behind in plain view that appear to be totally out of place to Marty Tate, a seasoned investigator. Tate decides that he'd like another opinion on the case, so he enlists advice from former Northeast Ohio detective, Paul Treadwell, now the owner of the Brown Pelican Restaurant in Duck. Two years ago, Paul and his wife, Megan, a former nurse, won a sizable fortune in the Ohio Lottery. After careful consideration, they decided to relocate and become permanent residents of the Outer Banks. When Paul finds another piece of unusual evidence

at the ransacked cottage, Tate's original suspicions are confirmed. A homicide has been committed here disguised as a robbery gone horribly wrong. Together with other highly trained and motivated law enforcement personnel they forge ahead in order to identify and apprehend a deadly intruder to these shores who meticulously continues his killing spree as the tourist season rolls along. The good guys know that there is no such thing as a "perfect" homicide. Even the craftiest of killers makes a mistake or two. Nothing new there. The problem for the good guys is that their killer hasn't gotten the memo on that one. He's good. He's exceptionally good at killing people and getting away with it.

Final Argument

An Inquiry Into the Murders of Mac and Muff Graham on Palmyra Island by Buck Walker and Stephanie Stearns *CreateSpace*

"FINAL ARGUMENT" was written in response to VINCENT BUGLIOSI'S best seller "AND THE SEA WILL TELL" (ATSWT) which recounts the brutal murder and torture of MAC and MUFF GRAHAM on PALMYRA ISLAND August 29, 1974. ATSWT reviewed the supposed facts surrounding the murder of the Grahams on Palmyra, and followed STEPHANIE STEARNS (aka JENNIFER JENKINS) upon her arrest and trial for her role in the planning and participation in those murders. In his zeal to prove Stearns' innocence, inadvertently, Bugliosi set forth clue after clue proving the guilt of Stearns and her crime partner, Buck Walker. All of which were ignored by the prosecutor, judge, jury and reading public. Stearns, herself, taunts her pursuers with photographs

and spurious log notes. (Most egregious were her August 5th log remarks about "drooling and dreaming" anticipating possession of the SEA WIND on execution of the Grahams.) Stearns claims to have studied mathematics, yet in her supposed log she cannot engage in simple addition. Time and again she is exposed as a liar and a perjurer, yet the jury forgives lie after lie all the while ignoring the honest and forthright testimony of the Pollocks (The LEONARDS in ATSWT.) and Mac's messenger, Curtis Shoemaker. Bugliosi's careful analysis of the tides revealed Stearns was lying about her activities purportedly occurring on the 30th and 31st of August 1974. Unfortunately, because of Enoki's refusal to allow Bugliosi's tidal data into the trial, the jury was deprived of this information. To an experienced sailor, Stearn's account of her navigational skill is grossly overstated to the point where reading Bugliosi's book "And The Sea Will Tell" becomes an exercise that tests one's patience. Her moronic pronouncements (all of which went unnoticed) regarding the birth of the Lola (for the most part wisely left out of Bugliosi's account of the trial) are absurd to the point of zaniness. However, Stearns murder plot was masterful. Her manipulative skills are unusually sharp as can be observed while she was at work on Palmyra Island the summer of 1974, and in her interplay with counsel and court during her murder trial. FINAL ARGUMENT exposes lie after compounded lie, set forth as truth in Bugliosi's version of the "facts" surrounding the murder of the Grahams on Palmyra the August of 1974. It includes substantial portions of the original trial testimony that were excluded in ATSWT. Bugliosi professing his belief in Stearns innocence is duped by his client. Eager to win every point, when necessary he shaves the truth. For the most

part he does this by omitting critical testimony that proves the lie such as Stearns' patently absurd account of her sailing method re "leisure sailing", or her improbable account of the Lola's supposed approach to Palmyra. So too, there is considerable variance between Bugliosi's cross-examination as revealed in the original trial transcript re Pollock and Shoemaker and his recounting this same testimony in his book. A careful reading of FINAL ARGUMENT answers these, and many more questions that should have been asked, but were not. Alas, poor Muff, her bones at the time of publishing, languish in the care of the FBI, forty years after her torture and murder by Stearns and Walker, still not at rest, forlorn and forgotten. Most of those that knew and loved her are gone and she has been shamefully abandoned by the sailing community.
