...

The Objective Structured Clinical Examination (OSCE), originally developed in the 1970's, has been hailed as the "gold standard" of clinical assessments for medical students [1] and is used within medical schools throughout the world [2]. In terms of Miller's triangle [3] describing a framework for clinical

assessment, OSCEs aim to examine skills and ability at the "shows how" level, with an expectation that this might reflect performance in day to day real life clinical situations.

Objective Structured Clinical Examinations (OSCEs ...

The objective structured clinical examination (OSCE) was modified to serve as a means of self-assessment and learning, rather than as an examination. The main modifications were to adapt it for use by small groups instead of individuals, and to provide a correct answer or other feedback at each station. The resulting group OSCE (GOSCE) was used as an introductory session in two residential refresher courses for general practitioners.
