Tribes

We Need You to Lead Us *Penguin*

The New York Times, BusinessWeek, and Wall Street Journal Bestseller that redefined what it means to be a leader. Since it was first published almost a decade ago, Seth Godin's visionary book has helped tens of thousands of leaders turn a scattering of followers into a loyal tribe. If you need to rally fellow employees, customers, investors, believers, hobbyists, or readers around an idea, this book will demystify the process. It's human nature to seek out tribes, be they religious, ethnic, economic, political, or even musical (think of the Deadheads). Now the Internet has eliminated the barriers of geography, cost, and time. Social media gives anyone who wants to make a difference the tools to do so. With his signature wit and storytelling flair, Godin presents the three steps to building a tribe: the desire to change things, the ability to connect a tribe, and the willingness to lead. If you think leadership is for other people, think again—leaders come in surprising packages. Consider Joel Spolsky and his international tribe of scary-smart software engineers. Or Gary Vaynerhuck, a wine expert with a devoted following of enthusiasts. Chris Sharma led a tribe of rock climbers up impossible cliff faces, while Mich Mathews, a VP at Microsoft, ran her internal tribe of marketers from her cube in Seattle. Tribes will make you think—really think—about the opportunities to mobilize an audience that are already at your fingertips. It's not easy, but it's easier than you think.

Reinventing the Bazaar: A Natural History of Markets *W. W. Norton & Company*

A high-energy tour of the history of markets features such examples as a camel trading fair in India, the twenty-million-dollar-per-day Aalsmeer flower market in the Netherlands, and the global trade in AIDS drugs. Reprint. 13,000 first printing.

The Dip

A Little Book That Teaches You When to Quit (and When to Stick) *Penguin*

A New York Times, USA Today, and Wall Street Journal bestseller In this iconic bestseller, popular business blogger and bestselling author Seth Godin proves that winners are really just the best quitters. Godin shows that winners quit fast, quit often, and quit without guilt—until they commit to beating the right Dip. Every new project (or job, or hobby, or company) starts out fun...then gets really hard, and not much fun at all. You might be in a Dip—a temporary setback that will get better if you keep pushing. But maybe it's really a Cul-de-Sac—a total dead end. What really sets superstars apart is the ability to tell the two apart. Winners seek out the Dip. They realize that the bigger the barrier, the bigger the reward for getting past it. If you can beat the Dip to be the best, you'll earn profits, glory, and long-term security. Whether you're an intern or a CEO, this fun little book will help you figure out if you're in a Dip that's worthy of your time, effort, and talents. The old

saying is wrong—winners do quit, and quitters do win.

V Is for Vulnerable

Life Outside the Comfort Zone *Penguin*

V is for Vulnerable by Seth Godin is a full-color ABC book for grown-ups, with a powerful message about doing great work. V is for Vulnerable looks and feels like a classic picture book. But it's not for kids, it's for hardworking adults. It highlights twenty-six of Seth Godin's principles about treating your work as a form of art, with illustrations by acclaimed cartoonist Hugh MacLeod. A sample: A is for Anxiety, which is experiencing failure in advance. Tell yourself enough vivid stories about the worst possible outcome and you'll soon come to believe them. Worry is not preparation, and anxiety doesn't make you better. F is for Feedback, which can be either a crutch or a weapon. Use it to make your work smaller, safer, and more likely to please everyone (and fail in the long run). Or use it as a lever to further push you to embrace what you fear and what you're capable of. This is unlike any previous Godin book and makes a great gift, both for loyal fans and those who've never read him before. Seth Godin is the author of thirteen international bestsellers that have changed the way people think about marketing, the ways ideas spread, leadership and change including Permission Marketing, Purple Cow, All Marketers are Liars, The Dip and Tribes. He is the CEO of Squidoo.com and a very popular lecturer. His blog, www.sethgodin.typepad.com, is the most influential business blog in the world, and consistently one of the 100 most popular blogs on any subject.

Poke The Box

When Was the Last Time You Did Something for the First Time? *Penguin*

"A one-two punch! Half kick in the ass, half cheerleading encouragement." —Steven Pressfield, author of *The War of Art* If you are happy being just a dreamer, perhaps you don't need this book. If you're enjoying the status quo, don't even consider reading this book. If you are content waiting for success to find you, please put this book down and go find something else to read. Why has *Poke the Box* become a cult classic? Because it's a book that dares readers to do something they're afraid of. It could be what you need, too. "Is Seth Godin the Pied Piper for however many of us have been afraid to fail? Will I answer his call? Will you?" —Peter Shermeta, reviewing the original edition of *Poke the Box*

The Icarus Deception

How High Will You Fly? *Penguin UK*

In *The Icarus Deception*, Seth Godin's most inspiring book, he challenges readers to find the courage to treat their work as a form of art. Everyone knows that Icarus's father made him wings and told him not to fly too close to the sun; he ignored the warning and plunged to his doom. The lesson: Play it safe. Listen to the experts. It was the perfect propaganda for the industrial economy. What boss wouldn't want employees to believe that obedience and conformity are the keys to success? But we

tend to forget that Icarus was also warned not to fly too low, because seawater would ruin the lift in his wings. Flying too low is even more dangerous than flying too high, because it feels deceptively safe. The safety zone has moved. Conformity no longer leads to comfort. But the good news is that creativity is scarce and more valuable than ever. So is choosing to do something unpredictable and brave: Make art. Being an artist isn't a genetic disposition or a specific talent. It's an attitude we can all adopt. It's a hunger to seize new ground, make connections, and work without a map. If you do those things you're an artist, no matter what it says on your business card. Godin shows us how it's possible and convinces us why it's essential. 'If Seth Godin didn't exist, we'd need to invent him' Fast Company 'Seth Godin is a demigod on the web, a bestselling author, highly sought-after lecturer, successful entrepreneur, respected pundit and high-profile blogger' Forbes Seth Godin is the author of thirteen international bestsellers that have changed the way people think about marketing, the ways ideas spread, leadership and change including Permission Marketing, Purple Cow, All Marketers are Liars, The Dip and Tribes. He is the CEO of Squidoo.com and a very popular lecturer. His blog, www.sethgodin.typepad.com, is the most influential business blog in the world, and consistently one of the 100 most popular blogs on any subject..

The Practice

Shipping Creative Work *Penguin*

From the bestselling author of *Linchpin*, *Tribes*, and *The Dip* comes an elegant little book that will inspire artists, writers, and entrepreneurs to stretch and commit to putting their best work out into the world. Creative work doesn't come with a guarantee. But there is a pattern to who succeeds and who doesn't. And engaging in the consistent practice of its pursuit is the best way forward. Based on the breakthrough Akimbo workshop pioneered by legendary author Seth Godin, *The Practice* will help you get unstuck and find the courage to make and share creative work. Godin insists that writer's block is a myth, that consistency is far more important than authenticity, and that experiencing the imposter syndrome is a sign that you're a well-adjusted human. Most of all, he shows you what it takes to turn your passion from a private distraction to a productive contribution, the one you've been seeking to share all along. With this book as your guide, you'll learn to dance with your fear. To take the risks worth taking. And to embrace the empathy required to make work that contributes with authenticity and joy.

Linchpin

Are You Indispensable? : how to Drive Your Career and Create a Remarkable Future

Why are some people easily outsourced, downsized, or freelanced into obscurity, while others have their pick of opportunities? In his most powerful book yet, Seth Godin argues that it's more essential than ever to become indispensable - to become a linchpin. They love their work and pour their best selves into it and turn each day into a kind of art - and, in today's world, they get the best jobs and the most freedom. Godin shows that the key to being indispensable is overcoming the fears that hold most of us back. If you have you ever found a shortcut that others missed, seen a new way to resolve a conflict, or made a connection with someone others couldn't reach, then you have what it takes to become indispensable. It's time to stop complying with the system and draw your own map.

The Nordstrom Way to Customer Experience Excellence

Creating a Values-Driven Service Culture *John Wiley & Sons*

"Top Ten Business Books For 2017" - Forbes The fully revised and updated edition of the classic book about Nordstrom's extraordinary customer service In this new edition of the management classic, the authors explore in-depth the core values of the culture that have made Nordstrom synonymous with legendary customer service. These essential values have enabled Nordstrom to survive and adapt to dramatic market shifts regularly since 1901, and the new edition explains how the Nordstrom approach can be emulated by any organization—in any industry—in every corner of the world. This is not a book about selling shoes or clothes or cosmetics or jewelry. It is a book about how underlying values such as respect, trust, compensation and, even fun, are the building blocks of a culture where employees are empowered to consistently deliver a world-class experience to customers. Nordstrom believes that the employee experience determines the customer experience, and that when you attract and reward people who are comfortable in a service-oriented culture, then everyone succeeds—both individually and collectively. No wonder Nordstrom is one of only five companies to make Fortune's "Best Companies to Work For" and "Most Admired" lists every year

since those surveys have been taken. With new interviews from senior Nordstrom executives and family members, the book explains how to successfully respond to today's tech-savvy, time-crunched customers who demand a convenient, seamless, painless, personal experience across all channels. Nordstrom gives its frontline people all the digital tools necessary to satisfy the customer—and your organization must do the same, if it wants to adapt. The authors show what it takes to earn brand loyalty, lead through change and uncertainty, and combine extraordinary brick-and-mortar with online experiences. 'The single most important reason we try to provide great service is this: It enables us to sell more,' says co-president Blake Nordstrom, great-grandson of the founder. 'The best way for our company to achieve results is to do what's best for the customer.' In this book, readers will find: Suggestions for becoming the Nordstrom of your industry The ten values that define a customer-driven culture Lessons for providing superior service and experience across all channels

It's as if Sun Tzu got a 21st-century do-over. Author and illustrator of *How to Be Interesting*, Jessica Hagy is a cutting-edge thinker whose language—comprising circles, arrows, and lines and the well-chosen word or two—makes her an ideal philosopher for our ever-more-visual culture. Her charts and diagrams are deceptively simple, often funny, and always thought-provoking. She knows how to communicate not only ideas but the complex process of thinking itself, complete with its twists and surprises. For *The Art of War Visualized*, she presents her vision in evocative ink-brush art and bold typography. The result is page after page in which each passage of the complete canonical text (in its best-known Lionel Giles translation) is visually interpreted in a singular diagram, chart, or other illustration—transforming, reenergizing, and making the classic dazzlingly accessible for a new generation of readers.

Survival Is Not Enough

Zooming Evolution and the Future of Your Company

Everything in our world, from marketing to technology to distribution to the capital markets, is moving at a faster pace than ever. Yet most companies view change as a threat, and survival as the goal. This book transforms all that. It contains a simple yet revolutionary idea: we can evolve our companies the same way nature evolves a species. Evolution is a fundamental force of nature, and Seth Godin demonstrates how it can be put to work in any organisation. The first step is to eliminate the anti-change reflex that's genetically coded into all of us. Once a company learns to 'zoom' (to change without panicking), it is much more likely to evolve. And a company that evolves can become ever more profitable. For the last five years, bestselling author Seth Godin has repeatedly demonstrated the power of his books by living their advice. He used the tactics in *PERMISSION MARKETING* to drive the book up the bestseller list. He followed the advice of *UNLEASHING THE IDEA VIRUS* to turn his treatise into a living example of an ideavirus. Now, as a committed zoomer, he shows his legions of fans how to turn their company into one that can zoom from one change to another. It's a formula for success whether the market is up or down, whether technology is hot or not, in all industries, from retail to tech to services.

Win Forever

Live, Work, and Play Like a Champion *Penguin*

"I know that I'll be evaluated in Seattle with wins and losses, as that is the nature of my profession for the last thirty-five years. But our record will not be what motivates me. Years ago I was asked, 'Pete, which is better: winning or competing?' My response was instantaneous: 'Competing. . . because it lasts longer.'" Pete Carroll is one of the most successful coaches in football today. As the head coach at USC, he brought the Trojans back to national prominence, amassing a 97-19 record over nine seasons. Now he shares the championship-winning philosophy that led USC to seven straight Pac-10 titles. This same mind-set and culture will shape his program as he returns to the NFL to coach the Seattle Seahawks. Carroll developed his unique coaching style by trial and error over his career. He learned that you get better results by teaching instead of screaming, and by helping players grow as people, not just on the field. He learned that an upbeat, energetic atmosphere in the locker room can coexist with an unstoppable competitive drive. He learned why you should stop worrying about your opponents, why you should always act as if the whole world is watching, and many other contrarian insights. Carroll shows us how the Win Forever philosophy really works, both in NCAA Division I competition and in the NFL. He reveals how his recruiting strategies, training routines, and game-day rituals preserve a team's culture year after year, during championship seasons and disappointing seasons alike. He has helped troubled kids on the streets of Los Angeles through his foundation A Better LA. His words are true in any situation: "If you want to win forever, always compete."

The Long Tail**Why the Future of Business Is Selling Less of More** *Hachette Books*

What happens when the bottlenecks that stand between supply and demand in our culture go away and everything becomes available to everyone? "The Long Tail" is a powerful new force in our economy: the rise of the niche. As the cost of reaching consumers drops dramatically, our markets are shifting from a one-size-fits-all model of mass appeal to one of unlimited variety for unique tastes. From supermarket shelves to advertising agencies, the ability to offer vast choice is changing everything, and causing us to rethink where our markets lie and how to get to them. Unlimited selection is revealing truths about what consumers want and how they want to get it, from DVDs at Netflix to songs on iTunes to advertising on Google. However, this is not just a virtue of online marketplaces; it is an example of an entirely new economic model for business, one that is just beginning to show its power. After a century of obsessing over the few products at the head of the demand curve, the new economics of distribution allow us to turn our focus to the many more products in the tail, which collectively can create a new market as big as the one we already know. The Long Tail is really about the economics of abundance. New efficiencies in distribution, manufacturing, and marketing are essentially resetting the definition of what's commercially viable across the board. If the 20th century was about hits, the 21st will be equally about niches.

Meatball Sundae

How new marketing is transforming the business world (and how to thrive in it) *Hachette UK*

What is a meatball sundae? It's something messy, disgusting and ineffective, the result of combining two perfectly good things that don't go together. Meatballs are the basic staples, the things people need, the stuff that used to be marketed quite well with TV and other mass market techniques. The topping is new marketing: MySpace, websites, YouTube, and all of the magic that CEOs wish would shine atop their companies. The problem? New marketing is lousy at selling meatballs. When confronted with the myriad opportunities presented by new marketing, people usually ask 'How can we make this stuff work for us?' This, as Seth Godin explains in his remarkable new book, is exactly the wrong question. Mapping out 14 trends that are completely remaking what it means to be a marketer - and by extension transforming what we make and how we make it - Godin shows how the question for any thriving 21st century business must be: 'How can we alter our business to become an organization that thrives on new marketing?' Meatball Sundae is an essential guide to the fundamental shift taking place in the marketing and business world, and shows you how to align your business to it.

Purple Cow

Transform Your Business by Being Remarkable *Penguin UK*

You're either a Purple Cow or you're not. You're either remarkable or invisible. Make your choice. What do Apple, Starbucks, Dyson and Pret a Manger have in common? How do they achieve spectacular growth, leaving behind former tried-and-true brands to gasp their last? The old checklist of P's used by marketers - Pricing, Promotion, Publicity - aren't working anymore. The golden age of advertising is over. It's time to add a new P - the Purple Cow. Purple Cow describes something phenomenal, something counterintuitive and exciting and flat-out unbelievable. In his new bestseller, Seth Godin urges you to put a Purple Cow into everything you build, and everything you do, to create something truly noticeable. It's a manifesto for anyone who wants to help create products and services that are worth marketing in the first place.

Seth Godin has taught and inspired millions of entrepreneurs, marketers, leaders, and fans from all walks of life, via his blog, online courses, lectures, and bestselling books. Seth employs his signature blend of insight, observation, and memorable examples to teach you:

- * How to build trust and permission with your target market.
- * The art of positioning--deciding not only who it's for, but who it's not for.
- * Why the best way to achieve your goals is to help others become who they want to be.
- * Why the old approaches to advertising and branding no longer work.
- * The surprising role of tension in any decision to buy (or not).
- * How marketing is at its core about the stories we tell ourselves about our social status.
