Using German Synonyms *Cambridge University Press*

This book, designed for students who have already developed a basic competence in German, aims to broaden and improve their vocabulary by providing detailed information on groups of German words with related meanings. It is invaluable as a guide to finding the right word for the context. In order to enhance understanding of the structure of the German vocabulary, groups of synonyms are organised under German (rather than English) headwords. All entries are accompanied by an example of usage and English glosses and there are two indexes allowing users quickly to locate words in German or English. The book takes full account of register variation, indicating the degree of formal or informal use, and reflects regional usage especially in Austria and Switzerland. It is an essential reference for intermediate and advanced students as well as teachers and other professional linguists seeking access to the finer nuances of the German language.

Using German Vocabulary *Cambridge University Press*

Publisher Description

English Grammar for Students of German *Hodder Arnold*

This book offers explanations of grammatical terms and functions as they apply to English and German. It illustrates the similarities and differences between the two languages and stresses the common linguistics pitfalls for English speakers. It includes review exercises with answers at the back.

Schaum's Outline of German Grammar *McGraw Hill Professional*

The new edition of this popular study guide makes learning German grammar much easier than with the usual textbook. Grasp of this challenging language is eased with clear explanations backed up with plenty of concrete examples. This edition features a new verb chart, a new section on the sounds of German, updated vocabulary, and a cross-referenced index. Exercises with answers offer a proven-effective way to reinforce learning and help make communicating in German second nature.

Practice in German Grammar *Nelson Thornes*

Practice in German 2nd Edition introduces students to the more formal grammatical knowledge required for advanced examinations in German. Starting from notions that are already familiar, it leads gradually towards a higher level of competence in both spoken and written German. Grammatical structures are introduced by means of dialogues, setting the language in everyday context. Grammatical rules are explained clearly and methodically in English and are then practiced in a series of exercises in which the language is kept relatively simple. "Practice in German" is both a practical workbook and a useful reference book, providing help dealing with individual difficulties and enabling students to check for themselves how a particular structure works.

English Grammar for Students of German *Hodder Arnold*

To assist in mastering German grammar, this text explains a concept as it applies to English and presents the same concept as it applies to German. It illustrates the differences between the two languages and guides the selection of the correct form.

A Commonsense Guide to Grammar and Usage *Macmillan*

Presents lessons in learning English grammar.

Der, Die, Das

The challenge that English-language speakers face if they want to speak German well, is to accurately map German nouns to one of three grammatical genders: masculine, feminine or neuter. Native German speakers acquire their knowledge of the grammatical gender of German nouns from early on. They are not given formal instruction at school about matching nouns to their correct gender, and the topic is not covered in standard German grammar books. For the same reason, native speakers who give German language lessons to foreigners do not teach their students how to match nouns to their gender: One cannot teach what one has not been taught. This book fills that gap in that it explains, in plain English, the principles that map German nouns to a specific gender. This allows foreign students of German to unlock the gender of entire categories of nouns, thereby enabling students to speak German more confidently.

A Frequency Dictionary of German *Routledge*

A Frequency Dictionary of German is an invaluable tool for all learners of German, providing a list of the 4,034 most frequently used words in the language. Based on a 4.2 million-word corpus which is evenly divided between spoken, fiction and non-fiction texts, the dictionary provides a detailed frequency-based list plus alphabetical and part of speech indexes. All entries in the rank frequency list feature the English equivalent, a sample sentence plus an indication of major register variation. The dictionary also contains twenty-one thematically organized lists of frequently used words on a variety of topics as well as eleven special vocabulary lists. A Frequency Dictionary of German aims to enable students of all levels to maximize their study of German vocabulary in an efficient and engaging way.

A New Reference Grammar of Modern Spanish *Springer Science & Business Media*

(abridged and revised) This reference grammar offers intermediate and advanced students a reasonably comprehensive guide to the morphology and syntax of educated speech and plain prose in Spain and Latin America at the end of the twentieth century. Spanish is the main, usually the sole official language of twenty-one countries, and it is set fair to overtake English by the year 2000 in numbers of native speakers. This vast geographical and political diversity ensures that Spanish is a good deal less unified than French, German or even English, the latter more or less internationally standardized according to either American or British norms. Until the 1960s, the criteria of internationally correct Spanish were dictated by the Real Academia Espanola, but the prestige of this institution has now sunk so low that its most solemn decrees are hardly taken seriously - witness the fate of the spelling reforms listed in the *Nuevas normas de prosodia y ortografia*, which were supposed to come into force in all Spanish-speaking countries in 1959 and, nearly forty years later, are still selectively ignored by publishers and literate persons everywhere. The fact is that in Spanish 'correctness' is nowadays decided, as it is in all living languages, by the consensus of native speakers; but consensus about linguistic usage is obviously difficult to achieve between more than twenty independent, widely scattered and sometimes mutually hostile countries. Peninsular Spanish is itself in flux.

German Battleships 1914-18 (1) *Bloomsbury Publishing*

This volume covers the history of the Deutschland to Osnabrück classes of German battlecruisers, beginning with the last of the pre-dreadnought battleships and explaining the revolutionary developments, particularly the vast increases in size and armament, that took place within the German Imperial Navy as it readied itself for war. Gary Staff describes the design and technology of these classes, focusing on the development and combat experiences of individual ships. Supported by official documents, first-hand accounts and drawings, this book also contains specially commissioned artwork depicting the battleship Pommern fighting at Jutland and ships of the Osnabrück class destroying HMS Black Prince in a dramatic night-time engagement.

Complete German

By the end of the course, the learner should be at Common European Framework level (CEFR) B2, and able to interact with fluency and spontaneity, produce clear, concise conversational speech, and have a solid vocabulary.

100 German Short Stories for Beginners Learn German with Stories *Createspace Independent Publishing Platform*

This book offers an easy way of learning German for all ages. 100 German Short Stories for Beginners has been written especially for international students from beginner to intermediate level (A2-B1 on the Common European Framework of Reference). All German short stories are unique and hopefully entertaining in content, and new vocabulary is gradually added at a manageable pace so you won't get overwhelmed. Towards the end of this German book you find the stories slightly more complex, but still comprehensible for beginners. At the end of this book you find the free audiobook link in one mp3 file that contain the longer stories of this book. Furthermore, this German language learning book offers you a wide range of culturally important information you can use when you travel to Germany or study there, and frankly, this book is not only for German language learners but also for anyone interested in German daily life and culture in general.

German Conversation Demystified *McGraw Hill Professional*

Unlock the riddle of speaking and interacting in German German Demystified provides you with a solid foundation for building conversation skills in that language. You can go at your own pace as you are guided through the fundamentals of communicating in German. Organized around everyday themes such as meeting people, making plans, and talking on the phone each chapter features an in-depth dialog presented both in the book and on the audio, coverage of essential communication skills (such as asking a question or making comparisons), review of key grammar points, and written and verbal activities to reinforce new communication skills.

Power Up! Korean Vocabulary *한글학원*

"Power Up Korean Vocabulary" is full of essential information that beginning to intermediate level students must know. This book kindly points out important lexical, grammatical, and cultural information of the words along with helpful warnings against common mistakes by Korean learners. Students are expected to expand their vocabulary easily and in an interesting way while practicing 25 lessons.

Basic German *Psychology Press*

Suitable for both independent study and class use, this text comprises an accessible reference grammar and related exercises in a single volume.

Modern German Grammar *Routledge*

Modern German Grammar: A Practical Guide, Third Edition is an innovative reference guide to

German, combining traditional and function-based grammar in a single volume. The Grammar is divided into two parts. Part A covers grammatical categories such as word order, nouns, verbs and adjectives. Part B is organised according to language functions and notions such as: making introductions asking for something to be done delivering a speech possibility satisfaction. The book addresses learners' practical needs and presents grammar in both a traditional and a communicative setting. New to this edition, and building on feedback from the previous edition: The rules of the latest (and so far final) spelling reform have been implemented throughout. Examples of usage have been updated and consideration given to Swiss and Austrian variants. The chapter on register has been expanded and now includes youth language and frequently used Anglicisms in German. The Index now has even more key words; it has also been redesigned to differentiate between German words, grammar terms, and functions, thus making it more user-friendly. The Grammar assumes no previous grammatical training and is intended for all those who have a basic knowledge of German, from intermediate learners in schools and adult education to undergraduates taking German as a major or minor part of their studies. The Grammar is accompanied by a third edition of Modern German Grammar Workbook (ISBN 978-0-415-56725-1) which features exercises and activities directly linked to the Grammar. Ruth Whittle is Lecturer, John Klapper is Professor of Foreign Language Pedagogy, Katharina Glöckel is the Austrian Lektorin and Bill Dodd is Professor of Modern German Studies – all at the University of Birmingham. Christine Eckhard-Black is Tutor and Advisor in German at the Oxford University Language Centre.

German Battleships 1914-18 (2) *Bloomsbury Publishing*

Supported by official documents, personal accounts, official drawings and specially commissioned artwork, this volume is an informative history of the key classes Kaiser, König and Bayern that formed the backbone of the German Imperial Navy throughout World War I, detailing the technological revolution that had taken place to enable the building of these large dreadnought classes.

Language Hacking German *Quercus*

It's true that some people spend years studying German before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of German, #LanguageHacking shows you how to learn and speak German through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in German from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the

conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.

Practicing German Grammar *Ntc Publishing Group*

This workbook provides a comprehensive selection of exercises that cover essential structures in German. Thoroughly revised, this edition reflects current trends in the language and brings the workbook in line with the new edition of Hammer's German Grammar and Usage, for which Practicing German Grammar can serve as the companion—or it can be used as a stand-alone workbook for anyone wanting to practice and improve their German skills. - Text-based activities. Encourage students to discover grammar regularities by themselves. - Activities are based on authentic documents, such as newspaper articles, business literature, and extracts from modern novels. Allow students to gain a genuine sense of current usage.
