Social Justice And The City

Social Justice and the City is a book published in 1973 written by the Marxist geographer David Harvey. The book is an attempt to lay out afresh the paradigm of urban geography, by bringing together the two conflicting theses of methodology and philosophy. Going against the grain of his previous book *Explanation in Geography* published in 1970, he argued that geography cannot remain disengaged, impartial and 'objective' at a time when urban poverty and associated ills were reigning high.

Social Justice and the City - Wikipedia

One of the most influential books in human geography, *Social Justice and the City* is a generative work that has influenced decades of urban studies scholars. Harvey skillfully demonstrates the material forces that produce cities, urban geographies, and the problems that are often associated with them.
