Different Seasons

Four Novellas *Simon and Schuster*

Four novellas from Stephen King bound together by the changing of seasons, each taking on the theme of a journey with strikingly different tones and characters. This gripping collection begins with "Rita Hayworth and the Shawshank Redemption," in which an unjustly imprisoned convict seeks a strange and startling revenge--the basis for the Best Picture Academy Award-nominee The Shawshank Redemption. Next is "Apt Pupil," the inspiration for the film of the same name about top high school student Todd Bowden and his obsession with the dark and deadly past of an older man in town. In "The Body," four rambunctious young boys plunge through the facade of a small town and come face-to-face with life, death, and intimations of their own mortality. This novella became the movie Stand By Me. Finally, a disgraced woman is determined to triumph over death in "The Breathing Method."--Provided by publisher.

The Body *Longman*

In 1960s America, four young boys go on a journey to search for the body of a boy killed by a train. As they travel, they discover how cruel the world can be, but also how wondrous.

Songbirds

A Novel *Ballantine Books*

"From the prize-winning author of The Beekeeper of Aleppo, a stunning novel about the disappearance of a Sri Lankan nanny and how the most vulnerable people find their voices. "It began with a crunch of leaves and earth. So early, so cold, the branches shone with ice. I'd returned to collect the songbirds. They are worth more than their weight in gold." Yiannis is a poacher, trapping the tiny protected songbirds that stop in Cyprus as they migrate each year from Africa to Europe and selling them on the black market. He dreams of finding a new way of life, and of marrying Nisha, who works on the island as a nanny and maid--having left her native Sri Lanka to try to earn enough to support her daughter, left behind and raised by relatives. But Nisha has vanished; one evening, she steps out on a mysterious errand and doesn't return. The police write off her disappearance as just another runaway domestic worker, so her employer, Petra, undertakes the investigation. Petra's unravelling of Nisha's last days in Cyprus lead her to Nisha's friends--other maids in the neighborhood--and to the darker side of a migrant's life, where impossible choices leave them vulnerable, captive, and worse. Based on the real-life disappearance of domestic workers in Cyprus, Christy Lefteri has crafted a poignant, deeply empathetic

narrative of the human stories behind the headlines. With infinite tenderness and skill, Songbirds offers a triumphant story of the fight for truth and justice, and of women reclaiming their lost voices"--

If It Bleeds *Simon and Schuster*

"The four never-before-published novellas in this collection represent horror master King at his finest, using the weird and uncanny to riff on mortality, the price of creativity, and the unpredictable consequences of material attachments. A teenager discovers that a dead friend's cell phone, which was buried with the body, still communicates from beyond the grave ... A series of apocalyptic incidents [bears] out one character's claim that 'when a man or a woman dies, a whole world falls to ruin.' 'Rat' sees a frustrated writer strike a Faustian bargain to complete his novel, and in the title story, private investigator Holly Gibney ... faces off against a ghoulish television newscaster who vampirically feeds off the anguish he provokes in his audience by covering horrific tragedies"--Publishers Weekly (03/09/2020)

But the Sun Dog, a beast that shouldn't exist at all, turns out to be a very dangerous investment.

It *Simon and Schuster*

It: Chapter Two—now a major motion picture! Stephen King's terrifying, classic #1 New York Times bestseller, “a landmark in American literature” (Chicago Sun-Times)—about seven adults who return to their hometown to confront a nightmare they had first stumbled on as teenagers..an evil without a name: It. Welcome to Derry, Maine. It's a small city, a place as hauntingly familiar as your own hometown. Only in Derry the haunting is real. They were seven teenagers when they first stumbled upon the horror. Now they are grown-up men and women who have gone out into the big world to gain success and happiness. But the promise they made twenty-eight years ago calls them reunite in the same place where, as teenagers, they battled an evil creature that preyed on the city's children. Now, children are being murdered again and their repressed memories of that terrifying summer return as they prepare to once again battle the monster lurking in Derry's sewers. Readers of Stephen King know that Derry, Maine, is a place with a deep, dark hold on the author. It reappears in many of his books, including Bag of Bones, Hearts in Atlantis, and 11/22/63. But it all starts with It. “Stephen King's most mature work” (St. Petersburg Times), “It will overwhelm you...to be read in a well-lit room only” (Los Angeles Times).

Elevation *Scribner*

From legendary master storyteller Stephen King, a riveting story about “an ordinary man in an extraordinary condition rising above hatred” (The Washington Post) and bringing the fictional town of Castle Rock, Maine together—a “joyful, uplifting” (Entertainment Weekly) tale about finding common ground despite deep-rooted differences, “the sign of a master elevating his own legendary game yet again” (USA TODAY). Although Scott Carey doesn't look any different, he's been steadily losing weight. There are a couple of other odd things, too. He weighs the same in his clothes and out of them, no matter how heavy they are. Scott doesn't want to be poked and prodded. He mostly just wants someone else to know, and he trusts Doctor Bob Ellis. In the small town of Castle Rock, the setting of many of King's most iconic stories, Scott is engaged in a low grade—but escalating—battle with the lesbians next door whose dog regularly drops his business on Scott's lawn. One of the women is friendly; the other, cold as ice. Both are trying to launch a new restaurant, but the people of Castle Rock want no part of a gay married couple, and the place is in trouble. When Scott finally understands the prejudices they face—including his own—he tries to help. Unlikely alliances, the annual foot race, and the mystery of Scott's affliction bring out the best in people who have indulged the worst in themselves and others. “Written in masterly Stephen King's signature translucent...this uncharacteristically glimmering fairy tale calls unabashedly for us to rise above our differences” (Booklist, starred review). Elevation

is an antidote to our divisive culture, an “elegant whisper of a story” (Kirkus Reviews, starred review), “perfect for any fan of small towns, magic, and the joys and challenges of doing the right thing” (Publishers Weekly, starred review).

The Dark Half

A Novel *Simon and Schuster*

Master storyteller Stephen King presents the classic “wondrously frightening” (Publishers Weekly) #1 New York Times bestseller about a writer's horrific and haunting pseudonym. “I'm back...I'm back from the dead and you don't seem glad to see me at all, you ungrateful son of a bitch.” After thirteen years of international bestseller stardom with his works of violent crime fiction, author George Stark is officially declared dead—revealed by a national magazine to have been killed at the hands of the man who created him: the once well-regarded but now obscure writer Thad Beaumont. Thad's even gone so far as to stage a mock burial of his wildly successful pseudonym, complete with tombstone and the epitaph “Not a Very Nice Guy.” Although on the surface, it seems that Thad can finally concentrate on his own novels, there's a certain unease at the prospect of leaving George Stark behind. But that's nothing compared to the horror about to descend upon Thad's new life. There are the vicious, out-of-control nightmares, for starters. And how is he able to explain the fact that everyone connected to George Stark's untimely demise is now meeting a brutal end of their own in a pattern of homicidal savagery...and why each blood-soaked crime scene has Thad's fingerprints all over it? Thad Beaumont may have once believed that George Stark was running out of things to say, but he's going to find out just how wrong he is...

Lord of the Flies

(Penguin Classics Deluxe Edition) *Penguin*

William Golding’s unforgettable classic of boyhood adventure and the savagery of humanity comes to Penguin Classics in a stunning Graphic Deluxe Edition with a new foreword by Lois Lowry As provocative today as when it was first published in 1954, Lord of the Flies continues to ignite passionate debate with its startling, brutal portrait of human nature. William Golding’s compelling story about a group of very ordinary boys marooned on a coral island has been labeled a parable, an allegory, a myth, a morality tale, a parody, a political treatise, and even a vision of the apocalypse. But above all, it has earned its place as one of the indisputable classics of the twentieth century for readers of any age. This Penguin Classics Graphic Deluxe Edition features an array of special features to supplement the novel, including a foreword by Lois Lowry, an introduction by Stephen King, an essay by E. M. Forster, an essay on teaching and reading the novel and suggestions for further exploration by scholar Jennifer Buehler, and an extended note by E. L. Epstein, the publisher of the first American paperback edition of Lord of the Flies. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Desperation *Simon and Schuster*

“The terror is relentless” (Publishers Weekly) in Stephen King’s #1 national bestseller about a little mining town, Desperation, that many will enter on their way to somewhere else. But getting out is not easy as it would seem... Located off a desolate stretch of Interstate 50, Desperation, Nevada, has few connections with the rest of the world. It is a place, though, where the seams between worlds are thin. And it is a place where several travelers are abducted by Collie Entragian, the maniacal police officer of Desperation. Entragian uses various ploys for the abductions, from an arrest for drug possession to “rescuing” a family from a nonexistent gunman. There’s something very wrong here, all right, and Entragian is only the surface of it. The secrets embedded in Desperation’s landscape, and the evil that infects the town like some viral hot zone, are both awesome and terrifying. But as one of the travelers, young David Carver, seems to know—though it scares him nearly to death to realize it—so are the forces summoned to combat them. “Stephen King’s knack for turning the stray junk of pop culture into sick, darkly engrossing thrills has rarely been this much in evidence as in Desperation” (Salon).

Different Seasons

Four Novellas *Simon and Schuster*

A “hypnotic” (The New York Times Book Review) collection of four novellas from Stephen King bound together by the changing of seasons, each taking on the theme of a journey with strikingly different tones and characters. “The wondrous readability of his work, as well as the instant sense of communication with his characters, are what make Stephen King the consummate storyteller that he is,” hailed the Houston Chronicle about Different Seasons. This gripping collection begins with “Rita Hayworth and the Shawshank Redemption,” in which an unjustly imprisoned convict seeks a strange and startling revenge—the basis for the Best Picture Academy Award-nominee The Shawshank Redemption. Next is “Apt Pupil,” the inspiration for the film of the same name about top high school student Todd Bowden and his obsession with the dark and deadly past of an older man in town. In “The Body,” four rambunctious young boys plunge through the façade of a small town and come face-to-face with life, death, and intimations of their own mortality. This novella became the movie Stand By Me. Finally, a disgraced woman is determined to triumph over death in “The Breathing Method.”

Divided Nation

Australians have never been richer, or more complacent. Yet despite the good times fault lines are emerging. The growing wealth of the past decade

has not reached everyone. Pockets of entrenched disadvantage remain, even in the richest neighbourhoods. Race, religion, education, health and ethnicity mark the new divides. David Burchell throws the spot light on the underlying causes of the riots that shocked Sydney. He reveals a pattern of marginalisation shaped by history, flawed policy and personal incapacity and finds hope in the remarkable resilience of people under enormous pressure. A challenge echoed in the reports from around the country. This issue provides an intimate portrait of the usually invisible fractures of boom time Australia, with outstanding essays, reportage, memoir, poetry and fiction. Other writers include: Peter Meredith, Lucy Lehmann, Jago Dodson, Neil Sipe, Meera Atkinson, Charlie Stansfield, Julianne van Loon, Phil Brown, Dominique Wilson, David Peetz, Tracy Crisp, Natasha Cica, Dorothy Johnston, Shane Strange, Geoffrey Brahm Levey, Robert Hillman, Joanna Kujawa, Lee Kofman, Randa Abfel-Fattah, Anna Haebich, Anita Heiss and Kim Mahood. Photo essay, 'Vietnam Veterans' by David Nielsen, with poetry by Anna Krien.
