Kurt Lewin Groups Experiential Learning

Kurt Lewin had looked to the nature of group task in an attempt to understand the uniformity of some groups' behaviour. He remained unconvinced of the explanatory power of individual motivational concepts such as those provided by psychoanalytical theory or frustration-aggression theory (op. cit.). He was able to argue that people may come to a group with very different dispositions, but if they share a common objective, they are likely to act together to achieve it.

Kurt Lewin: groups, experiential learning and action ...

Kurt Lewins (1890-1947) work had a profound impact on social psychology and, more particularly for our purposes here, on our appreciation of experiential learning, group dynamics and action research.
