Participants will use their investigative skills in the scientific study of disease, injury, health, and disability in populations or groups of people. The event has been reorganized into three parts with each part counting approximately equally towards a team's final score. Part I: Background & Surveillance. Part II: Outbreak Investigation

Disease Detectives | NC Science Olympiad

Introduction. Disease Detectives is an analytical life science event that delves into the field of epidemiology - the study of the distribution and determinants of health and disease conditions in a population and ways to control them. Studying for this event will take you through the ins and outs of investigating a disease outbreak, delving into topics such as public health surveillance, different epidemiological studies, and disease transmission.

Disease Detectives - Golden Gate Science Olympiad Invitational

This Disease Detectives event is based on investigations conducted by Centers for Disease Control and Prevention.

Investigation details have been modified for the educational purposes of this event.

Science Olympiad Disease Detectives

Disease Detectives is a Division B/C event that focuses on epidemiology, that is, the study of diseases and how they spread. The 2016 focus topic is Population Growth.

Mr. Kelesli`s Website - DISEASE DETECTIVES

For this challenge i recommend that you study your definitions. In the 2020 science Olympiad Disease Detectives challenge. There was a lot of definitions asking what they meant . i highly recommend to study your definitions.

there was very few diseases on the test. Also recommend to learn or remember how to take percentages. GOOD LUCK !!!
