The first step is to agree on a company-wide definition, and then agree on the metrics to enforce that quality. The key here is to focus on creating metrics. Having metrics and a baseline to measure

against gives you the confidence to factually say you have a quality product, based on your company’s definition.

How to Measure the Quality of Your Product

Abstract. The modern quality field in medicine is about one-third of a century old. The purpose of this paper is to summarize what we know about quality of care and indicate what we can do to improve quality of care in the next century. We assert that quality can be measured, that quality of care varies enormously, that improving quality of care is difficult, that financial incentives directed at the health system level have little effect on quality, and that we lack a publicly available ...
