The Environmental Science Semester (ESS) is a 10-week program
for sophomore and junior Environmental Science and Marine
Science majors at Saint Joseph's College. The entire program,
from date of launch through the last final exam and project, is off-
campus. Over the course of the program, students travelled
across two countries, two states, and six Maine islands as they
gathered and interpreted data from unique field sites.

We were surprised that the average student in the study, after
taking a semester of a research course exploring the effects of
factory waste, was less likely to agree that factory waste is
relevant to science (Figure 2, question CARS28). On the pre-
survey, only 2% of students responded in agreement with this
statement, whereas on the post ...
