A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher’s carefully constructed world falls apart when he finds his neighbour’s dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents’ marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher’s mind. And herein lies the key to the brilliance of Mark Haddon’s choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

Seminar paper from the year 2016 in the subject English - Literature, Works, grade: 1, University of Salzburg (Anglistik und Amerikanistik), course: Understanding Fiction, language: English, abstract: This paper sets out to illustrate that Mark Haddon gives an example of the significance of honesty and portrays how not telling the truth can severely damage a relationship, nevertheless, he also hints that sometimes the truth can only be discovered by not being entirely honest. Christopher John Francis Boone is the narrator in Mark Haddon’s novel "The Curious Incident of the Dog in the Night-Time". Christopher, who has Asperger’s Syndrome, a mild form of autism, is convinced that he never lies. And just like he always means to be honest, Christopher expects other people to be honest with him. Honesty is the basis for him to be able to trust others and to build a relationship. Although the condition Christopher is suffering from is not explicitly mentioned in the novel, the reader grasps that honesty is an important factor in his life, whether it be despite or because of him having Asperger’s. Moreover, the reader sees the series of events through Christopher’s eyes, since he is a first-person narrator, making the reader inclined to trust his statements to always be truthful.

A Spot of Bother *Anchor Canada*
George Hall is an unobtrusive man. A little distant, perhaps, a little cautious, not quite at ease with the emotional demands of fatherhood or of manly bonhomie. "The secret of contentment, George felt, lay in ignoring many things completely." Some things in life can't be ignored, however: his tempestuous daughter Katie's deeply inappropriate boyfriend Ray, for instance, or the sudden appearance of a red circular rash on his hip. At 57, George is settling down to a comfortable retirement, building a shed in his garden and enjoying the freedom to be alone when he wants. But then he runs into a spot of bother. That red circular rash on his hip: George convinces himself it's skin cancer. And the deeply inappropriate Ray? Katie announces he will become her second husband. The planning for these frowned-upon nuptials proves a great inconvenience to George's wife, Jean, who is carrying on a late-life affair with her husband's ex-colleague. The Halls do not approve of Ray, for vague reasons summed up by their son Jamie's observation that Ray has "strangler's hands." Jamie himself has his own problems — his tidy and pleasant life comes apart when he fails to invite his lover, Tony, to Katie's wedding. And Katie, a woman whose ferocious

temper once led to the maiming of a carjacker, can't decide if she loves Ray, or loves the wonderful way he has with her son Jacob. Unnoticed in the uproar, George quietly begins to go mad. The way these damaged people fall apart — and come together — as a family is the true subject of Haddon's hilarious and disturbing portrait of a dignified man trying to go insane politely. A Spot of Bother is Mark Haddon's unforgettable follow-up to the internationally beloved bestseller The Curious Incident of the Dog in the Night-time. Once again, Haddon proves a master of a story at once hilarious, poignant, dark, and profoundly human. Here the madness — literally — of family life proves rich comic fodder for Haddon's crackling prose and bittersweet insights into misdirected love.

The Amityville Horror *Gallery Books*
“A fascinating and frightening book” (Los Angeles Times)—the bestselling true story about a house possessed by evil spirits, haunted by psychic phenomena almost too terrible to describe. In December 1975, the Lutz family moved into their new home on suburban Long Island. George and Kathleen Lutz knew that, one year earlier, Ronald DeFeo had murdered his parents, brothers, and sisters in the house, but the property—complete with boathouse and swimming pool—and the price had been too good to pass up. Twenty-eight days later, the entire Lutz family fled in terror. This is the spellbinding, shocking true story that gripped the nation about an American dream that turned into a nightmare beyond imagining—“this book will scare the hell out of you” (Kansas City Star).
