### Reinventing Medicine Beyond Mind Body

He wrote Reinventing Medicine to present proof that "the mind can literally change the external world" and how this "non-local mind" will change health care in the future. His argument for the existence of this non-local mind is as convincing as it is eloquently conveyed.

He admits that working on such seemingly impossible projects a few years ago would have ruined a researcher's career with "ATF" or "the anti-tenure factor". But things are changing. He wrote Reinventing Medicine to present proof that "the mind can literally change the external world" and how this "non-local mind" will change health care in the future. His argument for the existence of

this non-local mind is as convincing as it is eloquently conveyed.
