Presence is the powerful practice of being in the moment. advertisement - learn more. It is created through an acute awareness of one's thoughts, feelings, and emotions, and in our modern day society, being present doesn't always come easily. The overstimulation and distraction that come from technology, social media, work, family life, social engagements, and the never-ending "to-do" lists regularly take us out of the now and into

a memory from the past or a fear about the future.
